

REPORTS FROM CITY OFFICIALS

SUBMITTED TO THE BOARD OF ALDERMEN

Great Increase in Building During Past Year--Recommendations of the Fire Chief.

The report of the building inspector, which was received by the city council Monday night, was as follows:

Report of Building Inspector, City Hall, Victoria, B. C., January 16, 1907.

To His Worship the Mayor and Board of Aldermen: Gentlemen--I have the honor to submit the following as my annual report of the building operations within the city for the year 1906, which, I am pleased to say, shows a gratifying increase over previous years, the total value being \$829,200.

Table with 2 columns: Description of buildings and their value. Includes items like '20 one story frame dwellings', '13 one and a half story dwellings', etc.

For the various Wards the figures are as follows, viz:

Table showing building statistics by ward: South Ward, Central Ward, North Ward. Lists various building types and their counts/values.

I have the honor to remain, Your obedient servant, WM. W. NORTHCOOTE, Building Inspector.

The report of the chief of the fire department, submitted last evening, was as follows:

December 31st, 1906. His Worship the Mayor and Board of Aldermen:

Gentlemen--I beg herewith to submit for your consideration my sixth annual report. I feel justified in stating that the present year, from a fire-fighting standpoint, has been the most successful in the history of the department.

The fire alarm responded to during the year was one hundred and thirty-nine, with a resultant loss of \$8,350.50. The events of the past year, however, have shown that the great amount of building now being or about to be carried on will necessitate increased fire protection.

That a larger main be laid to the fair grounds and Old Man's Home, so as to have some fire protection for those premises.

THOMAS WATSON, Chief of Fire Department.

LOCAL COUNCIL OF WOMEN

RECEIVED REPORTS OF SEVERAL COMMITTEES

Endorse Teaching of Singing in the Schools--A Reply From Mrs. Paterson.

The first regular meeting of the Local Council of Women for Victoria and Vancouver Island took place at the city hall on Monday last. In addition to the officers of the society, there were present ten delegates from affiliated societies and the press secretary.

The following letter from George Phillips, the hon. secretary-treasurer of the Victoria Musical Society, was received by the president:

"Dear Madam--I beg to inform you that an effort is about to be made to secure the systematic teaching of singing in the public schools of Victoria. With a view to inaugurating the movement the following resolution was passed at a meeting of the committee of the above society, held on Monday last: 'That in the opinion of this meeting it would be advantageous to follow the example of Vancouver in appointing a supervisor of singing in the public schools.' Copies of this resolution are being sent to all those societies likely to be interested in the movement with a view to securing their sympathy and co-operation.

The refining influence of music upon a nation is generally admitted to be very great. Singing in the school always leads to singing in the home, and this tends to cultivate and foster the ideal family life. This is especially noticeable in the home, where part singing is practiced in almost every home, and probably no county in England produces finer specimens of manhood and womanhood than this.

"Medical men are unanimous as to the good effect of singing upon the health and I cannot do better than quote the following remarks of a recognized authority upon the subject: 'We cannot sing without an increased action of the lungs, and this causes the heart, and all the organs of digestion and nutrition, to work with renewed vigor. The singer brings a greater quantity of air in contact with the blood, and hence the blood is better purified and vitalized. Healthful and highly oxygenated blood gives energy to the brain, and thus the mind, as well as the body, share the benefit of the exercise.'

"Sir Alexander Mackenzie, who as president of the Royal Academy of Music, is the recognized head of the musical profession in England, when here in 1902, said that Victoria was the only city he knew where singing did not form a part of the system of school training, and expressed very much surprise at the omission.

"At the approaching election of school trustees our members will be asked to use their influence on behalf of those candidates who are in favor of the movement. It has also been suggested that a joint committee representing all those interested be organized to fully discuss the matter. If the proposal on which comes within the scope of the aims of your organization will you be so good as to appoint a delegate to represent your members?"

The recommendation contained in the letter was endorsed, and Mrs. Justin Gilbert was appointed to represent the L.C.W. in the matter. Mrs. Hasall was appointed press secretary for the year.

Standing committees were thereupon appointed as follows: Emigration--Mrs. Toller, Mrs. McFarland, Mrs. Perrin, Mrs. Jenkins, Mrs. Cressie. Maternity Ward, P. R. J. Hospital--Mrs. Hasell, Mrs. Griffiths, Mrs. Toller, Mrs. Stuart Robertson.

Legislation for Saloons--Mrs. William Grant, Mrs. Dickson, Mrs. Whittier, Mrs. McNaughton, Mrs. Andrews. The Social Evil--Mrs. Cooper, Mrs. Willisroft, Mrs. Thompson (with power to advise).

The Teaching of Purity in the Schools--Mrs. Jenkins. Women as Sanitary Inspectors--Mrs. Gilbert, Mrs. McGregor. Regulating the Sale of Proprietary Medicines--W. M. Grant, Mrs. Gould. Boys Carrying Firearms--Further information to be procured.

Growth of Weeds in Public Thoroughfares--Referred to Tourist Association. Spring Ridge Gravel Pit--Referred to committee on legislation, which latter committee was appointed as follows: Mrs. Day, Mrs. Jenkins, Mrs. Spofford, and Miss Cressie. Mrs. C. W. Rhodes, convener of the sub-committee in charge of the memorial to Mrs. Paterson, stated that the response to the appeal had been most satisfactory. She had received the following letter from Mrs. Paterson:

"Dear Madam--Please accept my sincere thanks for the valuable gift you sent me. I find it most difficult to express to you my true feelings of appreciation for the honor you have bestowed on me. I think I have had more praise than I deserve, as any true woman would gladly do what I have done. Your beautiful address, and kind words of praise will always be most valued possessions in our family.

"Again thanking you, and wishing you the compliments of the season, I remain sincerely yours, Mrs. Hasell, convener of the sub-committee on the question of a woman's building for Victoria, stated that there was nothing to report. The following resolution received the endorsement of the council: 'Whereas the subject 'purity' or 'equal moral standard,' is fast becoming one of the burning questions of the day; and whereas at the annual meeting of the L. C. W. resolutions from two affiliated societies on this question were placed on the agenda for consideration; and whereas the council, through a resolution at the same

COUNCIL AND MAYOR PART IN PEACE

At Last Session of City Fathers Some Routine Business Was Transacted.

The city council elected in January, 1906, is defunct. Its term of office expired at the end of a short meeting held in the city hall on Monday. The mayor was in the chair, and Ald. Yates, Vincent, Fullerton, Davey, Fell, Goodacre and Hall were present. After a very short docket of business had been disposed of, Ald. Yates cleared his throat and bade farewell to his fellow councilmen, and the other aldermen followed with expressions of felicity, and the closing hour of the board's existence saw all its discords toned to harmony. The mayor replied through stepping into a deep hole on his bearing with him and helping him through the year and charging Ald. Yates, who is already elected for Ward 4 by acclamation, to "keep the nest warm."

POLITICAL MATTERS.

Movements of Various Politicians--Will Go Liberal. (From Tuesday's Daily.) W. W. B. McInnes left Vancouver yesterday afternoon for the Kootenays. It had been his intention to spend nearly two weeks in the interior speaking every night. His itinerary has been changed somewhat, however, and he will not spend quite so long in the eastern part of the province but will arrive back to the coast earlier than was expected. A message received from him, after he had spent several hours in Vancouver, was to the effect that the Terminal City was looking splendid from a Liberal standpoint and five members would be elected.

Premier McBride and W. J. Bowers are to speak in Kaelo to-night in an effort to counteract the good work which John Keen, the Liberal candidate, is doing there. A dispatch from Rosalind yesterday says: "John Houston, ex-M.P.P., wired to-day from Portland that he would reach Spokane to-morrow and Nelson on Wednesday. He again announced his intention of contesting 'Muir' as an independent in the provincial election." "At 4:30 Sunday morning the Conservatives of Ymir in convention nominated J. Schiefel for the provincial House. Schiefel for the provincial House. Schiefel for the provincial House.

H. C. Brewster is to hold a political meeting at Wellington to-morrow evening, and the speaker will be the accompanying him and speak at the meeting. The Conservatives of Newcastle have nominated J. B. C. as candidate for riding, J. S. Cairns of Cedar street was selected on Saturday night to contest the seat against D. Thomas, the Independent Labor candidate, and Parker Williams the Socialist.

OPIMUM-TAKER'S STORY. Peter Vienna, who escaped jail in Recaptured and Tells a Pathetic Tale. In the police court on Tuesday Peter Vienna, a Greek, born in this city, was charged with the theft of a bicycle from Braden street, and sentenced to three months imprisonment in the provincial jail. After a short incarceration he managed to escape, and afterwards made his way to Ladysmith, charged with illegal fishing, and was discharged after paying a fine. When it was discovered that he was the man who had broken jail, he was arrested by the provincial police who were searching for him. Vienna pleaded guilty, and in explanation of his jail-breaking escapade, told a pathetic story regarding his habit of opium eating. He stated that he had been a slave to this narcotic for the last eighteen years, and that he had found the habit the only resource he had in case of nervous sickness. He claimed that the physicians who had attended him at the jail could give him no relief from his morbid craving, and that he had broken jail under stress of mental sufferings resulting from his inability to obtain opium. He promised to make a strong endeavor to break the habit off during the remainder of his imprisonment.

Magistrate H. J. H. sentenced him to eight months imprisonment to run consequent to the term he has yet to serve of his former sentence.

SAANICH NOMINATIONS.

Candidates for Municipal Offices Were Named Monday. The nominations for reeve, councilors and school trustees for the municipality of Saanich took place Monday at Grand Convent, Saanich. The candidates, elected by acclamation for wards 4 and 5 respectively. The other candidates are: FOR REEVE, Thos. Anderson Brydon, Joseph Nicholson, Jr. FOR COUNCILLORS, Ward 1, F. N. Borden, Benjamin Blair Moore, Richard West. Ward 2, Henry Josiah Dunn, C. Pointer. Ward 3, William Chas. Grant, Samuel Pollock. Ward 4, Alfred E. Gale, Henry Jucke. Ward 5, R. B. Fowler. Ward 6, G. A. Vantrigter.

SCHOOL TRUSTEES.

MORE THAN HE CLAIMED. New Orleans, Jan. 15.--The dispute which has existed several years between Nicaragua and Honduras as to the boundary line on the north has been settled. The question was left to the King of Spain as referee, and he gave Honduras all that was claimed by Honduras and more.

HALDIMAND COUNTY COUNCILLOR SPEAKS

AN IMPORTANT MESSAGE THAT CARRIES CONVICTION.

DIFFERENCES IN THE COURT

MR. JUSTICE MARTIN RETIRED FROM BENCH

He Objected to Chief Justice Refusing to Reserve Judgment in a Case.

The importance of a statement by a gentleman in whom the people who best know him repeatedly express their confidence by electing him to a position of honor and trust, cannot be overvalued in so vital a question as the one now under consideration. Life and health are unquestionably the most vital subjects to every human being. How to retain these concerns all. Here is what Bryce Allan, Esq., for many years a prominent figure in Haldimand County and a member of the County Council, says: "Believe me, I am fully as gratified to tell you of my recovery with Bryce as you are to hear of it. Last fall I became weak, run down and nervous through overwork and worry. Was unfit for work, had no appetite, and felt as if I had lost all interest in life. I contracted a series of colds from changing winter weather, and gradually my lung's became affected. I tried remedies after remedy, and a number of doctors prescribed for me, but got no relief. I began using Bryce's medicine. After two months' treatment I regained my health and strength. I am as sound as a bell today, and give Bryce all the credit."

"BRYCE ALLAN, Jarvis, Ont." Thousands of others have borne similar testimony to the power of Bryce's not only cure coughs, colds, influenza, grippe, catarrh, bronchitis, chills, night sweats, but also consumption and all wasting diseases. It strengthens the stomach, aids digestion, and builds up the entire system. It is a never-failing remedy. "Bryce's medicine, is for sale at all drug stores at 50c. and \$1.00 per bottle, or at Dr. T. A. Staneland, Limited, 175 King street west, Toronto.

TWO SCHOONERS WRECKED. St. Johns, Nfld., Jan. 14.--The fishing schooner Richard Wainwright, of Gloucester, Mass., from Bay of Islands, was wrecked on Friday at Flat Bay, St. George's. One man was drowned. The schooner is a total wreck. Another schooner, the Romeo, of Burgoyne, Nfld., with a load of herring, was wrecked yesterday at Grand River. The crew escaped, but the schooner is lost.

PROFIT SHARING SCHEME ADOPTED

British Columbia Permanent Loan Company Takes Advanced Step in Treatment of Employees. Horace Knott, local manager of the B. C. Loan & Savings Company, announced to the Times on Tuesday that his company had taken an advanced step in the matter of treatment of its employees along the same line as that which the British Columbia Electric Railway Company had been following for some years. This consists in the admission of the staff into a sharing of the profits of the company after a proper amount has been set aside for the return to the shareholders of the concern. As a result, each employee of the company from the highest to the lowest grade will receive a sum equal to 5 per cent. of his or her yearly salary, the plan coming into effect so that the payments will be made this month on last year's account.

Mr. Knott stated that Manager Director T. T. Langlois had had the matter in mind for some time, and the company having had a most prosperous year and reached a stage of development where the venture could be made, the directors had heartily approved of his recommendation. Its adoption would, he believed, do much to settle the labor troubles which from time to time are heard of in all parts of the Dominion. About four of the local employees of the company will benefit under the present management.

ENLARGING PLANT.

Staneland Paint Works Will Increase Facilities. The purchase of the Dominion Paint Company's premises by W. E. Staneland a short time ago, promises to add another flourishing industry to the busy commerce of the city. Mr. Staneland, who has been with P. McQuade & Co. for seven years, and who has been identified with paint businesses and similar firms all his life, will at once extend and enlarge the business carried on by W. T. Andrews. While retaining the latter's agency for Burrell & Co., of London, Mr. Staneland will go into the manufacture of high grade pure prepared paints, which he will put on the market as the Staneland Paints. He is adding seventy-five feet to his warehouse, and installing an iron and tin making plant. This itself will insure the manufacture in Victoria of a line now brought from the East.

DECIDE TO LIQUIDATE.

Decision of Shareholders of Two German Fire Insurance Companies. Hamburg, Jan. 14.--At the stockholders' meeting held here of the transatlantic Fire Insurance Company and the North German Fire Insurance Company resolutions to dissolve and liquidate were unanimously approved. It was announced that a local court had decided that the North German Fire Insurance Company should reimburse the San Francisco earthquake of last year. The Transatlantic Fire Insurance Company should reimburse two English companies which had reinsured San Francisco risks with it for losses already settled.

GOVERNOR AS FIRE FIGHTER.

Manila, Jan. 15.--A fire at San Fernando Pampanga, Island of Luzon, yesterday destroyed property valued at \$100,000. Shortly before the fire started Governor-General Smith and several of the commissioners had arrived at San Fernando. Governor Smith assumed command of fire fighters and saved the town.

DIFFERENCES IN THE COURT

MR. JUSTICE MARTIN RETIRED FROM BENCH

He Objected to Chief Justice Refusing to Reserve Judgment in a Case.

A rather sensational episode preceded the conclusion of the appeal in Bryce et al. vs. C.P.R. Monday afternoon. Chief Justice Hunter, Mr. Justice Martin and Mr. Justice Clement sat on the case. It was an appeal from a judgment of Mr. Justice Morrison arising out of the Chehalis disaster. Mr. Bryce, the plaintiff in the case, seeks \$50,000 damages as a result of the loss sustained by the death of his wife when the Chehalis was run into by the Princess Victoria. It was sought to have an order made that the case should be heard before a judge and jury. This application for a jury was dismissed by Mr. Justice Morrison and an appeal from that decision came before the Full court constituted as previously mentioned.

On the conclusion of argument Monday afternoon Mr. Justice Martin intimated that he would prefer to have judgment reserved in order that he might consult with his brother judges on the matter before giving judgment. The Chief Justice, however, expressed a determination to give judgment off-hand. He said no argument could convince him that the appeal should be allowed.

Mr. Justice Martin, however, felt that there were some points requiring consultation and the Chief Justice had not asked his opinion on these. The Chief Justice intimated that on two previous occasions he had requested his brother Martin to give his opinion on questions, and the latter had not done so. He would not therefore seek it again.

Mr. Justice Martin said the Chief Justice was "unintentionally incorrect" on that point, but pointed out that it had no bearing on this particular case, where he had asked for the reserving of judgment. As he was not to be consulted he could not see that there was any necessity to remain. His services could be dispensed with, and he would withdraw.

On the retirement of Mr. Justice Martin judgment was given by the Chief Justice, who dismissed the appeal. Mr. Justice Clement concurred with the Chief Justice in his judgment. Joseph Martin, K. C., appeared for the plaintiffs, appellants, and E. F. Davis, K. C., for the defendants company.

The plaintiff will make representation to the minister of justice at Ottawa and to the attorney-general, arguing that the court when judgment was given was not properly constituted, there being only two judges on the bench. Other objections will likely be taken against the proceedings.

A similar point to this case up before the Chief Justice, Mr. Justice Martin reserving his judgment and handing it down the other day. In his judgment he called attention to certain facts which he thought called for changes in the rule.

The Full court Tuesday adjourned owing to the death of Hon. T. W. Ogilvie Hamley, the father-in-law of Mr. Justice Irving, who is sitting on the appeal in the Northern Counties Investment Trust, Limited, vs. C. P. R.

TRAIN WRECKED.

Engineer Killed and Body Is Buried Under the Engine--Several Passengers Injured. Ogdon, Utah, Jan. 14.--Passenger train No. 10, eastbound, on the Southern Pacific, was wrecked 15 miles west of Monticello, west of Ogdon, at 2 o'clock, killing Engineer Frank Nesley and severely scalding Fireman Wags. Of eight cars in the train seven were derailed, only one sleeper remaining on the track. The engine turned over and is a complete wreck. The body of Engineer Nesley has been recovered, and is supposed to be under the engine. A number of passengers were injured, but until a temporary telegraph office is established near the wreck details will be lacking. Railroad officials are of the opinion that a broken rail caused the wreck.

REBEL GENERAL CAPTURED.

The Revolution in Honduras Reported to End. San Salvador, Jan. 13.--A dispatch received here from Honduras says that President Zelaya, of Nicaragua, has informed President Bonilla, of Honduras, that the Honduran revolutionary general, Gutierrez, and some of his companions, have been captured and detained in Somoto by the Nicaraguan authorities. The revolution is therefore at an end.
