Jan. 22.—Society has been having quite a gay and busy time of it, the past week, with first a dinner at "Farraline place," then an afternoon itea at "Bothreaux house," and faishing the week with a ball at "Eimshade." The dinner given by the Governor and Mrs. Frase on Thurnsdy last, was in honor of Mrs Morris Hazen and Miss Hazen of St. John, who are visiting here, and was, as all such fanctions as Government House are, most thoroughly enjoyable The invited guests were: Mr. and Mrs. Hazen, Rev. Mr. and Mrs. Mostgemery, Mr. at d Mrs. Delancy Robinson, Mr. and Mr. A. J. Gregory, Mr. W. F. M thehel, Miss Jarvis, Mr. Macdonnell, and Lieut Colonel Gordon, A. D C. The ball at "Bimshade" on Friday night was the social event of the week, when Mr. and Mrs. Geo. F. Gregory entertained upwards of one hundred guests; the house being so admirabily adapted for entertaining that at no time during the evening did there appear to be any cruth. A very complete programme of sixteen dance, with three supper extras, was enjoyed to the music of Perkin's orches. The is and during the evening ices were served be tween the dancing. The house was daintly decor, ated with flow.rs, and so many sitting out places, made it very cosy for those who love to have a quiet chat. The supper room was opened at tweive o'clock, when a most sumptions repast with everything to Lumber.

In using FIBRE CHAMOIS?

In a skirt for instance, the fine creases or winkles th trun leng hwise of the goods should always run around, never up and down. They will thus act as so many little wires giving splendid support and stiffness. The drag and strain will also be across the grain which is much tougher that way. No, 10, the light used in this way will be found ample support for all skirts and eleves atd the weight will not be felt. A few inches of the No. 30 around the hem may be necessary in a street skirt. No, 20, the Medium, is best for giving body and warmth in coats, capes, etc. No, 30, the Heavy, should only be used either single or double, in collars, belts, lapels, etc.

To Keep all in place and bring the strain equally on lining and interlining
