

# Brotherhood of Locomotive Firemen and Enginemen

D. B. Robertson  
*W. S. Carter*  
President.

93 Cleveland, Ohio. November 7, 1923.

Hon. Arthur Meighen,  
Member of Parliament,  
Ottawa, Ontario.

My dear Sir:

I am herewith enclosing page proofs of a souvenir publication that is being issued with the programs for our celebration of the Fiftieth Anniversary of the Brotherhood of Locomotive Firemen and Enginemen at the various points throughout the country on December 2nd, containing a brief historical sketch of the organization, beginning with the period of its foundation. This matter may provide some material for your address at Montreal on the evening of December 2nd.

I shall be greatly obliged if you will, at your earliest convenience, indicate just what hotel accommodations will be required for you or for you and your party, if accompanied by others, while at Montreal, and if you will indicate your preference in the way of hotels in that city so that I may arrange for reservations. It is our desire that, in the acceptance of the invitation to participate in this function, you consider yourself the guest of the Brotherhood of Locomotive Firemen and Enginemen and it will be perfectly proper to submit to me any items of expense that may be incurred incidental to the trip.

I am sure that our members, like myself, will be greatly pleased in having you address this gathering.

Yours sincerely,

*D. B. Robertson*

ENCLS.
