FREDERICKTON HAD LOTS OF EXCITEMENT LAST NIGHT

Daring Attempt to Crack the
Safe in the Gleaner Office
—Load of Hay Burned on
the Street—Two Alarms
of Fire

FREDERICKTON, N. B., June 4.—A
number of miscreants made things
lively here last night and this morn-
ing by a series of daring attempts to
crack the safe in the Gleaner office,
the burning of a load of hay on King
street, and the sending in of two alarms
of fire. The attempt on the Gleaner safe
was a bold piece of work. The safe is
a Taylor one about four feet high and
stands in the back office, the office be-
ing separated from the general one
which faces on the front street by only
a glass partition. The burglars cut off
the top and bottom of the two hinges
and endeavored to drive the bolts
through. In this they were evidently
unsuccessful for the safe when dis-
covered this morning had all the ap-
pearance of a battered condition but
the door still remained solidly locked.
It is difficult to see even if the hinges
had been entirely removed how the
door with its combination lock would
have given away. The burglars, it is
presumed, made their entry through a
cellar window which had been left
open.

Mr. Turvey, an employee of the of-
fice, and doing night work, left the
building shortly before 12.30 and re-
solutely locked the door. About 1.30
city clerk McCready walked up Queen
street and noticed as he passed the
Gleaner building a light in the inside
office but paid no attention to it as he
had seen lights in the place quite late
recently. The robbers were at this
time probably at work and from ap-
pearances they must have continued
on their job for a long time. There
were only a few dollars in the safe
at the time. Besides the breaking of
a large pane of glass in the back of-
fice nothing else was disturbed. Money
and nothing else was what they were
after. Up to noon today the police
have no clue of the guilty parties.

Yesterday a farmer from up river
brought to the city a large load of
hay. The hay was piled up in front
of the factory on King street, the cart
broken down and the farmer was obliged
to abandon the hay for the night. A
p. m. a match was set to the material
and a bon fire not often seen anywhere
was the result. The other, which was
a false one, was sent in from the back
of the town about an hour later. It
was a union of work among the mis-
creants last night.

The trial of Sweeney Chase charged
with stealing sums of money from
one William Lewis of St. Mary's was
concluded this morning and resulted
in a verdict of acquittal. The court
opened at ten o'clock. J. H. Barry, K.
C., addressed the jury on behalf of
the crown. The judge charge follow-
ed and the case was given to the jury.
At 11.30 after an absence of some ten
minutes, a verdict of not guilty was
returned and the prisoner discharged.

NOTHING MUCH DOING IN TARIFF REVISION

Congress Committee Will Not Be Called

Together—Taft, If Elected,

May Do Something.

WASHINGTON, June 4.—The fact
that Chairman Payne, of the House
Committee of Ways and Means, wishes
to inquire into the subject of tariff
revision, does not intend to call the
committee together during the recess
of Congress, but to encourage Tariff
Revisionists. "All that will be done," said
Payne yesterday, "is that the execu-
tive departments, notably the treas-
ury department, will be asked to col-
lect certain data in regard to the tar-
iff schedules and have the information
ready in time for the next regular
session of Congress."

The administration programme, now,
it is asserted, that Secretary Taft in
the event of his nomination and elec-
tion, shall convene a special session of
the sixty-first congress immediately
after his inauguration to take up the
subject of tariff revision. In the event
that a Democrat is elected this fall,
President Roosevelt will call Congress
together for tariff revision next Novem-
ber.

GEO. H. PICK RETIRES FROM I. C. R. SERVICE

Has Been in Railway Work for Forty-four
Years—Was Once Stationed
in St. John.

MONCTON, N. B., June 4.—Geo. H.
Pick, railway inspector, is retiring
from the Intercolonial, after a service
of forty-four years in railway work.
Mr. Pick is one of the few remaining
men in the I. C. R. service who were
employed on the old European and
North American Railway and he is one
of the oldest railway men in Eastern
Canada. He was located in St. John in
his early days and has resided in Mon-
ton for 25 or 30 years. He was former-
ly assistant general freight agent to
the late George Taylor, a position he
held for some years. For the last eight
or 10 years, Mr. Pick has been weighing
inspector. He is now being retired un-
der the provident fund act and it is
understood that I. F. Avaré, assistant
weighing inspector will be promoted
to the vacancy.

A committee from the I. C. R. boiler
makers is to meet here today and have
a conference with the management.

RICH ENGLISH PEER BECOMES PLAYWRIGHT

Lord Howard de Walden, Noted Sports-
man, Seeks Fame in Another
Direction.

LONDON, June 3.—Lord Howard de
Walden, famous for his race horses, his
fencing and his skill as a yachtsman,
will appear as a dramatist in a play
called "Lanval," which will be produced
at the Playhouse at two invitation matinees.
"Lanval" is described with becoming
modesty as having been written by
"Mr. T. E. Ellis," but all his friends
know that "Thomas Evelyn Ellis" is
really the sixth Baron Howard de
Walden, Baron Seaforth of Seaforth.
The play is an Arthurian drama in
four acts, the author, who has joined
King Arthur's court in the hope of
winning further honors.
When the play opens we find him, a
disappointed and ruined man—a soldier
ideal, and a philosopher striving af-
ter the unattainable. He is enamored
of Elanor, half-woman, half-spirit,
who, by her witchery, keeps him in the
land of shadows and mysteries, as
Venus kept Tannhauser in the Venus
Lodge. Eventually Lanval wakes from
his dream.

Gerald, Prince of Devon, has made
a wager with a boating knight, Agra-
valine, that Lanval will beat him in
open journey. He has stalked all the
drawers of his writing table at Bel-
grave square contain probably many
poems that magazine editors would
covet.

The new playwright is a tall young
man of 28. He is probably the year-
ling of the drama. He has written for
stage, for his income is nearly \$125,000
a year.

TRAINS ARE DELAYED BY FLOODS IN MONTANA

Two Lives Lost Yesterday—Butte City
in Darkness

BUTTE, Mont., June 4.—Train ser-
vice in Montana is in a state of de-
moralization on account of the floods.
The Northern Pacific and the Chicago
Milwaukee and St. Paul west from
Deer Lodge are under water, or wash-
ed. The Missouri River rose steadily
last night as the result of heavy rains
in Montana. Butte last night was in
darkness as the result of the bursting
of White's Dam below the city, flood-
ing the city. The city was in darkness
last night in northern Montana yesterday,
a rancher and his wife drowning in the
high water in a creek.

the usurping sultan of Morocco, has
confiscated the wives of General Ra-
gout and his brother, and has in-
formed them that the women will be sold
unless submission is sent to him im-
mediately.

CARLETON CO. MAN ATTEMPTS SUICIDE

Lee Slipp Cut His Throat—He
May Live.

Robert Caldwell, Wealthy Contractor, Died
This Morning in Vermont—He
Was Quite Wealthy

WOODSTOCK, N. B., June 4.—Robert
Caldwell, retired contractor, died this
morning at St. Johnsbury, Vermont,
after an illness of several months' dura-
tion. He was a native of this town
and early in life engaged in the hotel
business but later went into contract-
ing at which he was highly success-
ful. A number of years ago he retired from
business, his last undertaking being a
big contract on the Boston Subway.
Since then he has spent his time in
looking after his investments which
comprise large mining properties in
Mexico and the west, in addition to big
mortgage and real estate holdings in
various parts of the country. Here in
town his holdings are estimated at \$40,000,
and the total estate may run well
up to a quarter of a million. Deceased
who was about 74, had never married.
He leaves two sisters, Mrs. E. W. Wil-
liams, of Woodstock, and Mrs. Robert
Barker, of Great Falls, Montana. The
remains are expected here Saturday.

NEW YORK INTRODUCES A DRASTIC FISH LAW

No Trout May Be Sold in the State,
Nor Sent Out of It.

ALBANY, N. Y., June 4.—Under the
provisions of the Fish and Game Law
as devised this year, trout taken in
this state cannot be sold, or offered for
sale, according to a statement given
out today by the State Forest, Fish
and Game Commission, relative to the
interpretation of the new laws on the
subject.

"The only exception to this," contin-
ues the statement, "is that trout taken
in the state may be sold to the state
city, where trout taken on Long Is-
land may be sold during the legal open-
ing season. It is also illegal to ship
trout unless they are accompanied by
the actual owner, and the law provides
that no person shall take or transport
at any one time more than ten pounds
of brook trout. The effect of this law
is to prevent shipments of brook trout
from Canada or points outside of the
state into New York State. If such
shipments were permitted the state
fisheries would be ruined. According to
