

The Low Down JOHN DEERE SPREADER With the Big Drive Wheels

No Clutches to Get Out of Order. No Chains to Adjust or Get Out of Line.

It has the endless apron. No follow board necessary. The John Deere Spreader is always ready to receive a load. It is not necessary to get into the spreader and pitch the higher part of the load forward unto the apron, as is the case with the return apron spreader. There is no starting strain on horses or spreader, revolving rake makes uniform spreading certain.

THE SPREADER WITH THE BEATER ON THE AXLE

The construction of this machine is protected by a very broad patent. Mounting the beater on the rear axle, and driving with gears, was the greatest step forward in manure spreader design since the first spreader was built. Fifteen years ago nearly every automobile had a chain drive. NOW nearly every automobile has a gear drive. What has been proven by test, service and durability is what every farmer should insist on having in his manure spreader.

Made to Stand Up and Do Its Work Well. See Your Nearest JOHN DEERE Dealer, or Write To:

Good Kerosene Tractors

THE tractor is a real help to Canadian farmers now, and it is fast replacing horses for all heavy farm power work.

Kerosene is the best, as it certainly is the cheapest, tractor fuel. Therefore, our Mogul 10-20-h. p. and International 15-30-h. p. tractors are designed and built to operate successfully on this cheap, plentiful fuel.

These are three hard and fast rules our tractors must live up to: They must operate on the cheapest fuel farmers can buy; they must be so simple that any farmer can learn to handle them; and they must do enough good work in the field and at the belt to more than pay for themselves. On this basis we solicit your orders for Mogul 10-20-h. p. and International 15-30-h. p. tractors.

There is such a great demand for these machines that we cannot promise as early delivery as you may desire. Send for catalogues now, make your decision, and send in your order as soon as you can if you want an International Harvester kerosene tractor without delay. Address the nearest house listed below.

"Goes Like Sixty"

This Engine Will Cost You Nothing

You need an engine—get a Gilson on our new, easy-payment plan, and it will pay for itself. You have the work for it to do this Fall and Winter, help is scarce and high-priced—that "feeling of security" which is such a definite part of the staunch, reliable Gilson Engine.

Gilson Engines have long enjoyed an indisputable reputation for dependability, power, simplicity and economy. This year finds us with an even more attractive proposition for the discriminating buyer. Prices of everything you have been buying have been soaring, but, by careful management, we are able to furnish Gilson Engines at remarkably low prices. Write to-day for catalogue, price, and easy-payment plan, stating what size you are interested in.
