Building for To-morrow

THE prudent man looks ahead and provides. Preparedness forestalls defeat and, when reverses come, provides a haven of refuge. The young man who carries an Endowment Policy with the Manufacturers Life Insurance Company is building for to-morrow. He knows that if he lives to his allotted span, he is systematically providing for his unproductive years. If he dies he is leaving his dependents in a position where they will not be compelled to seek charity. There is no better way of building for to-morrow than by an Endowment Policy.

A SPECIAL SERVICE

Many men and women reluctantly assume the duties of Treasurer or Trustee of Charitable, Social, Fraternal, Educational, Religious or Civic organizations. The duties while responsible, may not require the full time of a salaried official. There are many advantages in the employment of a Trust Company in such cases: it is permanent, experienced, and responsible; it has unusual facilities for supervision and audit and for the safeguarding of books of record, documents and funds.

Consult us about the many phases of this Special Service.

A Book of First Importance

The Jesus of History

By T. R. GLOVER (Cambridge)

Author of "The Conflict of Religions in the Early Roman Empire."

FOR many years audiences in the student conferences of Great Britain and at American centers such as Northfield have welcomed the powerful message of the author of this book. Lately he has been appealing just as strongly to the men of India.

His hearers have always been most glad to listen to him on a theme that may properly be called "his own" - the character and influence of Jesus. "The Jesus of History" which presents this theme in the author's best style, deals not with theology or criticism but with the central impression from the human side which Jesus has made on the world.

Price \$1.00 Net, By Mail \$1.10.
