With Rubbers

THERE'S one side to the economy of Rubbers, that some people may overlook. Rubbers save doctors' bills, just as they save boots.

With streets coated with slush or a river of rain, Rubbers are certain protection against getting wet feet, and your being laid up with a severe case of gripple or worse.

If you want to come through the spring thaws without even a cold, get rubbers for each pair of shoes; and if you are buying new shoes, be sure to have them fitted with the right Rubbers.

There's a style and shape for every shoe—for men, women and children—in these six brands of staunch, well-fitting Rubbers, sold by the leading shoemen:

"Dominion" "Granby"  
"Jacques Cartier" "Maple Leaf"  
"Merchants" "Daisy"

Ask for these brands—they give the best wear
