MINIOTA FIRE INSURANCE CO.

The annual report of the Miniota Farmers Mutual Fire Insurance Co. of Beulah, Man., for the year ending December 31, 1917, presents some very satisfactory figures. Insurance written grew from \$19,044,236 in 1916 to \$22,563,487 in 1917, an increase of over 18 per cent. Total assets have increased from \$363,140 to \$419,277, a growth of over 15 per cent. The losses paid during 1917 amount to \$37,441, which is less than in 1916, though the amount at risk was considerably greater. Last year \$25,000 was put into war bonds. It is worth noting that this is a very old company having begun business in 1887. The following figures in five year periods are indicative of the growth of the company:—

Dec. 31, 1887—Amount at risk	\$ 467,509
Dec. 31, 1892—Amount at risk	1,126,502
Dec. 31, 1897—Amount at risk	1,492,971
Dec. 31, 1902—Amount at risk	2,720,745
Dec. 31, 1907—Amount at risk	4,574,363
Dec. 31, 1912—Amount at risk	\$6,303,973
Dec. 31, 1917—Amount at risk	\$22,563,487

This company in its report calls attention to a point members of fire insurance companies should keep in mind and it is this: There appears to be an idea among many that if they let their premiums fall in arrears, the policy is automatically cancelled and their liability ceases. This however, is not so. Under the Mutual Fire Insurance Act of Manitoba, the liability of the company ceases as soon as a policy is in arrears for non-payment of premiums, but the liability of the assured still continues, and he is liable for all earned premiums, and any subsequent assessments which may be levied on his premium note.

DOWN ON TITLES

At a joint meeting of Farmers' Clubs held in York Township, Ontario, recently, the following was unanimously passed:—

Whereas the present world war is the latest and most desperate struggle of the people against feudalism; and

Whereas offensive feudal titles, such as knight, baronet and baron, are, notwithstanding, still imported into our country, with the connivance or consent of the federal government; and

Whereas these titles are a menace to our democracy, threatening it with the social cleavages of the old world, as well as with the intolerable evils historically allied with aristocratic insolence, influence and privilege; and

Whereas these titles have not infrequently been sought or purchased by men who have covertly exploited the people of this country, or have openly shown their contempt for the public welfare, thereby rendering the said titles doubly ominous and obnoxious; and

Whereas, with commendable promptitude, in order to render their own democracy immune and inviolate, the Washington government have just made it illegal for an American citizen to receive any such objectionable title; therefore resolved:

First—That it is the duty of the government at Ottawa forthwith to prohibit all further traffic in the titles aforesaid; to cancel such as have not been gratuitously bestowed for conspicuous public or philanthropic services; and by statute to decree the extinction of any remaining hereditary titles with the death of the present owner.

Second—That it would probably aid in making the world safe for democracy to decree that all future governors-general of this Dominion shall be selected from the ranks of untitled statesmen.

Third—That copies of these resolutions be forwarded to the premiers of Canada and Great Britain and to the press.

It is stated in military quarters in Winnipeg that no definite information is available as to when Class 2 will be called out. Military men state that they understand that Class 1 will be cleaned up before the next call is made. The opinion is expressed that categories B and C are likely to be taken—although it is stated that the services in to which these men could go are not requiring re-enforcements at present.
