# EXPECT BUMPER CROP OF FRUIT

### DEPUTY MINISTER IS **VERY OPTIMISTIC**

#### W. E. Scott and Colleagues to Lecture Next Week at Okanagan

That the coming season will be the greatest fruit year that British Columbia has ever had, is the opinion of W. E. Scott, deputy minister of agriculture. Last year there was a poor crop of ore of a very good grade to the alnot only in British Columbia, but in all the trees are loaded with fruit spurs, and if nothing happens to upset their locating of what is thought to be a calculations it is stated by all who have downward continuation of the newly been through the orchards that the found ledge on the ninth level, as the crop will be a bumper one.

that the crop would be one of the heavthat the crop would be one of the heaviest they had ever had. There were so use at depth are also good. This leads many young orchards which have never to the impression that a more than orwould be in bearing this year and add very largely to the output of the province. Some of these should, in the ordinary course of events, have been in ordinary course of events, have been in ant lead will be awaited with consider bearing last year, but they were not.

Now, however, they were loaded with of much importance to the future welbright.

Columbia," said Mr. Scott. "This has been demonstrated beyond all has been demonstrated to say that the question of marketing of ore of a good grade. On the twelfth is still an open one and requires hand-level of the Idaho the shoot is looking ling with the greatest care. The mar-ket of the whole Northwest is open to this province, but hitherto it has been held very largely by the states of old Iron Mask shaft. A connection Washington and Oregon. It will be the made with the shaft ten days since and business of the province now to enter into its own. In former years they have not had the fruit to supply the market, but this year the yield should be very large.

"I expect a very large influx of people into the province this year," continued the deputy minister. A great nany will take up fruit growing, but Development will be undertaken to lo there are also many coming who will cate this vein on the fourth level. engage in poultry raising, dairying, mixed farming and other industries. I expect to see a very large number as soon as spring opens. An immense lot of advertising has been done, and this is bound to give a return. Already there is a movement this way and i

will attain great proportions soon.
"The Okanagan and Kootenay districts have taken the lead in the mat-ter of fruit growing. They have built up the district largely through persistent advertising, while here on the isl-Francisco a special overland excursion ands and lower mainland where just as good fruit can be grown there has no een so much bublicity given to the advantages offered and the result has een that less advance has been made. It has been proven beyond any doubt that both on the islands and lower mainland the finest early fruit can be grown and its turn will undoubtedly

is that there are so many who go into be made at Medford, Grant's Pass and Ashland, and the train will pull into usually subsidiary to dairying or mixed farming, and the result is not sat isfactory. A few good fruit growers would be a great boon to the district as they would demonstrate the possito San Francisco by ferry for luncheon bilities of the place and keep it well

"There is a noticeable improvement Tuesday the journey will again be the fruit and in the methods of markettaken up with stops at San Jose, and ing. J. C. Metcalf and myself are go-a side trip by trolley through the Santa ing to the Okanagan next week to hold Clara valley. Luncheon will be served a series of meetings at Vernon, Pen at the Hotel Vendome, and in the ticton, Kelowna, Summerland and evening the San Jose chamber of com-
