

**DEATH OF HON. W. C. EDWARDS.**

Through the passing of the Hon. Senator William C. Edwards, of Ottawa, in his seventy-eighth year, a veteran figure in the lumber industry, the Canadian Forestry Association has lost one of its outstanding Directors and Past Presidents. The late Senator took a very active interest in the affairs of the Association and in 1910 was made Vice-President. Through the absence of the President at the Convention held in Fredericton in 1910, Senator Edwards was called upon to preside. Next year he very ably presided over the bi-lingual convention held in the Quebec Legislative Assembly which was opened by the late Earl Grey, Governor General of Canada.

The late Senator took a very deep interest in public matters that affected the welfare and prosperity of Canada and was chairman of the Committee on Forests of the Conservation Commission. For several years he sat in the House of Commons as a member for Russell County, and in 1903 was summoned to the Senate.

Frequently during a period of failing health and with his time plentifully occupied by business affairs, Senator Edwards set aside personal considerations to serve the Canadian Forestry Association's interests. In more than one emergency his influence tipped the scale in the Association's favor.

Senator Edwards is survived by his wife and several brothers and sisters. Gordon C. Edwards, a Director of the Canadian Forestry Association, who for many years has been prominently associated with W. C. Edwards & Co., is a nephew.
