NEWS FOR FARMERS!

REAPING AND MOWING MACHINES!

THE SUBSCRIBERS

have great pleasure in offering to the Farmers of Canada

MANNY'S PATENT REAPING AND MOWING MACHINES.

WITH THEIR IMPROVEMENTS.

These Machines have already been thoroughly tried, both in the United States and in Canada, and stand unparalleled as a combined machine in the following points:

Its perfect adaptation to uneven surfaces. Its means of adjustability to various heights of cutting. Its lightness of draft and side draft. The ease and facility with which it can be removed from field to field upon its own wheels, and changed from a reaper to a mowder, and vice versa. The construction for strength and durability, and its capacity for doing business is unsurpassed.

By means of suspending the Frame to the axle of the wheels, the joint and lever, the driver is enabled at his will to elevate or depress the cutters from 1 to 15 inches from the ground; and with the Oblique Platform and Gathering wings, the Raker is enabled to discharge the grain in sufficient distance from the standing grain to allow the team to pass so that a whole field may be cut without removing any of the grain.

PRICE WITH TWO SETS OF KNIVES, \$130.

The subscriber would also call attention to the following other improvements on the above machine, viz: The platform has been arranged by altering the machinery, so that the Reapers & Mowder, in throwing off the grain immediately at one side.

These machines are also self-oiling. Once oiling will last a whole day.

—ALSO—

SEYMOUR AND MORGAN'S REAPER.

Which is a Reaper, is unequalled in the Province. Price \$120.

KETCHUM'S MOWING MACHINE, PRICE \$110.

The Machine is, in all respects, the best material, and are all warranted to work well, on fair trial or pay.

The above machines are capable of mowing or reaping from 10 to 15 acres per day on smooth land, and as clean as can be done with the Scythe or Cradle.

100 OF NAGG'S PATENT PLOUGHS.

For sale for \$90 each.
