

Fatalities at Brantford.
Brantford, Nov. 26.—Mrs. North II, who resides with her husband in the Governor's road, a few miles from this city, was found unconscious early yesterday, having taken carbolic acid. She died yesterday afternoon, leaving two small children, beside her husband.

James Adams, an Englishman, found unconscious with a fractured skull in the basement of the Imperial Hotel Thursday, expired yesterday. Indications are he received his injuries by a fall on the concrete floor.

Lewis Martin, night yard master of the Grand Trunk, who recently had both legs severed in an accident, was waited upon yesterday and presented with a purse of \$200, made up by fellow employees and manufacturers.

Revolution a Fake.
New York, Nov. 26.—Arthur E. Stillwell, president of the Kansas City, Mexico and Orient Railway, and the dominating influence in many important Mexican industries, yesterday declared that the "Mexican revolution" was a pure fake, concocted largely by persons who had interests to serve. Inside of ten days you will see, you ever heard of it," he said. "I have telegrams from my agents at Zatecas, where 500 were supposed to have been killed, saying that nothing of the kind happened. My agent at Torreon says the fall of that place did not occur. From Chihuahua I have a message saying that all is peaceful."

Cholera In Italy.
Rome, Nov. 26.—Another case of cholera was discovered in Rome yesterday. The sick person is a Mason who had just arrived from the country. Two hundred persons are being held in quarantine. Throughout the rest of Italy only six new cases and no deaths were reported during the past twenty-four hours.

Confesses to Murder.
Trenton, N. J., Nov. 26.—After a thrilling fifteen-hour examination, J. Sears, a half-breed Indian and negro, suspected of the murder of the Rev. A. L. Armstrong and his wife, collapsed early yesterday, and confessed. It is said he expected to benefit under Mr. Armstrong's will.

Plans For Cruisers.
Ottawa, Nov. 26.—The naval service department has received from England the plans for the four 5,000-ton cruisers and the six destroyers it contemplates to build for the Canadian navy. It will now advertise for these vessels, stipulating that they must be built in Canada.

Sentiment at McGill.
Montreal, Nov. 26.—Imperialism v. Nationalism in the Boursas sense was the subject of an animated debate last evening at McGill University, and of the number present, sixty voted for imperialism, and fifteen against it, which is about the percentage of the university.

Many school children suffer from constipation, which is often the cause of evening stupidity at lessons. Chamberlain's Stomach and Liver Tablets are an ideal medicine to give a child for they are mild and gentle in their effect, and will cure even chronic constipation. Sold by all dealers.

DOG RAN TO SURGEON
HIS LEG AGAIN BROKEN, HE SOUGHT MAN WHO HAD SET IT BEFORE.

Topeka, Kan., Nov. 23.—Tobe, a fine bull terrier owned by Henry Hotchkiss, did not wait for help when his leg was broken in a fight to-day, but went more than a mile to the office of Dr. Otto Kiene, who had reduced two similar fractures for the animal.

On alighting from a motor car recently one of Tobe's forelegs was broken. He was taken immediately to Dr. Kiene, where the injured member was set and held tight by a plaster cast. Tobe was permitted again to fraternize with other dogs. One of the other dogs attacked the cripple, and although Tobe was victor in the fight that followed, his leg was broken again. Once more he was taken to Dr. Kiene, who reset the leg. Then, in a heated argument with another dog, Tobe's leg was broken for the third time.

Tobe, on three legs, hurried to the doctor's. On the front porch he sat and cried piteously until Dr. Kiene heard him.

The old, old story told times without number, and repeated over and over again for the last 38 years, but it is always a welcome story to those in search of health—There is nothing in the world that cures coughs and colds as quickly as Chamberlain's Cough Remedy. Sold by all dealers.

The tug Hope sank at Nanaimo, B.C. Ship carpenters at Lunenburg, N.S., at work for more pay.

J. B. Gough, of Lindsay, received a Black Hand letter, demanding \$100.

Lame back comes on suddenly and is extremely painful. It is caused by rheumatism of the muscles. Quick relief is afforded by applying Chamberlain's Liniment. Sold by all dealers.

Mabel Swallow, the girl who escaped from the asylum at Toronto, will be deported.

Frank Beam, general merchant of Ridgeway, died very suddenly.

Wellington Holmes caught a wolf in a trap near his home at Vennachar, Ont.

Shiloh's Cure
quickly stops coughs, cures colds, heals the throat and lungs. 25 cents.

CENTURY OF PEACE

Prominent Men Give Views on Appropriate Celebration.

DISARMAMENT ON LAKES

British, Canadian and American Publicists and Educators Contribute Suggestions to American Peace Society—Arbitration Treaty and Removal of Customs Houses on Frontier Are Mentioned.

Boston, Nov. 26.—The American Peace Society gave to the press yesterday a collection of suggestions received by it from publicists and educators in Great Britain and Canada and the United States in regard to the methods of celebrating the anniversary of the hundred years of peace since the war of 1812.

John W. Forbes, formerly United States Secretary of State, and Prof. John Bassett Moore of Columbia University, propose that the celebration be marked by a treaty of unlimited arbitration between the United States and Great Britain.

Sir Edward Fry, chairman of the British delegation to the second Hague conference, recommends that the precedent of disarmament on the great lakes should be extended as well as commemorated. Penwith, president of the International Peace Congress at London, 1908, advises that the historic agreement for disarmament on the lakes be followed by the removal of customs houses along the American-Canadian border to reduce the cost of living, and do away with the last pretext of guardships and causes for international conflict.

George N. Morang, publisher of Toronto, advises Canadians and Americans to study each other's history and institutions, as a means of promoting a better understanding among themselves.

Prof. J. C. Carter Troop of the University of Chicago suggests the publication of a centennial edition of Canadian authors and the selection by the heads of leading Canadian universities of orators for the celebration.

R. L. Borden, leader of the Conservative party in Canada, favors setting apart a day of thanksgiving, with the ringing of bells and the observance of the anniversary in the churches of the Dominion and the Republic. Mr. Borden also believes in erecting a permanent memorial in each country.

Approval of the celebration, but without suggestions as to its program, given by Mayor J. A. Chisholm of Halifax. Dr. John Forrest, president of Dalhousie University, Halifax; Chief Justice Charles T. Townshead, Judge J. W. Longley of Nova Scotia, and United States Senator Elihu Root. Judge Longley observes that all traces of ill-will and prejudice are disappearing between Canada and the United States and rejoice in their growing friendship.

D. Russell Jack, secretary of the New Brunswick Loyalists Society, St. John, N.B., welcomes the celebration as a means of unifying the English-speaking race.

N. S. Coast Storm Swept.

Halifax, Nov. 26.—For the past twenty-four hours the Nova Scotia coast has been swept by hurricane weather, which has played havoc with the telephone and telegraph wires, and delayed shipping.

The Allan liner Virginian, the first homeward bound mail steamer, which sailed from St. John Friday afternoon, and should have reached Halifax Saturday morning, did not make port until yesterday morning. After rounding the Nova Scotia coast, Captain Gambell ran into the teeth of the storm, and was forced to slow down to five knots an hour. A blinding snowstorm was raging, and it was with the greatest difficulty that the ship was kept on her course.

In the Bay of Fundy the D.A.R. liner Yarmouth encountered the gale, and Robert Tupper of Round Hill, Annapolis, who was returning from Upper Canada with his bride from their honeymoon trip, was washed overboard and drowned.

In attempting to cross Halifax harbor in a gasoline boat Saturday night, a machinist named Wambolt, was swept out of his boat by the seas and drowned.

TO DISSOLVE MONDAY.

British Upper House Ignores Premier Asquith's Veto Bill.

London, Nov. 25.—In the House of Lords Lord Lansdowne's reform resolutions carried without a division. The previous day's debate went in favor of the Opposition, but yesterday Lord Chancellor Loreburn and Arthur John Morley contributed excellent speeches.

Lord Loreburn said that all the Lansdowne paraphernalia for joint sittings, a referendum, etc., would only be brought into existence when the Liberals were in power.

The Upper Chamber then adjourned until Monday, when dissolution of Parliament will take place. Thus the Government's veto bill has been ignored by the House of Lords.

A noticeable feature of the debate has been the number of Liberal peers who supported Lord Lansdowne's scheme and opposed the Government's veto bill.

In the lower chamber Right Hon. John Morley scornfully described the reform proposals as a schoolboy's sketch and expressed his amazement at the levity wherewith the Conservatives had committed themselves to vast, unknown changes.

There will be a flood of oratory to-day. Premier Asquith speaks at Hull and Lord Lansdowne at Glasgow. Most of the front bench men will also be on the platform.

Right Hon. John Burns, speaking at Battersea, declared that neither Lansdowne's amendment nor Rosebery's blending would prevent the people bending the Lords to their will.

JEWISH HISTORY USELESS.

Pres. Schurman Says It Is Not Needed for Soul's Salvation.

New York, Nov. 26.—"To make belief in the history of the Jews a condition of the salvation of the human soul is, in this scientific age of the world, not only a physical impossibility, but an intellectual absurdity and an outrage on free moral personality," said President Jacob S. Schurman of Cornell University, in an address here last night. Dr. Schurman was speaking at the dedicatory exercises of the new buildings of the Union Theology Seminary in this city. He declared that the buildings are a "striking expression of the spirit of religious progress," which, he said, is, however, "larger than any institution."

"Whether we like it or not," he said, "a change is taking place in the attitude of religious men. It may certainly be claimed that in their solicitude for improving the condition of the poor they may cite the example of the founder of the Christian Church. And apart from the spirit of religious progress," which, he said, is, however, "larger than any institution."

"A theological student, therefore, who wants to improve the condition of society, must master the social sciences, and especially the sciences of economics and government. As time goes on, I expect to see more of the studies which now find a place in the theological curriculum, and which are the mere survival of problems that our age has grown, eliminated, and in place of them there will be substituted subjects dealing with the problems of our own age, and from our modern scientific point of view."

"The only way that some clergymen can see to improve the condition of society is by the adoption of social training, however, that with a thorough training in the social, economic and political sciences, the evils complained of may be abated under our present individualistic system of government."

Wending Placed on Trial.

Louisville, Ky., Nov. 26.—Joseph Wending, charged with the murder of little nine-year-old Alma Kellner, who for months was supposed to be the victim of a mysterious kidnapping plot, was yesterday placed on trial in the Criminal Court here. The child disappeared on Dec. 8, 1909, leaving her home to attend mass at St. John's Church. No trace of the missing girl was found until May 30, when bones identified as hers were found buried in the cellar of the St. John's Church parochial school. Wending, a former janitor of the church and school, who had disappeared Jan. 19, was arrested in San Francisco July 30, charged with the murder.

Mining Catastrophe.

Durant, N.S., Nov. 26.—Five men were blown to atoms and nine others were entombed beyond hope of rescue by a gas explosion in the mine of the Choctaw Asphalt Co. at Jumbo, near Antlers, Oklahoma, yesterday. The accident occurred just as the day shift was going to work. Five men were in the cage and fragments of their bodies were blown from the shaft, which is 200 feet deep. The other nine men were already in the mine. All the miners were white. The cause of the accident is not known. All efforts to reach the entombed miners have been futile, as the explosion wrecked the shaft.

Georgian Bay Canal.

Montreal, Nov. 26.—The City Council yesterday adopted the following resolution: "Whereas, the construction of the Georgian Bay Canal would afford for the produce of the northern and western part of the American continent the shortest and most advantageous route, and would add an incalculable element of progress and prosperity to the commerce, agriculture, and industry of Canada, and thereby to the City of Montreal, and would be requested to carry out this essential national enterprise with the shortest possible delay."

Debs to Edit 'Appeal to Reason.'

Terre Haute, Ind., Nov. 26.—It was announced yesterday that Eugene V. Debs, former Socialist candidate for President, would go to Girard, Kas., to become editor of The Appeal to Reason, while Fred D. Warren serves his jail sentence.

Warren was sentenced for distributing through the mails certain printed matter held to be inflammatory.

Small Boy Suicide?

Niagara Falls, Ont., Nov. 26.—Conductor Thomas Brocove of the Seaside Belt Line, declared he saw a small boy wade into the whirlpool rapids and go to his death. He says as the waves carried the boy away he waved a last farewell. No missing boy has been discovered. No one else has reported having seen the occurrence.

Squeezed to Death.

Belleville, Nov. 26.—At an early hour yesterday a fatal accident occurred at the G.T.R. roundhouse in this city, the victim being George T. Ramsey, a young man of 21 years of age. He was operating a turntable, when he was caught in a narrow space between two engines, which were moving in opposite directions.

Illuminating Niagara.

Niagara Falls, Ont., Nov. 26.—Electrical Expert Darcy Ryan yesterday reported to the committee in charge of the Cataract illumination, estimating the cost of installing an elaborate plant at \$70,000. 700 horse-power would be required. The batteries will be on the Canadian side.

Picture Shows Blamed.

Chatham, Nov. 26.—Two young lads, convicted of stealing, confessed in the Police Court that motion picture shows were the cause of their downfall. It is likely that some action will be taken by the municipal authorities.

CONFERENCE DEFERRED.

Premier Is Too Busy to Attend to Manitoba Boundaries.

Ottawa, Nov. 26.—Premier Roblin of Manitoba returned to Ottawa yesterday from New York, and left again in the evening for Prescott to meet his wife. He leaves for Winnipeg today. During a portion of the afternoon he occupied a seat on the floor of the House of Commons. Mr. Roblin's visit to Ottawa was to continue the adjourned interview he had with Sir Wilfrid Laurier last week regarding the question of the extension of the boundaries of Manitoba. Sir Wilfrid Laurier declared that he was too busy at present to give any consideration to the matter.

It will be remembered that last summer the Federal Premier sailed in Winnipeg that if he and Mr. Roblin were to get together alone they could settle this matter in an hour. Therefore, soon after Sir Wilfrid Laurier returned to Ottawa, Premier Roblin wrote to him and suggested that the conference be postponed until this week. Mr. Roblin replied that he would be very glad to have such a conference.

Mr. Roblin accordingly came down to Ottawa last week and saw the Premier, but Sir Wilfrid assured him that he was very busy with the matters to come before Parliament and that he would have to ask that the conference be postponed until this week. Mr. Roblin went to New York and returned yesterday. Sir Wilfrid stated that he was still too busy and asked that the conference be delayed until after the new year.

Clever Trick of Smugglers.

Montreal, Nov. 26.—The United States customs are much exercised over the smuggling of a large number of Chinese in automobiles, in fact it is widely known in Canada that for many years it has almost openly been carried on all along the border. A Chinaman wants to go to the States or to China. He later, he buys a ticket to a station, say, six miles from Rouse's Point, disembarks, and pays \$25 to be driven across the line. There, his coming being expected, he is arrested, taken to Plattsburg, N.Y., is tried, and sentenced to be deported, not to Canada, but to China—exactly where he started for—at the expense of Uncle Sam. He pays no traveling expenses which a benevolent administration is prepared to put up.

If he wishes to remain in the United States the procedure is somewhat of a different nature. He is not arrested, but dropped in a quiet spot where an American stage picks him up and takes him on a good bit south. Then he is free to go as he pleases.

Animals Must Be Well Bred.

Washington, D.C., Nov. 26.—Animals imported for breeding purposes by citizens of the United States on and after Jan. 1, 1911, must be accompanied by certificates of the bureau of animal industry that the animals are pure bred of a recognized breed and duly registered in the foreign book of record for that establishment. The act of Sept. 1, 1909, has revised regulations on the subject in order to enforce more thoroughly the provisions of the tariff law instructing him to "determine and certify to the Secretary of the Treasury what are recognized breeds and pure bred animals," as a basis on which customs officers may determine what animals may be passed through the customs free of duty for breeding purposes.

Murdered For Revenge.

New Orleans, Nov. 26.—James H. Reid of Houston, Miss., a civil engineer, was, according to a dispatch received yesterday from Mexico City, killed there by a policeman. Reid was taking the life of an American, to avenge the burning of Antonio Rodriguez by a mob in Texas. In company with L. B. Loller of Memphis and some other friends, Reid, last Sunday, had just stepped out of a restaurant, when Sebastian Verdelier, a policeman, fired two bullets into his body. When Reid fell Verdelier exclaimed: "I have killed the gringo because the gringos burned a Mexican."

Arbitrators Can't Agree.

Winnipeg, Nov. 26.—Different views are held by each of three arbitrators sitting in street railway dispute, and after strenuous efforts to come to a unanimous decision, the board adjourned yesterday afternoon. The members agreed to each prepare a report and submit these reports at a final meeting to be held on Tuesday. A compromise may be reached.

Cuts His Throat.

Hamilton, Nov. 26.—In a fit of desperation, James Wright, an invalid, 60 years old, slashed his throat with a razor at his home on Wright avenue about three o'clock yesterday morning. Wright entered his wife's bedroom and mumbled that he was going to end all his troubles, he drew the razor across his throat. He was taken to the City Hospital.

Twice Bereaved In Tragic Way.

Belleville, Nov. 26.—W. G. Brown, a G.T.R. fireman, formerly of Mount Forest, who was caught between two cars which were being shunted in the yard here, died in the hospital at an early hour yesterday morning. Mrs. Brown's former husband, George Dicks, was killed five years ago the day Brown met his death and nearby at the same place.

When a cold becomes settled in the system, it will take several days' treatment to cure it, and the best remedy to use is Chamberlain's Cough Remedy. It will cure quicker than any other, and also leaves the system in a natural and healthy condition.

Plans are being prepared for a new G.P.R. station at Edmonton. Alfred Senecal died at Montreal as the result of a street car accident. Nell Keith, a C.P.R. sub-contractor is missing from Ogishan, Sask.

TWENTY-FIVE YEARS AGO

From THE CHRONICLE

Ingersoll, Nov. 26, 1885.

Sold Out.—Mr. B. Gray has sold out his confectionery business to Mr. Geo. Beck.

Soleman Peter Hale darkened our streets on Tuesday.

Photographic.—Mr. E. H. Hugill is fitting up the rooms above Mr. Wilkinson's grocery, with the intention of using them as a photo gallery.

Social.—A very successful social under the auspices of the ladies of the King street Methodist church, was held at the residence of the Rev. Mr. Kettlewell last Friday evening.

Giving up Business.—It is said that Mr. C. H. Slawson will shortly retire from the pork packing business here.

Fruit Market.—Mr. Thos. Seldon, who has been in the old country for some time returned on Tuesday. He reports the market for winter fruit 12 to 16c; for choice fall fruits 2 to 4c; no sale for ordinary fruit.

Woolen Goods.—Messrs. Bradbury & Co. have opened a store at their mill on Queen street, for the purpose of retailing tweeds, woolsens, flannels, blankets, etc. Intending purchasers will do well to read their advertisement before buying.

Noticeable Facts.—One of the most noticeable and attractive stocks that is shown in Ingersoll is the immense stock of jewelry, watches, clocks, silverware, spectacles, etc., that can be seen at Richardson's jewelry establishment on the corner of King and Thames streets. The importation of his firm this season is worthy of inspection, and those wishing anything in the above line cannot do better than pay Mr. Richardson a visit.

Mr. H. W. Hegler of South Dorchester, is going to sell his farm and move to Ingersoll.

Union Temperance Demonstration.—There will be a grand union temperance tea and concert held in the Royal Templars Hall in the old Royal hotel block, Thames street on Thursday evening, Dec. 3rd. The concert will consist of dialogues, recitations, readings, singing and addresses. The price of admission is put down at 25c. The proceeds will be for the low price of 25 cents for tea and

concert. Go and spend an enjoyable evening.

Hogs.—Messrs. J. L. Frant & Co. have been killing as high as 1000 hogs per week at their packing house.

For Governor of Manitoba.

Winnipeg, Nov. 26.—It is rumored here that D. C. Cameron, defeated Liberal candidate for the House of Commons at the last general elections, will succeed Sir Daniel McMillan as next Lieutenant-Governor of Manitoba. Mr. Cameron has had considerable legislative experience in Ontario, and it is expected that the announcement of his appointment will be approved by all. He is manager of the Rat Portage Lumber Co., one of the biggest lumber companies in the west, and is prominent in the business, social and political life of the province.

Stenographer Suicides.

Toronto, Nov. 26.—"My head is burning now, and I was never properly asleep or never awake." Leaving this message, Donald A. Graham, aged 25, a stenographer in the "head office of the department" of the Imperial Bank, ended his life in his room, 8 Homewood avenue, Saturday night. Dr. J. M. McLaughlin found him dead in bed at 11 o'clock and summoned the police. An empty carbolic acid bottle was found in the room.

Michael Cudahy Dead.

Chicago, Nov. 26.—Michael Cudahy, founder of the packing firm bearing his name, died last night at a hospital here of pneumonia. He had been ill for two days.

Mr. Cudahy was born in Ireland, Dec. 7, 1841.

States with his parents in the United States with his parents in 1849, the family settling at Milwaukee, Wis. When a boy of fifteen, he became an employee in a Milwaukee packing house.

Infants Are Starving.

Chicago, Nov. 26.—The citizens' strike committee, which has investigated conditions in the families of striking garment workers, reported yesterday that 5,000 babies are starving here, as a result of the labor war. The report was made at a meeting at Hull House, and a special babies' milk fund was started at once by members of the committee.

Chicken thieves have been very active lately in Galt.

Cobden's typhoid epidemic has been completely checked.

George Pierce of Wallaceburg was badly burned in a gas explosion.

Wood's Phosphorine.

The Great English Remedy. Tones and invigorates the whole nervous system, makes new blood in old veins. Cures Nervous Debility, Mental and Brain Weakness, Sexual Weakness, Emotions, Dropsy, and Effects of Abuse or Excess. Price 12 per box, 25c. One will please, six will cure.
