

July 10, 1919.

Dear Mr. Ferrier -

I have read with much interest the enclosed memorandum regarding the work at the Coqualeetza Institute. However, as I pointed out at the time of your visit it is not possible for us at the present time to consider any extension of the work at the Institute owing to the limited funds at our disposal.

Yours very truly,

Deputy Superintendent General.

Rev. T. Ferrier,
Principal,
