## SPORT NEWS OF THE DAY HOME AND ABROAD

## BASEBALL

**Larkin Praises Red Sox.**

"The Boston Red Sox are champions of the American League again, and, I fondly hope, once more will be proclaimed champions of the world," says President Larkin. "They are a great team and well worthy of the title. They have shown their courage as well as their strength, and I think the whole baseball world will join with me in giving Manager Carrigan and his men their just deserts."

"They have won on their native pick in great measure, and the last long trip, where every manager in the league went the limit in trying to head them off, shows the metal of which they are made. In spite of accidents and injuries and in the face of discouragements which would have broken the spirit of a less stout-hearted outfit, they have come through, as I felt sure they would. And no one in Boston is prouder of them than I am."

"I want to congratulate every man on my team, regular and substitute alike, for each had a part in the attainment of the great victory. And above all, I wish to pay the greatest tribute to Manager Bill Carrigan, the brainiest, the most resourceful and the most courageous leader in baseball."

**National League.**

In Brooklyn—New York, 7; Brooklyn, 8. Batteries—Allen, Barnes and Blackburn; Demaree, Kantlehner, Oeschger, Alexander and Burns, Adams.

**National League Standing.**

Team	Won	Lost	P.C.
Brooklyn	88	60	.598
Philadelphia	91	61	.599
Boston	89	65	.578

**RING**

**News of the Boxers**

Leo Ryan calls his battle, Peter Hartley, a champion-breaker, an act of heroism, and says he was not a champion, but a man who was declared to be a champion by the public.

Digby Stanley, ex-champion bantam of England, although more than forty years old, can still go home. The other night in London he defeated Sid Whitley in three rounds.

Freddie Gilmore of Chicago finds that he must box in the middleweight class, he has grown so heavy.

Ted Lewis will box Eddie Moha in Columbus on Oct. 21.

Jack Dillon will not box Sam Langford. If he would, Tom O'Rourke would give them a \$25,000 purse to box in New York.

**THE TURF.**

**Straight Heats at Sydney.**

Sydney, N. S. Oct. 4.—Baron Britt, the New Glasgow horse, won the 225 trot in the Sydney trotting park today, while the three-minute class was won by Fleet Benita, owned by McKinnon, of Inverness. Both horses won in straight heats. The best time was 2:24 1/2 and 2:29 1/2 respectively.

**Lee Axworthy in 1:59 1/2.**

Lexington, Ky., Oct. 4.—One world's record and two seasons marks were broken at the third day of the Kentucky Horse Breeding Association meeting here today.

The world's record was broken when Lee Axworthy, 2:00, in an effort to break the track record of 2:02 for trotting stallions, made by Peter Volo last year, lowered his own world's record to 1:59 1/2.

Little Spler, the world's champion mare on a half-mile track, went to beat 2:05, and trotted the mile in 2:03 1/2, which is the season's mark for trotting mares, and Ruan Hal, in winning the Board of Commerce stake for 2:00 paces, went the second mile in 2:00 1/2, which is a season's mark for pacing geldings. All the races were decided by straight heats.

**GOLF.**

**Claims New Record.**

Chicago, Oct. 4.—What is claimed here to be the first time in golf history that

## WORLD SERIES DOPE FOR FANS

Both Red Sox and Dodgers Have Many Admirers

Should Be Good Series

Teams Compare Favorably in Different Departments—Dodgers Have Better Hitters, But Red Sox Are a Great Defensive Team

The world's series games, which are to commence in Boston on Saturday, are the general topic of conversation these days and there is considerable speculation as to the prospective winners. The Red Sox have many supporters in this city, and as a result considerable money is being placed on the series. Figures from New York quote the Red Sox favorites 10 to 7. This is undoubtedly due to the great reputation the Red Sox have earned as defensive players, in addition to pluck and general all-around ability. On the whole the teams compare favorably and the series promises to be one of the best in years.

In the catching department both teams seem to be well fortified. The Red Sox have Carrigan, Thomas, Cady and if necessary Agnew, while the Dodgers will in all probability use Chief Myers in the majority of the games or split with Miller. The Boston catchers are noted for their great defensive ability, but are not very good hitters, while on the other hand the Brooklyn catchers are able to clout the ball hard, but are much weaker in defense.

Carrigan will in all probability catch Baby Ruth and Dutch Leonard, Cady will catch Jacobson and Thomas will work with Foster or Mays. If the series develops into a slugfest much the hitting power of Myers and Miller will be a big factor.

In the pitching department Boston looks to have edge, although it is hard to figure ahead on pitching for some days stars are hit harder than second string men. The Dodgers have Pfeffer, Marquard, Coombs and Cheney, while the Red Sox have Babe Ruth, Dutch Leonard, Ernie Shore and George Foster. Carl Mays may also be called into the game in case the Dodgers get hitting the pitcher who is the "bean ball" artist and may scare some of the opposing batters if given a chance. However, if the Dodgers take Tinker's advice and play the same game Mays will likely feel the cold shivers running down his spine if Pfeffer winds up and unorks one at his dome. The three leading pitchers' records this year follow:

Player	Won	Lost	P.C.
Ruth	23	12	.657
Shore	15	9	.625
Marquard	14	6	.700
Coombs	12	7	.632

## FOR PRISONERS IN GERMANY

The wife of the lieutenant governor of each province of the dominion has been asked to make a special appeal to the women of her province in the interests of the "Prisoners of War Fund," in which the Duchess of Connaught has been interested.

Her Royal Highness must stand higher in the estimation of all Canadians because in this time of stress and strain she has refused to consider the acceptance of a personal gift, or the starting of a new fund in her honor. Her departure from our dominion and the interest she has taken in our affairs is to be recognized by a nation-wide appeal to Canadian womanhood to subscribe to the Prisoners of War Fund. This is a fund which must appeal to all loyal Canadians, and never more so than at the present time, when the Germans have added to their already long list of brutalities that of spreading tuberculosis among our allied soldiers who are prisoners of war.

So fondly have been the atrocities practiced by the Germans, that the government of France has decided to withhold from its people for the present, the full horror of them, but English newspapers are allowed to publish these official reports. The women of Quebec, Montreal and other centers have actively taken up this work, and the press has already announced very tangible results. Contributions from individuals and organizations throughout N. B. will be gladly received by:

MRS. JOSIAH WOOD, Government House, Sackville, N.B.

GUNNER "JACK" SEWELL, MARRIES IN LONDON, ENG.

On September 6 at Beaufort, Berkshire, England, Gunner John Campbell Sewell, C.F.A., was married to Beryl Edith, second daughter of Mrs. Edith St. Leger, London, W., and the late Lieut. Walter Wright, R.N.R., of Liverpool, England. The service was performed by Major W. H. Bayley, S.C.F. The groom was attended by his nephew Gunner Harold William Humphrey, Canadian Siege Artillery. The bride was given away by her aunt, Mrs. Seeger of London. The groom is a brother of the late Arthur Sewell of Moncton.

**RIVER GLADE WILL CARE FOR SOLDIERS**

That arrangements had been made at a recent conference with the local government for the installation of forty beds at the River Glade sanitarium for the treatment of soldiers who happened to be affected with tuberculosis was the announcement made yesterday afternoon by Colonel F. M. Thompson at the meeting addressed by him in the Soldiers' Club.

Lieut.-Colonel J. L. McAvity acted as chairman. Colonel Sharples, in opening, said that in organizing this big machinery the country was split into various units under one command. The first year of the war all attention was given to sending men overseas, now the returned man becomes a factor.

After a meeting of the national executive in Ottawa yesterday, the announcement was made that the Canadian Patriotic Fund will need \$12,500,000 for its work next year.

## Jacobson Will Go South With Cubs

Made a Good Impression While Playing Outfield in Chicago

Merwin Jacobson, hard hitting outfielder, who figured on the St. Croix Club in the N. B. and Maine League in 1915, is to be retained by the Chicago Cubs and will go south with them next spring. Jacobson is now enjoying a holiday in St. Stephen renewing old acquaintances made on the border when he played ball there.

The former St. Croix outfielder was with the Rochester Club in the International League this season and hit for .376 for Tommy Leach's team. When the Zimmerman deal was made between New York and Chicago, the famed Heinie going to the Giants while Larry Walsh, Jacobson and Thomas went to the Cubs by McGraw, the former N. B. and Maine League was recalled from Rochester. He played excellently well, the Cubs made a good impression.

## EVIDENTLY CRAZED BY DRINK, DOCTOR KILLS HIS FRIEND

Marshfield, Mass., Has Sensation in Killing of Wm. Cushing by Young Dentist

Marshfield, Oct. 5.—Crazed by the excessive use of liquor, Dr. Ralph W. Baker, thirty-two, a dentist, prominent in Boston as well as throughout the Marshfield, shot and almost instantly killed William Cushing, forty years old, well known and respected in this section.

Cushing died before medical aid arrived and Baker, apparently cool and unaware of the great wrong he had done, followed the murderous deed by putting the little child of his landlord on the head and saying "Don't be afraid, sonny, I won't hurt you."

Dr. Baker and Cushing had been the best of friends and it is the belief of the authorities that the young dentist, his mind clouded by liquor, imagined that his friend had done him some wrong. Three shots were fired.

Mr. Cushing was talking with Dr. Baker in the yard back of the cottage of Robert Hunt when the first shot was fired. A single barrel pump shotgun was used by Dr. Baker.

Cushing died before medical aid arrived and Baker, apparently cool and unaware of the great wrong he had done, followed the murderous deed by putting the little child of his landlord on the head and saying "Don't be afraid, sonny, I won't hurt you."

THE DAY OF RECKONING

(Canadian Finance)

Bethmann-Holweg himself acknowledged Germany's responsibility for injuries done Belgium when he said in the Reichstag: "The wrong we commit we will try to make good as soon as our military aims have been attained." But the Central Powers, having forced the war, must be compelled to make good to the utmost possible extent the damage caused to all the Allies. With this as his thesis, Edgar Crommond, in The Nineteenth Century and After, discusses the Reckoning that must be made.

The direct cost of the war to the Allied Powers during the period ending with March last is estimated at \$8,400,000,000. And, according to the precedent made by the Franco-Prussian war, the Central Powers should be called upon also to pay the cost of all pensions granted.

The suggestion is made that the German and Austrian governments be required to issue debt certificates to the Allied War Debt Commission for whatever balance was not otherwise satisfactorily arranged for immediately. Against these "an annual tribute, secured on the state railways of Germany and Austria and as a first charge upon their customs and excise, might be levied."

The proposal is further made that

each Allied power should undertake to impose a war debt import duty on all German and Austrian manufactures, and a war debt export duty on raw materials exported to the Germanic empires—both of these by way of surcharge upon any ordinary tariffs. Also it is proposed that supplementary war debt be imposed upon German and Austrian shipping entering allied ports. Where these suggestions differ radically from the usual after-the-war tariff predictions is in the added proposition that the various duties and shipping dues be paid over to the War Debt Commission, to be applied by that body in the payment of a dividend by way of interest on claims against the Central Powers.

One of Mr. Crommond's concluding paragraphs indicates how difficult it is for the British mind to contemplate a "sinking fund." "If after the lapse of a reasonable period," he says, "the allies are satisfied that the Germanic people are not likely again to disturb the peace of the world, they might consider the question of cancelling the war debt certificates and abolishing the duties. The policy outlined above would thus have the effect of making Germany's foreign trade a hostage for her good behavior in the future."

When making a jam roly poly, instead of boiling in a cloth or basin, insert in a two pound jam jar, covered with a saucer, and put in a pan of boiling water, half way up the jar. This turns out beautifully, and can be cut in slices like a jam roll.
