FREDERICTON, N B., Oct. 6.-Pacorts from the North Shore constituencies indicate a complete sweep for the Liberals. Hon. John P. Burchill of Nelson, here tonight told The Sun representative, with permission to quote im, that he has not a doubt of Mr. Loggie's re-election in Northumberland by a substantial majority. Mr. Burchill is an old campaigner not undula optimistic. He has been stumping with Mr Loggie and talks with a knowledge of the facts: It may be mentioned here that James Robinson, Conservative M. With his son he left or Saturday for a three weeks' trip to the Western States, and it is known that many of Mr. Pobinson's warm friends who resent his being jockeyed out of the nomination are heartily supporting Mr. Loggie. With respect to Resti gouche and Gloucester, Mr. Burchil says neither Mott nor Burns have any prospect of election, and in Kent, Mr. LeBlanc's chances are considered ex cellent. A Conservative from an up river county says even Col Baker' friends admit he has no show against Michaud and is likely to lose his deposit.
