The Success of the London Girl
One of the most unexpected things
in relation to the employment of wo-
men on the land has been the success of
the London girl, says the Chronicle.
Farmers acknowledge that the tactics
all kinds of farm work with more en-
ergy and enthusiasm than the young
woman native to the soil, and is nearly
always more skillful. Girls who have
never been near a cow before in their
lives quickly become excellent milkers,
and the town-bred girl is altogether
astonishingly adaptable on a farm. This
may in part be due to the much-criti-
cized elementary education in council
schools, which has proved that it can
at least turn out girls possessing initi-
ative and resource. Probably it is also
due to the natural attraction which
farm life has for the London boy or girl.
