A Fire Company insuring all classes of Farm Property at the Lowest Possible Cost to the Assured. FARMERS! Here are Six Reasons why it will pay you to insure your Property in

THE WAWANESA MUTUAL INSURANCE COMPANY

FIRST—Because it is owned and operated by the Farmers of the three Prairie Provinces for their mutual benefit and not to enrich stockholders of a company formed to accumulate wealth at the expense of the insurer.

SECOND—The cost of insurance is not only very low, but you are not required to pay your premiums in advance unless you prefer doing so, and no interest is charged where premium notes are taken. The agent's fee is all that is required to be paid in cash.

THIRD—The Company is thoroughly reliable, and its policies are better adapted

to Farm Insurance than any others issued. The use of steam threshers permitted free of charge.

FOURTH—The cost of adjustment of loss claims are paid by the Company and not by the insured.

FIFTH—Insurance on livestock covers them against loss by fire anywhere on the farm, and by lightning anywhere in Manitoba, Saskatchewan and Alberta.

SIXTH—That this is the Largest Farmers' Mutual Fire Insurance Company in Canada and must therefore be giving the best satisfaction.

Audel's Automobile Guide

With Questions, Answers and Illustrations

The automobile is becoming more and more one of the essential parts of an up-to-date farmer's equipment. In order that long life and efficient service may be obtained from a car it is necessary that the owner thoroughly understands its construction. "Audel's Automobile Guide" is the most recent and complete book published on the subject. The book is written so that the reader can understand all about the construction, care and management of motor cars and motorcycles. It answers every question that may come up in automobile work. It is well illustrated and is a convenient size for the pocket. The book deals in detail with the parts of a car, its operation, care, management, road driving, carburetors, wiring, timing, ignition, motor troubles, lubrication, tires, etc. It includes chapters on the storage battery, electric vehicles, motorcycles, overhauling the car, etc., and has an appendix on self starters and lighting systems.

To aid the reader in quickly finding any desired information, the book has been thoroughly indexed, each item being entered under every possible heading. The book is practical in every respect, it is profusely illustrated, attractively bound in limp leather and will be found to be a very valuable reference work for anyone who is using gasoline engines and particularly to owners of automobiles; 524 pages. The price post paid is \$1.50
