### THEFT BY BOYS

**Young Woman Robbed of Satchel in Garden Street Last Evening**

A daring piece of thievery took place last night about 6.30 o'clock in Garden street, whereby a young woman stenographer in a large retail house in King street was robbed of a satchel containing nearly \$10. The perpetrators of the affair were boys, but they seemed to have had the scheme cleverly pre-arranged, and they were successful in carrying out their programme.

The young woman was returning to her home in Charles street, when one of a group of four or five small boys, approaching her, asked the time of day. To bring her watch from where she kept it, she changed her satchel to a position beneath her arm, and no sooner had she done so, than one of the young fellows snatched it and ran off, the others following.

The police were notified and though they made diligent search they could find no trace of the satchel or the boys implicated in the stealing.
