The Hamilton Grand Jury has again presented the Hamilton jail as unfit for the classification of prisoners. How often they have done so how or they will have to do so before any improvement is made it is not easy to say.—[We in St. John can lend or give you a jail, which has been, ready subject to so many alterations by different Grand Juries, that it is or ought to be the pink of perfection.]

INSANITY IN THE UNITED STATES.—It appears from [illegible] that the proportion of insane and idiotic persons in the United States, is as follows:—

	MALES.	Insane.	Idiotic.
White,		7,697	8,276
Free colored,		144	234
Slaves,		117	585
Total males,		7,958	9,095
	FEMALES.		
White,		7,459	6,944
Free colored,		177	202
Slaves,		174	465
Total females,		7,810	6,611
Total of both sexes & colors,		15,768	16,706

It is a singular fact, that in New England, with all its boasted intelligence and education, there is more of insanity and idiocy, in proportion to the number of inhabitants, than in any other part of the United States. In the above enumeration, says the New York *Herald* there is a large number of persons not included—such as abolitionists, women's rights advocates of both sexes, knocking philosophers, and all of that ilk. They number about three thousand in all; and if they were only sent to lunatic asylums what relief the country would have from their mad ravings and their agitation! No doubt many of them will find their way there at last, when it is no longer possible to disguise their monomania under the cloak of a principle.

SANDWICH ISLANDS.—The volcano of Mauna Loa had ceased its eruptive action, when its lava streams had reached within 7 miles of Hilo. Considerable excitement was created in Honolulu, by an official notification, received from the Chilean Government, of the late massacre at the Straits of Magellan, and an intimation that the pirates might pay the Islands a visit.

WISTARS BALSAM OF WILD CHERRY,
the great remedy for
CONSUMPTION.
And the best medicines known to men for Asthma of every stage, Liver Complaints, Bronchitis, Influenza, Coughs, Colds, Bleeding of the Lungs, Shortness of Breath, pains and weakness in the side, breast, &c., and all other diseases of the
PULMONARY ORGANS.
From the Boston Post.

Dr. S. W. Fowle, 138 Washington street, has an article entitled as above, which we believe is the best preparation hitherto discovered for the cure of colds and other consumptive complaints. Having tested this medicine, we can speak with confidence as to its salutary effects in removing colds and other complaints incident to this season of the year.

From the Cincinati Empire.

Wherever this medicine is introduced, it at once attains that high reputation which it so richly deserves.—What can stop its sale, when on every hand can be witnessed its wonderful cures. The worst cases of Asthma, recent but dangerous coughs, and also those that are of long standing, bronchitis, and consumption in its early stages, are always cured by this remarkable medicine.

Be not deceived by imposters—the Public should be careful to get the genuine article, as the imitations and counterfeits being put up by the o who know nothing of medicines or of the diseases of the human system, are entirely unsafe and dangerous. None genuine unless the signature of I. BUTTS on the wrapper.

MELANCHOLY SHIPWRECK.—The Cape Breton News states that the Norwegian ship Deodata, Jorgenson, master, from Richibucto, bound to Great Britain, with a cargo of timber, struck on St. Paul's Island, (a small island to the north-ward of Cape Breton,) during a snow squall, on the night of the 25th ult., and most melancholy to relate, the Capt. and 10 men were washed overboard and perished;—the Mate and one boy being preserved in a most miraculous manner from a similar fate, by a sea which washed them in safety to the shore. In half an hour, after the struck, the mate states, not a vestige of the vessel remained, the sea having completely broken her up.
