Japanese Catarrh **Cure Cures** Nasal Catarrh.

Japanese Catarrh Cure is a penetrating, soothing, and healing pomade, which is inserted up the nostrils by a small camel's hair pencil. The heat of the body meits this pomade and the patient breathes the soothing medication through the nostrils, and the nasal channels open up. The stuffed-up feeling in the head leaves, and the person can breathe naturally through the nose. The dull pains across the head cease. Continual use for a short time soothes the mucous membrane until the soreness and inflammation are all gone. The bad odor of the breath passes away, and the lost senses of smell and hearing return. The dropping in the throat is permanently checked, and the nose does not stop up towards night. The discharge from the noie grows less and less, and finally stops altogether. It does not drive the disease into the throat or lungs or into the ears, as so often is done by washes; douches, and the temporary relief catarrh powders and snuffs which contain cocaine and other fatal alkaloids, which relieve at the time, but give rise to a false security. Japanese Catarrh Cure is a thorough antiseptic, is cleansing and healing in its action, and soothes the minute applied. Six boxes are absolutely guaranteed lo cure any case of nasal catarrh, or money will be refunded. A free sample will be sent to any person suffering from this most dangerous disease. Enclose 5 cent stamp. Sold by all druggists, focents. Six for \$2.50, or by mail. Address, The Griffiths & Macpherson Co., 121 Church street, Toronto.
