Re: Magnus BERTON - Aero Act,

Further to our memorandum of January 26, 1951, in this connection, please find enclosed herewith a copy of Kelvington report dated February 3rd, which concludes the investigation carried out by this Force into the alleged illegal flying activities of Berton.

2. It will be observed from paragraph 3 of Kelvington report dated December 30th, that sufficient evidence has been obtained to warrant a charge being preferred against this subject for acting as a pilot of an aircraft, whilst carrying passengers without the requisite authority, also for operating his aircraft at night, said aircraft not being equipped for night flying.

3. Our file in this connection will be held in abeyance pending your wishes as to the further action desired. May we be advised at your earliest convenience, please.
