

15.95 AND UPWARD

AMERICAN SEPARATOR

THIS OFFER IS NO CATCH. It is a solid proposition to send, on trial, fully guaranteed, a new, well made, easy running separator for \$15.95. Skims hot or cold milk; making heavy or light cream. Designed especially for small dairies, hotels and private families. Different from this picture, which illustrates our large capacity machines. The bowl is a quality marvel, easily cleaned. Shipment made promptly from WINNIPEG, MAN., TORONTO, ONT., and ST. JOHN'S, N.S. Whether your dairy is large or small, write us and obtain our handsome free catalog. Address: AMERICAN SEPARATOR CO. Box 1209, MANSFIELD, N.Y.

Bone Spavin

No matter how old the blemish, how lame the horse, or how many doctors have tried and failed, use Fleming's Spavin and Ringbone Paste. Use it under our guarantee—your money refunded if it doesn't make the horse go sound. Most cases cured by a single minute application—occasionally two required. Cures Bone Spavin, Ringbone and Sidebone, new and old cases alike. Write for detailed information and a free copy of Fleming's Vest-Pocket Veterinary Adviser. Fifty-six pages, durably bound, indexed and illustrated. Covers over one hundred veterinary subjects. Read this book before you treat any kind of lameness in horses. FLEMING BROS., Chemists, 75 Church Street, Toronto, Ont.

Ayrshires

Last chance. No females for sale, but still have a few bulls, sired by Woodroffe Comrade whose first heifer in milk gave 11,392 lbs. milk, 490 lbs. butterfat in year; prices right. H. C. HAMILI, Box Grove, Ont. Lecust Hill, C.P.R. Markham, G.T.R. and L.D. Phone.

BLASTED HOPES.

"Never mind," said the Cheerful Idiot to a friend who was down on his luck, "remember there's always one place where you can find money and sympathy."

"Where?" said the friend brightening up.

"In the dictionary," replied the C. I. as he moved off.

"The time will come," thundered the suffragette orator, "when women will get a man's wages."

"Yes," sadly muttered a man on the rear seat, "next Saturday night."

Questions and Answers. Veterinary.

Spavin.
Three-year-old colt has a hard swelling at the lower part of his hock, and he goes lame when he starts to walk. H. P.

Ans.—This is a bone spavin. Get your veterinarian to treat. It is probable he will fire and blister it. V.

Rheumatism.
Young cow has rheumatism. She eats and milks well, but has trouble rising and is getting thinner. S. D.

Ans.—Rheumatism in cattle is rare and very hard to treat successfully. Keep her in perfectly dry and clean quarters. Give her 2 drams salicylic acid three times daily and rub the parts of the affected limbs well three times daily with camphorated oil. Feed well. V.

Malignant Tumor.
A year ago my cow's eye became sore. In the fall it began to get worse. Now the whole eye is involved and covers a space larger than a man's hand. It looks dirty and sore and the flies bother it. A. L.

Ans.—This is a malignant tumor called fungus haematodes. The only treatment is dissection. The whole eye should be carefully dissected out, and, of course, the cow kept where flies cannot trouble her until it has healed. It requires a veterinarian to operate. V.

Gossip.
HIGH CLASS QUALITY IN PERCHERONS.

R. Hamilton & Son, Simcoe, Ont., have arrived home from France with their 1913 importation of Percheron stallions. Later on they intend to go back for a shipment of fillies. In this lot they have made a most careful and critical selection. Their many years' experience in the importation of draft horses has gained them an intimate knowledge of this country's requirements, a knowledge that teaches that the day for the nondescript stallion in Canada has passed. They have certainly, in this lot, greatly excelled any of their previous importations in the matter of size, draft character and splendid quality of underpinning. All are three- and four-year-olds, blacks and greys, horses that have won distinction in the show rings of France, horses that carry the certificate of Government approval and were bought and taken off their season route in France; horses that when developed and conditioned will reach 2,250 lbs. or over; horses with superb quality of bone and beautiful contour and style; a shipment that will certainly meet the approval of the breeders of this country. Owing to the registration numbers not being received from Ottawa, we are unable to give them on the individual horses we have space to mention. Jason, a grey four-year-old, is an exceptionally high-class horse, big, come'y, and with superb quality, a horse that will command attention anywhere. Kairowan is a grey three-year-old, with white mane and tail, one of the graceful, stylish, quality kind seldom seen, and with it all has plenty of size. Kascan is a massive big grey three-year-old, beautifully level. He will easily beat the ton when fully grown, and stands on faultless underpinning. He is surely a great colt. Karlof is a black-grey three-year-old, showing immense draft character. He looks like making a horse that will go to 2,300 or 2,400 lbs. His big fat bone is the good wearing kind, and his well-shaped pasterns and big, wide feet all go to make him a wonderful good type of modern draft horse. These mentioned are only illustrative of the entire lot. All are particularly good at the ground in the matter of clean, flat-bone, nicely-sloped pasterns and big, wide feet. They will be on exhibition at Toronto and London, and the Messrs. Hamilton will be pleased to welcome anyone interested in high-class draft horses.

An Ideal Green Feed Silo on Your Farm Means

Better feed, cheaper feed more milk, larger profits

THE most prosperous and successful dairymen in Canada all agree that one of the first, and certainly the most profitable investments that a cow owner should make, is the erection of a good silo. Leading dairymen also testify that the Ideal Green Feed Silo can be depended upon to give entire satisfaction. It has proved its worth by years of use upon Canadian farms. The materials and construction throughout of the Ideal Green Feed Silos are of the very best, and everyone contemplating the erection of a silo this year, will find it to his advantage to get our specifications and prices before contracting for the erection of a silo.
