HURON STATION ON M. C. R.

GOSSIP.

Mr. H. J. Davis, Woodstock, Ont., importer and breeder of high-class Shorthorns and Yorkshires, advertises in this issue forty head of imported and home-bred Shorthorns, twenty-two of which are imported animals just home from quarantine, including a choice lot of heifers and young bulls. This herd, which is headed by the Willis Cruickshank bull, Imp. Bapton Chancellor, and the Lord Lovat bull, Viceroy, now ranks with the best in the Dominion. Those who have seen the new importation speak of the animals in terms of the highest praise. Mr. Davis has shown much enterprise in his importations, and is deserving of the success he enjoys.

PINE GROVE YORKSHIRES.

Messrs. Jos. Featherston & Son, Streetsville, Ont., proprietors of the oldest established registered herd of Yorkshire hogs in Canada, renew their advertisement in this issue, in which they intimate that they have a large number of imported boars and sows and some twenty home-bred brood sows in their herd, besides a number of young boars and sows of suitable age for breeding, and young pigs recently weaned, for which they are prepared to fill orders for single pigs, or pairs or trios not akin. Note the ad., and write Messrs. Featherston for prices and particulars.

BAWDEN & McDONNELL'S IMPORTED HORSES.

In whatever line of live-stock breeding a man may be engaged, it is absolutely necessary that new blood be continuously infused therein, and for that purpose imported animals of superior individual merit and breeding have proven the most satisfactory, and to that end certain men periodically cross the ocean and scour the Old Country, England and Scotland, in search of the choicest specimens of stock animals that can be procured. Such are the Messrs. Bawden & McDonnell, of Exeter, Ont. For years this firm have been importing high-class Clydesdales, Shire and Hackney horses, and it is safe to say that they have brought over as many high-priced and superior horses as any in the business. As proof of this, we may mention such notables as the Shire stallion Belshazzar, a horse that, no doubt, has won as many top ring honors as any horse alive. Newham Bred, another sweepstakes and medal winner; Calthorpe Loyalty, Wilcott Thumper, all Shires; and the crack Hackneys, Connaught's Heir, Clerkenwell, and Buller, all winners of a high order. Their latest importation contains a number of stallions the like of which are hard to duplicate in any country. The Clydes are: Cannon-gate 10521, a brown five-year-old horse, bred by the Marquis of Londonderry, and sired by Loxwood 9546; dam Camilla 11433, by Prince of Wales. He weighs 2,150 lbs., and last year was sold for the season for £400, and this year stood in his own barn at £5 service. He is a powerfully-built horse, a pure, typical Clyde, very even quartered, strong loin, well ribbed up, a kind, intelligent head, clean, flat bone, and the best kind of feet, and a grand, springy action. All together he is one of the best horses imported this year. Extra Champion, Vol. 25, is a two-year-old Clyde, bred by John McKie, Red House, Carlisle, sired by Lord Lothian 5998; dam Sally McGregor, by McGregor. This colt, besides being gilt-edged in breeding, is sterling in make-up. Smooth to a turn, he is choke-full of quality, with a well-sprung rib, exceptionally evenly balanced; in fact, a close-coupled, good-doing, heavy-quality colt, and a grand, smooth mover. Boro Trailor 19388 is another two-year-old, a Shire, bred by R. C. Hudson, Danesfield, Eng., sired by Trailor 15401; dam Danesfield Star 23437, by Regent 2nd. He is a chestnut colt, one of the thick, close-coupled, cart-horse kind. A very heavy-muscled, powerfully-built colt, and withal shows an abundance of quality, and is a grand doer, has clean, flat bone, good feet, and can move well. Holden Bar None, Vol. 24, was bred by H. A. Underwood, Murcott, Eng.; sired by Calthorpe Disraeli 13952; dam Gipsy, by Wiselan 10811. He also is a two-year-old Shire, and another of the short-legged, thick, compact, cart-horse kind. A colt that will certainly make his mark, both as a sire and as a stock horse, for he is bred in the purple and, individually, his form is faultless and his quality and action gilt-edged. Connaught's Heir, Vol. 19, is a Hackney, whose triumphal success in the show-ring is too well known to need comment. He was bred by Herbert Webster, Fence Houses, Durham; sired by Lambton Connaught 5252, by Connaught; dam Lady Confidence 6861, by Commander. As before intimated, this horse is too well known to need any comment. Suffice it to say his action and form are wonderfully perfect; his equals are few, his superiors none. Buller 7382 is another Hackney, bred by Lewis Palmer, Thorpland, Eng., sired by Bon-fire 2381; dam Fanny, Vol. 12, by Norfolk Swell. Buller is a brown horse, five years old, weighs 1,250 lbs., is a purely typical English Hackney, low-down, thick-bodied, close-coupled, and quality from his ears to his heels. His action is superb, and, all around, it is doubtful if a truer type of the breed was ever imported. These horses, together with a number of high-class quality Canadian-bred Clydesdales, are for sale, and an appropriate sign for the firm to hang over their door for the benefit of intending purchasers would be, "Seek No Further." These horses, under the skillful care of Mr. John Thompson, stable manager, are in the pink of condition, and reflect great credit on his skill as a fitter and handler.

NERVE - FORCE

is undoubtedly impaired, and dyspepsia promoted by the use of the colored and doctored Teas of Japan

"SALADA"

Natural Green Tea of Ceylon is a Boon to all Japan Tea Drinkers—"IT'S PURE."

Sealed lead packets only — same form as the celebrated Black Teas of "SALADA" Brand.

Queenston Cement

WE have reduced our prices, and are prepared to demonstrate that no better value for the money is obtainable anywhere. All work done with our cement according to our instructions is guaranteed to be absolutely perfect. A barrel of Queenston Cement, though weighing less, contains just as many cubic inches of cement as any barrel of Portland. In mixing concrete, the cement is gauged by measure, not by weight. Farmers and others will do well to remember this fact, and not be misled by false statements. Write me, or see my agents, for full particulars.
