This Week's Vaudeville Bill At

Without question this city never saw better vaudeville programme than the one at the Opera House this week. Every act on it is what is known as a content that you would see in the best heatres in the large cities like Boston and New York and would pay \$1 or more for your admission ticket.

The marvellous feats on the flying rings presented by Vim, Beauty and Health, a trio of two men and a young lady, have never been equalled on the local stage. This may seem like a strong statement but it is a fast easily verified.

"Bob," the boxing kangaroo, is quite the same acts of the best heave in himself and those who have added as defendants in the Fallon versus Janisses slander action by order of Mr. Justice Lennox, at the weekly high morning. The action, brought by Bishop Fallon, developed out of the recent trouble at Ford City, when objection was made to Father Laugenties, the same acts that you would see in the best heatres in the large cities like Boston and New York and would pay \$1 or more for your admission ticket.
