FERRY EMPLOYEES IN UNIFORMS TOMORROW

Committee Today Discussed Minor Matters in Connection With the Service.

The ferry committee met this morning at 11 o'clock. Ald. Baxter presided and there were present: Ald. Holder, Bullock, Spruel, McGowan, Frink, with Superintendent Glasgow and the Common Clerk. In reply to the chairman Ald. McGowan stated that the new signalling apparatus being installed at the West Side ferry entrance would be completed in a short time. An increase of \$10 per month was asked by the officers on the ferry service. The matter was referred to the Common Council for consideration.

A communication from Northrup & Co. complained that their team had been stopped and not permitted to go upon the ferry on Saturday last, although there was sufficient room on the boat for the team. The matter was referred to the superintendent. The chairman said that one of the dock hands on the ferry service is very negligent in duty and should be discharged. He thought that almost anyone could do the work better. This matter was also referred to the superintendent.

Superintendent Glasgow asked that the wharf on the northern side of the Carleton ferry be fixed up so that the ferries could more easily obtain an entrance. Ald. Frink moved that the matter be referred to the Board of Works with instructions that the engineer consult with the superintendent. The motion was carried.

Ald. McGowan said that the ferry wharf on this side of the harbor needed repair very badly. In a general discussion that followed Ald. Baskin expressed the opinion that a bridge should be built across to Navy Island. Ald. McGowan moved that a committee be appointed to inquire into the matter of extending the East Side ferry wharf. The motion was carried and Ald. Bullock, Frink and McGowan were appointed.

Ald. Bullock asked why the employees of the ferry did not wear the new uniforms ordered for them. The superintendent stated that the uniforms had been in his office since last fall, but the men did not wear them on account of the wet and dirty weather. He said, however, that he would give the men the uniforms tomorrow. On motion of Ald. Bullock the meeting then adjourned.

LIQUOR DEALERS WILL GET THREE MONTHS EXTENSION

Mr. Hazen Says the Commissioners are Within the Law in Granting This Concession.

Following the decision of the Superior Court which necessitated a reduction in the number of liquor licenses issued in St. John, Inspector Jones, at the request of the commissioners, wrote to Premier Hazen asking if, in his opinion, they could grant the usual three months extensions to those dealers whose names would necessarily be dropped from the list. Pending a reply, the commissioners met, and refused licenses to eleven of those formerly in business. They also passed a resolution to the effect that if Mr. Hazen believed it to be within the law, three months should be granted to those cut off in order that they might dispose of their stocks.

Inspector Jones today received a brief reply from Mr. Hazen. The latter said that he believed the commissioners would be within the law in granting the extensions. Under these circumstances Mr. Jones will commission the licenses and the latter will not likely hold another meeting.

A question also arose with regard to two dealers who applied for and were granted new premises, J. C. Doherty, 27 Charlotte street, who wanted to go to Church St., and J. J. Connor, 9 Sydney street, who wanted a license for 29 Waterloo street. The extensions will also be granted these men. The others who will profit by Mr. Hazen's decision are: M. J. Nugent, 34 Dock St.; A. E. Daniels, Dock St.; J. A. Warnock, Mill St.; John Travis, 25 Mill St.; William Hogan, Pond St.; J. F. Sheehan, 122 Union St.; Mrs. Corkery, Waterloo St.; W. E. Baxter, 258 St. John St.; Joseph Martin, 2 Market Square.

DISAGREEABLE WEATHER FOR FIRST OF MAY MOVERS

Yesterday's weather forecast of wind and rain for moving day brought dismay to the hearts of scores of householders who knew that this morning they had to "get up an' git." Day dawned in the most disagreeable manner, a stiff breeze interrupted at intervals by heavy showers which rained the unfortunate and damaged unprotected furniture. At nine o'clock and for an hour thereafter the sun timidly tried to do its best, but met with only faint success, for the leaden sky came on again with more rain, and much discomfort and inconvenience was endured. The unpleasant weather has continued, making moving a difficult problem for many. All day yesterday, and practically all last night furniture vans could be seen going through the streets until one wondered how men and horses could keep it up for so long. By daybreak the activity was greater, and judgment from the number of teams to be seen the movers are just as numerous as in other years.
