SIR GEO. FOSTER VICE-PRESIDENT OF THE LEAGUE
(Associated Press Despatch.)
Geneva, Nov. 18.—It was announced by the League of Nations today that Sir George Foster, Canadian minister of trade and commerce, was elected a vice-president of the League of Nations on the first ballot. It was announced by President Hymans this afternoon.

It developed today that Hon. C. J. Doherty, Canadian minister of justice, and one of the most active of the delegates to the assembly, had become a victim of one of the high speed translations made during the assembly's proceedings. The translator made him say that Canada would abstain from voting on the message of sympathy offered in the assembly for transmission to President Wilson. Mr. Doherty, in even better French than the translator's at once corrected the mistake, but the correction got lost in the confusion of the first session and the incorrect version of the delegate's remarks became widespread.

Prisoners of War.
Dr. Fridtjof Nansen of Norway, took the floor to report to the assembly the work done in connection with the prisoners of war. He prefaced his remarks with an expression of full accord with and great admiration for the speech delivered yesterday by Lord Robert Cecil and he hoped the committee would take up their work in the spirit which animated Lord Robert's remarks.

CANADA'S FUTURE REPRESENTATION IN GREAT BRITAIN
Matter to Come Before Meeting of Premiers Next June.
Ottawa, Nov. 18.—The future character of the Canadian representation in London will be one of the questions taken up at the conference of premiers there next June. Sir George Perley, high commissioner, is going back to London to resume his duties but it is understood that his tenure will be limited as he is desirous of returning to Canada to attend to his private affairs.

powers somewhat similar to those proposed to be exercised by a minister at Washington has long been suggested. There might be this difference, namely, that the London minister would be a member of the Canadian cabinet and, if the proposed imperial cabinet works out, he would belong to that body too. His presence in London it has been suggested would facilitate communication between the two governments upon questions of common interest.

Sweet Nut Feature
Churned from Nuts and Milk

The particular housewife is today using SWEET NUT instead of high priced ***** not because it is cheaper, but because it is so much more reliable than cow's ***** and does not vary in quality as ***** so often does at this time of the year.

Sweet Nut is always the same, always good. Do not confuse SWEET NUT with the old fashioned animal fat oleomargarine. SWEET NUT is churned from the white inside of the cocoanut and fresh milk, and it contains no animal fats and no preservatives.

The law does not permit us to color it like ***** and it comes to you white, just like the inside of the cocoanut from which it is made, but a few drops of ***** worked into it will give it the appearance of June creamery *****.

Pound 42c. Prints.

Your Winter Overcoat

Besides the essentials of fit, good tailoring and quality, your Winter Overcoat should have "Style," or it is merely covering.

These essentials are combined in 20th Century Overcoats (sold exclusively here) and our other good ready-tailored makes. No matter how loose or snug you prefer them they hang fair and fit close to the collar.

Attired in one of these a man has that feeling of complacency and confidence that accompanies a good fitting, stylish garment.

Not the biggest stock, maybe, but certainly none more carefully selected.

Fashionable models in Ulsters, Chesterfields, Slip-ons, Belters, Form-Fitting, etc.

Unusual values in Ulsters at \$20, reduced from \$25. At \$35 to \$65 the leading models, now being sold at \$5 off all \$45 and under; \$10 off all over \$45.

Superior Values—comparison will prove it.
