The Man In The Street

Even if the Kaiser cannot enjoy that dinner in Paris, the British troops will soon be able to assure him that his goose is cooked. If the goose does not suit his taste he will have a good opportunity to eat crow.

With fighting on land and sea, under the sea and in the air the dove of peace will take some long chances when it attempts to alight in Europe again.

If the German emperor has no respect for "Scraps of paper" what material will they use when a peace treaty is to be negotiated? Tattoo?

Man in the street says he is smoking Canadian plug these days instead of American tobacco, from patriotic motives. Possibly the fact that he saves five cents each slot may have something to do with it.

The German ambassador at Washington should be able to secure a vande-ville engagement after the war. He would be quite a curiosity to many people.

Add War Horrors.

A late despatch says that the Russians after the taking of Przemysl, are to advance on Szekeleschvar. It's no use all we can ever hope is to sneeze when trying such names.

News note says there is an exhibition in New Haven the earliest known skate made from the bone of a horse. Any bartender will tell you that skates are made of different materials in these progressive times.

If we were all so fortunate as the city in having our bills reduced, we'd probably pay more quickly.

If the Irishmen who were at Compiegne and thought they were at Copenhagen had instead been at Przemysl, there might have been more excuse for them.

The car on the Kane's corner line has been indulging in a fit of hilarity recently.

"Talking business not war" may be all right, but what's a man to do when he goes into a place to talk business and the first thing that is hurled at his innocent head is: "What is new in the war situation?"

Just because Wellington was known as the Iron Duke, the Kaiser need not think that he is a little Tin God on Wheels.

Good Luck to the allied forces, a safe trip to our Canadian boys on the ocean—and you can imagine our sentiments in regard to the German hordes!

BRIDES OF LAST SEPTEMBER DAY

Elliott-Watson.

In St. Andrew's church this morning at six o'clock a pretty nuptial event was celebrated when Rev. Dr. J. H. MacVicar united in marriage Miss Annie Constance, daughter of Wm. G. J. Watson, of St. John, and Samuel S. Elliott, also of this city. The bride, who was unattended, was given away by her father. She wore a pretty traveling costume of navy blue, with hat to correspond, and carried a bouquet of pink Killarney roses. Nuptial music was rendered by the new organist of the church, Mr. Cochrane. After the ceremony Mr. and Mrs. Elliott left on a honeymoon trip to the United States. The bride is a niece of Dr. Oscar Watson of the Associated Press, New York, and graduated as nurse last year from the St. John General Public Hospital school of training. Many friends will wish the bride and groom a long and happy married life.

O'Brien-McNeely.

The Church of the Assumption, West St. John, was the scene of a pretty wedding this morning at five o'clock, when Rev. M. O'Brien united in marriage his brother, James O'Brien of Johnville, N. B., to Miss Ella Beatrice, daughter of Mrs. Elizabeth McNeely, of West End. The wedding was celebrated with nuptial mass. The bride, who was given in marriage by her brother, John J. McNeely, was nicely attired in a traveling suit of blue, with picture hat, and carried a white prayer book. She was attended by Miss Maymie George, who wore a dainty rose poplin dress, with black hat, and carried pink and white roses. J. Edward Moran supported the groom. After a wedding breakfast at the home of the bride in Carleton, Mr. and Mrs. O'Brien left on a honeymoon trip through the province. They will make their home in Johnville, N. B., where the best wishes of many friends will follow them, attested to in a handsome display of useful and valuable remembrances.

Sellen-Neilson

An interesting event took place at 7:30 o'clock last evening at the residence of Harry Sellen, Chubb St. Miss Lillian Neilson became the bride of Charles Sellen. The ceremony was performed by Rev. B. H. Nobles, pastor of Victoria street Baptist church. Donald Neilson was best man and Miss Edith Anderson was bridesmaid. Mr. and Mrs. Sellen have many friends in the city who extended their best wishes. Many presents were received.

Kilcup-King

Hector P. Kilcup and Miss Bessie Eliza King, both formerly of Nova Scotia and now resident in St. John, were united in marriage at eight o'clock last evening. The ceremony was performed by Rev. J. A. MacKeigan in St. David's manse, Leinster street.

GIRL ARRESTED

Ethelyn Curtis, nineteen years of age was arrested at noon today by Detective Killen on suspicion of stealing a gold ring from Bertha Carters, also with stealing \$15 from Edward Breau, also on suspicion of stealing a wedding ring from Mrs. King, 78 Sewell street, where she was employed as a servant in a boarding house.

Win Place St. John Fund In The Canadian Treasury

Local Executive So Decides — Payments Will Come From Ottawa — Further Contributions

By the unanimous vote of the Soldiers' and Families' Patriotic Fund committee this morning the local fund being raised for the families of St. John men who are on their way to share in the battles of the mother country was merged with the larger Canadian fund and this morning the money has passed through the hands of the executive all the relief work will be furthered from Ottawa.

The secretary read the report of the mayor's visit to Ottawa where the resolution presented yesterday by the executive favoring the merging of the local fund with the Canadian fund.

Judge Forbes in moving the adoption of the resolution by the general committee, pointed out the advantages of being included in the Canadian fund. "The organization is very complete," he said "and those dependent upon it will be cared for in a systematic way." The local fund was very small in comparison to the Canadian fund which amounted now to about \$4,000,000. The motion was seconded by Senator Thorne and carried unanimously.

Judge Forbes then moved that the matter be referred to the executive committee for further action. Senator Thorne seconded the motion and it was carried. It was pointed out by Judge Forbes that, according to the workings of the Canadian fund the bulk of the money collected would be sent to Ottawa for distribution while a small amount would be kept on hand here for emergencies. When the regulations were perfected, relief would be sent from Ottawa direct to those receiving relief or through the local executive. The executive will likely meet tomorrow to perfect the arrangements.

More Contributions

The local patriotic fund was swelled this morning by a good list of contributions from the parish of Lancaster, as well as by an amount of \$20.50, collected by the St. Martin's councillors in their own parish, and other local contributions. FAST BRUSH, COLLISION AND THEN A SMASH-UP

A hair-raising brush between two fast horses, a collision and then a smash-up all in the space of a few moments, afforded some excitement for those who were near Kane's corner about five o'clock last evening. One of the carpenters who is working on the new hospital at Little River was driving to the city with his speedier pace, and when nearing Kane's corner attempted to pass a trotter, which was going at a fair clip. The trotter snorted and decided he was not going to be headed.

Around Kane's Corner and into the Westmorland road the two wheeled-but breakers were ahead. The car tracks at this point are not quite so low as they might be and there are also more large pieces of slate rock scattered all over the road than there should be, so the little pacer was pulling his load along in rather a bumpy fashion. One of the Christie Wood Working Co's wagons was coming along and the builder's vehicle struck it, taking the tire and rim completely off his front wheel. He continued along a short distance on the spokes and just before getting to the west to supply the wheel collapsed. No other damage was done.

RENEWED CONFIDENCE

Cheery Feeling In Local Business Circles Reported

One of the most satisfactory signs of the times, says the secretary of the St. John Board of Trade, is in the large number of trade enquiries coming in from all sources and the growing feeling of business confidence that is everywhere apparent. Optimism is spreading, and particularly throughout the maritime provinces. Our business men have given up the anxious scanning of the war bulletin and are now turning their attention to the development of business and the possibilities that the war is opening up to them. With a restoration of business confidence the future ought to be very bright for the maritime provinces.

Every day brings to the board fresh seekers for information with respect to the colliery demands for pit props. Today the secretary was called upon to respond to two enquiries from other parts of the province as well as to some local enquiry. We undoubtedly have the material in New Brunswick for all the pit props that Great Britain will need for many years. What is lacking is such detailed information as only the colliery men themselves can supply.

FEARS ARTISTIC BEAUTY OF RHEIMS CATHEDRAL CAN NEVER BE RESTORED

Paris, Sept. 30.—The artistic beauty of the Cathedral of Rheims, which suffered in the German bombardment of that town, can never be restored, in the opinion of Whitney Warren, a New York architect, who has just returned from Rheims, where he made a thorough inspection of the famous structure.

"That anything remains of the cathedral," said Mr. Warren, "is owing to the strong construction of what might be called the carcass of the cathedral, whose walls and vaults are of a robustness which resisted even modern implements of war."

BATTLE LINER

S. S. Tanagra, Captain Dalton, from River Plate via Plymouth and London, arrived at Hull on Sept. 29.

"Jones Always Knows"

They were discussing Jones excellent business ability. "Jones always knows where to buy everything at the lowest price," said his friend. "He always seems to do better than I can in getting 100 cents worth for a dollar."

Jones is merely the type of successful man who believes in using his brain.

He is above all else a student of advertising—and he makes his newspaper pay for itself many times over by the information its advertisements give him.
