McKenna Calls For More Grain Exports Via Maritime Ports

Points Out in Montreal Speech That Canadian Goods, Instead of Going South, Should Be Routed East and West

MONTREAL, May 3.—An eloquent appeal for a sympathetic understanding of the rights of the Maritime Provinces was voiced by J. D. McKenna, of Saint John, N. B., at the annual meeting of the Montreal district, Canadian Manufacturers' Association, here today.

Mr. McKenna prefaced his address by the statement that a "million people from the Maritimes were now to be found in the New England states, an unfortunate situation which was also reflected in other parts of Canada at the present time."

Referring to the Canadian National Railways, Mr. McKenna declared that this road had not shipped as much through Maritime ports as was desired. He said three to five million bushels of wheat were shipped weekly through United States ports, such as Baltimore, Portland, and Newport News. Canadian goods, instead of going south should go east and west, he stated.

The speaker reminded his hearers that the people of the Maritime Provinces had been opposed to Confederation. But it had been urged on them that not only would it prove economically sound, but that it was desirable from an imperial point of view. Certain specific promises had been made by Sir John A. Macdonald and by Sir George Etienne Cartier.

BUSINESSES CLOSED
The Intercolonial Railway was to bring the people of the Maritime Provinces into intimate touch with the people of Quebec and Ontario. This had not been the case.

Competition in Upper Canada had closed many businesses in the Maritime Provinces, and notably at Amherst, N. S. These enterprises had been transferred to Montreal and other places. Yet it should be remembered, urged the speaker, that the people of the Maritimes buy 85 per cent of their goods in Ontario and Quebec.

With regard to talk of the secession of the Maritimes, Mr. McKenna declared that, personally, he was absolutely opposed to the idea. "But I want to point out to you," he said, "that there is that little flame in the Maritime Provinces, and if Canada does not become all she should be, you may have secession in the Maritime Provinces."

CHARGE DISMISSED IN SADOVSKY CASE

Evidence Brings Out Incidents of Visit in Search of Liquor

A charge against Vincent Sadosky of Main street, of obstructing a liquor inspector in the discharge of his duty was dismissed by the police magistrate yesterday afternoon. Considerable amusement was caused by a description given by Prohibition Inspector W. J. B. McGrath of a visit to the Sadosky home in Main street in disguise and the events transpiring after he effected an entrance.

Inspector McGrath said that on the night of April 17 he went to the Sadosky residence by car with Inspectors Brown, Case, Pike and Armstrong. He and Inspector Pike went into the entrance, leaving the others in the car. Witness knocked at the door and the defendant opened it keeping his foot against the door.

ANNOUNCES PRESENCE.
Witness said that he was an officer and the defendant grabbed him by the arm. Witness repeated that he was an officer and advised Sadosky to let go. Witness caught Sadosky by the chest and pushed him back. He entered the house and pulled away from the defendant.

Mrs. Sadosky then caught hold of him and he saw a young man running out into the kitchen. Witness said that he was an officer. Mrs. Sadosky then let go of him and left the room.

Cross-examined by E. J. Henneberry, for the defense, Inspector McGrath said that he had worn a pair of glasses and a hat belonging to Inspector Armstrong. He had stumbled in the hall when he knocked at the door. Asked his reasons for this procedure, witness produced a book and offered to read from it but the question was not pressed.

Witness went on that he showed no badge and did not say that he was an inspector, but had repeated several times that he was an officer.

BLOWS WHISTLE.
When he met with resistance he blew his whistle and the other inspectors came in. They searched the premises but found no liquor. Asked how he expected the defendant to know that he was an inspector, the witness replied that Sadosky had seen him in court.

This closed the case for the prosecution. Mr. Henneberry argued that there was no evidence to show that Sadosky knew the McGrath was an inspector. The magistrate would not dismiss the case on this ground and advised Mr. Henneberry to begin the defense.

Mr. Henneberry then raised the point that the officers had had no reason to visit a private dwelling.

MR. TAIT HEARD.
J. Starr Tait, for the prosecution, said that a conviction had been registered in the same court against Sadosky, and that the inspectors were therefore within their rights.

The magistrate ruled that as no evidence of the previous conviction had been given, he was unable therefore to take judicial cognizance of it. He finally dismissed the charge.

Moncton Death Rate Remains Stationary

MONTREAL, May 4.—The death rate of the city of Moncton in April, 1926, was the same as for the corresponding month last year. Of the 22 deaths recorded, six were from pneumonia. Marriages totalled 14 and births 43.

NORTH END C. W. L. WILL GIVE PRIZES

Awards For School Pupils Announced—Conveners of Committees Are Appointed

Organization for the activities of the ensuing year was completed at a meeting of the Saint John North End sub-division of the Catholic Women's League held last evening in the league rooms in Douglas Avenue with the newly elected president, Miss Minnie Durick, in the chair. It was decided to give four prizes of \$5 each for the boy and girl from St. Peter's making highest marks at the High School entrance examination and for the boy and girl from St. Peter's making highest marks on graduation from the St. Vincent's high school. Rev. James Cloran, C. S. R., addressed the meeting and outlined the plans for the coming season.

GIVE GOOD PROGRAM

King Edward Lodge, 'Prentice Boys, Entertain in West End

A very successful concert was held in Prentice Boys' Hall, West Saint John, last evening under the auspices of King Edward Lodge, No. 30, assisted by Carleton Cornet Band. There was a large audience and a satisfactory sum was realized for the fund for the heating plant of the hall. Gordon Smith was the chairman.

The program was as follows: Selection by the band; solo, Miss Muriel Purdy; solo, Miss Bertha Smith; selection by the band; solo, W. C. Parker; selection by the band; solo, Miss M. Ervine; reading, Miss Hannah Marshall; solo, William Lanyon; reading, Mrs. Charles Watters; solo, Prof. William Davis; God Save the King. The committee in charge was as follows: Burton Ring, Frank Ervine, Ernest Milton, Gordon Smith, William Smith and Clarence Hersey. After the concert a social dance was enjoyed. Gordon Ring and William Davis furnished the music for the dance. Next week King Edward Lodge intend holding a card party.

RIVER STILL RISING.

FREDERICTON, May 3.—The Saint John River is still rising, but slowly. A rising at Southampton was reported Sunday and should show here shortly.

UNIQUE BOOK LOST

LONDON, May 4.—An autograph book signed by some of the world's most famous people has disappeared under curious circumstances.

King Edward, the ex-Kaiser, the Prince of Wales, Czar and Padarevski had all written in this red leather-bound book, which was the property of A. M. Carlisle, shipbuilder, who died recently.

The executors of the estate are advertising for information that might lead to recovery of the volume which has not been seen since Mr. Carlisle's death.

BASEBALL PLAYER HURT.

BUFFALO, N. Y., May 4.—Al Mamau, Newark International League pitcher, is suffering from concussion of the brain and a possible fracture of the skull. He received the injury in Saturday's game with the Bisons when a seemingly harmless foul tip hit him on the head. His condition is not considered critical.

BRIDGEWATER Man Fatally Hurt In Mill

BRIDGEWATER, N. S., May 3.—Charles Naugler, 23, was mangled to death in a lathe mill here today when he became entangled in a pulley and was drawn into rapidly revolving machinery before the power could be shut off. He died almost instantly.

PROTEST WORK HRS.

30,000 to 40,000 Employees of Engineer Shops Idle in Sydney, N. S. W.

SYDNEY, N. S. W., May 4.—Between 30,000 and 40,000 employees of 200 engineering workshops are idle in New South Wales in a dispute concerning working hours.

The employers carried out their threat to dismiss all men absenting themselves Saturday in furtherance of their refusal to work more than 44 hours a week, despite a federal award, fixing the working week at 48 hours.

R. H. CARLIN AGAIN CHOSEN PRESIDENT

Officers Re-elected at Semi-Annual Meeting of Saint John 'Longshoremen

The semi-annual meeting of Local No. 273, I. L. A., was held last evening in the Seamen's Institute with President R. H. Carlin in the chair. All officers were re-elected, as follows: R. H. Carlin, president; James Mills, senior vice-president; John Conkey, junior vice-president; John McKinnon, business agent; Joseph Montiel, secretary; treasurer, John Kindred, marshal, Isaac Northrup, janitor; executive committee, Andrew Craig, C. H. Stevens, Roy Norrell, John Wells, Gordon Stevens, Fred Fowler, Allan Bassett, J. J. Donovan, William Arbo, William Carlin, James Sharp and William Kiering. Delegates to the Trade Council and the Waterfront Council were also re-elected.

After the president and other officers had made brief addresses and a few members addressed the meeting on matters pertaining to the association, the meeting adjourned. Reports submitted showed the association to be in a good condition.

FINISTERRE Rail Employes Strike

BREST, France, May 4.—The employees of the local railways of the Department of Finistere have gone on strike, curtailing tourist traffic in the most picturesque parts of Brittany.

FRENCH MINERS TO ASSIST STRIKERS

Plan to Defeat Any Attempts to Ship Coal in England While Strike on

PARIS, May 4.—Leaders of the French mine workers, the railroad men and the dock workers are planning to defeat any attempts which may be made to ship coal to England during the general strike. A joint meeting of the chiefs of the three unions has been called to decide on measures to be taken.

The miners' union already has issued orders forbidding its members to work more than 48 hours a week. This union, however, represents only about one-third of the French miners.

The steamer West Noska is due about Thursday from Norfolk to load general cargo and cattle for Liverpool.

TRUEMAN PROSSER DEAD

MONTCTON, May 4.—Trueman Prosser died at Hillsdale last night at 6:10 o'clock. He was 54 years old.

FOR Acid Stomach PHILLIPS' Milk of Magnesia

Instead of soda hereafter take a little "Phillips Milk of Magnesia" in water any time for indigestion or sour, acid, gassy stomach, and relief will come instantly.

BETTER THAN SODA
For fifty years genuine "Phillips Milk of Magnesia" has been prescribed by physicians because it overcomes three times as much acid in the stomach as a saturated solution of bicarbonate of soda, leaving the stomach sweet and free from all gases. Besides, it neutralizes acid fermentations in the bowels and gently urges this souring waste from the system without purging. It is far more pleasant to take than soda.

INSIST UPON "PHILLIPS"
Each bottle contains full directions in any language.

The TWIN CITIES "connect" with the world

YEAR by year more towns and cities are being linked together in the friendly net of communication spread over Canada by the telephone. The first of May, Fort William and Port Arthur were put on speaking terms with Winnipeg. Long Distance Telephone connection was established between the Twin Cities at the head of the Lakes and Winnipeg—and thus with the great systems that include the leading cities on the Continent. Heretofore the Twin Cities had a range of long distance communication limited to towns and villages within a few miles radius. This important event serves to mark the progress in Canada of the great invention, the telephone. From the very start Canadians were quick to see the advantage in business and social affairs of rapid communication, with the result that Canada makes more use of the telephone than all other nations, save one. Over one million telephones are in use in Canada; and over one million Northern Electric telephone instruments, and the equipment required to operate them, have been made in Canada by Canadian workmen. Thus the progress of the telephone contributes not only to the greater convenience and efficiency of Canada's people, but also to her industrial growth.

Information

The simple telephone on your desk is made of 201 parts—all accurately made and inspected—many of them tested to the thickness of a hair.

Northern Electric
COMPANY LIMITED

Equipment for transmitting Sound and Power

This is No. 16 of a series of advertisements issued in the interest of Canada's electrical development.

Here's to longer drives and surer putts this season

GOLF is just a phase of life. It takes endurance, confidence, judgment and steady nerves to succeed. These only come with Health. But to have Health you must play the game according to Nature's rules.

And because Eno is first assistant to Nature—because its regular use leads to inner cleanliness and health—it is the choice of those men and women who want to succeed in both work and play, and who, because they look to their health, DO succeed.

A "dash" of Eno in a glass of water first thing in the morning is delicious, invigorating, cleansing—Try it!

ENO'S "FRUIT SALT"
