## C. M. B. A.

Mr. W. P. Killackey at La Salette.

Mr. W. P. Killackey at La Salette. On Thursday evening, the 18th inst., Mr. W. P. Killackey, Grand Organizer of the C. M. B. A., visited Branch 194, of that society at La Salette, Ont., for the purpose of pro-moting the interest of the Branch, and ex plaining to the public the benefit to be de rived from membership in the Association. The meeting was well attended not only by members of the C. M. B. A., but also by others interested in knowing its working, among whom were a large number of ladies, and the ball of the branch was completely filled, some of the audience being members of Simcoe Branch, among whom were Messra. W. E. Kelly and J. O'Neil. The key. P. Corcoran pastor of La Salette and District Deputy of the Association, was elected chairman of the meeting, and after making some preliminary remarks he intro duced Brother Killackey, the speaker of the evening.

making some preliminary remarks he intro-duced Broher Killackey, the speaker of the evening. Brother Killackey explained that he had been appointed by the Grand President for two months, to visit the various branches of the C. M. B. A. in order to explain to the general public the principles upon which the C. M. B. A. is based, and his present visit was in accordance with the instructions he had received in his commission. Treating of the Association he stated that it is essentially Catholic, and is therefore limited in its membership to practical Catho-olics, who must continue to be practical Cath-olics in order to remain members, whereas, other societies may have a membership of any religion whatsoever, or of no religion. But be said this is a point of great atrength to the C. M. B. A. and a guarantee that it will be permanent. It is on this account perfectly asfe as an insurance society, and it is so con-stituted that it adrots the cheapest possible Life Insurance. As a further proof of this he mentioned the fact that the Hen. Chas, Fitzpatrick, to whose department the insurance societies of elared that among the Mutual Benefit Asso-ciations whose books and business the had ex-amined, the C. M. B. A. stands in the first rank. Atter dwelling elequently on the benign amined, the C. M. B. A. stands in the first rank. After dwelling elequently on the benign influence of religion in forming good cit-izens, and showing that this influence is ex-erted beneficially in the C. M. B. A., Mr. Killackey showed that by its gradation of beneficiaries, from \$500, and \$1000 to \$2000, it is suited to every condition in life. He then instituted a comparison between the rates of assessment in the C. M. B. A. and other mutual societies. At the age of forty-nine those who enter the C. M. B. A. pay \$165 for each assessment on a beneficiary of \$2,000. As the maximum number of assessments which have been levied since the separation of the Canadian society from that of the United States has been eighteen in the year, assuming that this will be a constant number, we would have the member entering at that age, pay-ing \$29.70 per annum. Bat a member of the same age in the Inde may peer than for twelty four deaths in any for any peer solution of the peer soluti

John Sheyhn of Norwich then made short ad-dresse, expressing their great satisfaction with Brother Killackey's admirable explana-tions, after which, on motion of the Presiden-to the branch, Mr. J. B. McNamara, second-ed by P. McSiny, a vote of thanks was given to Mr. Killackey, and the meeting was brought to a close. All who were present-were so highly pleased with the evening's entertainment that the desire was very generally expressed that they might hear Mr. Killackey again at some future time not far distant.

### Mr. Killackey in Stratford.

Mr. Killackey in Stratford. The members of the above Branch, and all who are interested in the good work that is being done by this very excellent association, are to be congratulated in having an official visit from the Provincial Grand Organizer. Mr. Killackey, of Windsor. Mr. Killackey, of Windsor. Mr. Killackey has notified this large and thriving branch, now numbering over one hondred and seventy members, that he will held an open meeting there on the 29th inst., at the Separate school hall in that city. He is anoicous to meet not only every number of the branch and those who may be contem-plating membership, but all Catholics who wish the association well. This will be a pleasant opportunity for our many friends in the classic City to hear one of the most flaent and able speakers in the West. The whole question of insurance and the other impor-tant and perhaps higher objects of the C. M. B. A. will be fully gone into, and what is subject will be made one of deepest interesting subject will be made one of deepest intere

OnTuesday Mr. Killackey will visit Branch 175 at the beautiful little village of Kinkora, and hold an open meeting there at 7:30 p. m. It is gratifying to know that this branch is in a most prosperous condition. Its mem-bers intend building a hall during the com-ing summer for the extensive use of the C. M. B. A.

### A Good Resolution.

A Good Resolution. We have been advised by Bro. John Kelly, Recording Secretary of Branch 175, Kinkora, that at a regular meeting of that branch, held on the 10th instant. It was unanimously re-solved to request the parish priest, Rev. Father O'Neil, to celebrate a Hich Mass for the repose of the souls of the de-ceased members of the C. M. B. A. and the souls of their deceased friends. The Mass was effered up on the 22nd. It was also decided to have the resolution published in the CATHOLIC RECORD and The Canadian. We should be pleased were the other branches of the C. M. B. A. to follow the example of Branch 175.

Thursday last, being the regular meeting of Sacred Heart Court, Toronto, a large at-tendance of the three courts of the city was present. The Chief Ranger called the meet-ing to order at So'clock sharp. Seven new members were admitted, and five applications for membership received. The Chief Ranger reminded the members that the year 1897 was drawing to a cloce, and at the next meeting, December 2ad, nomination of officers for the year 1838 will take place. It is the duty of each member of the court to be present, and do his part towards selecting proper officers. This is a most important matter, and it is hoped that no member will be negli-gent.

After the regular business of the evening was gone through, a very interesting debate took place between St. Leo and Sacred Hear

took place between St. Leo and Sacred Heart Courts. Brother Lee, Provincial C. R., and Bro. Neander, Past C. R., of Sacred Heart Court, took the affirmitive side of the subject, and Bro. Murphy and Bro. Foy, of St. Leo's Court, the negative. The subject being a very interesting one, it lasted two hours. It was thought at times that Sacred Heart Court bad the best of the debate, but, in sum-ing up at the finish, Bro. V. Bachand, who acted as critic, decided in favor of St. Leo's Court. Leo's Court was then congrata-lated on the honor, when they, un turn, in-vited the members of Sacred Heart Court to take part in a debate which will take place on the evening of December 1st, in Foresters hall, corner Queen street west and McCanl street.

All the members of the three sister court. of the city are cordially invited to be in at tandance. The subject is a very interesting one. Do not miss it. A. McCKerr, Sec.

Miss Nellie Tighe, of St. Paul, Minn., who some two menths since holidayed a month at the maternal residence, Arthur street, was last week sworn in as notary public at a special session of Court, at which she became a citizen of the United States. The lady will continue her law studies with the firm of How & Butler, of that city, and in the Min neapolis Law school. Miss Tighe is the only woman whose name is on the books of the State Capitol for citizenship papers, and the only woman, so far, who has applied for her second papers in the District Court. THIS WORD:

### No Name on Earth so Famous - No Name More Widely Imitated.

No name on earth, perhaps is so well known, more peculiarity constructed or more widely initated than the word DODD. It possesses a peculiarity that makes it stand out prominently and fastens it in the memory. It contains four letters, but only two letters of the alphabet. Everyone knows that the first kidney remedy ever patented or sold in pill form was named DODD'S. Their discovery startled the medical profession the world over, and revolutionized the treatment of kidney di seases.

No imitator has ever succeeded in constructing a name possessing the peculiarity of DODD, though they nearly all adopt names as simi-lar as possible in sound and construction to this. Their foolishness provents them realizing that attempts to imitate increase the fame of Dodd's Kidney Pills. Why is the name "Dodd's Kidney

Pills "imitated? As well ask why are diamonds and gold imitated. Because diamonds are the most precious gems, gold the most gold precious metal. Dodd's Kidney Pills are imitated be cause they are the most valuable medicine the world has ever known. No medicine was ever named kidney

pills till years of medical research gave Dodd's Kidney Pills to the world. No medicine ever cured Bright's disease except Dodd's Kidney Pills. No other medicine has cured as many cases of Rheumatism, Diabetes, Heart Disease, Lumbago, Dropsy, Female Weakness, and other kidney diseases as Dodd's Kidney Pills have. It is universally known that they have never failed to cure these diseases hence they are so widely and shame lessly imitated. 997-tf
