The Attempt to Dominate the U. S.

Never in the history of the Republic Hei ze \$1,20,000 for all his Butte cop-Never in the history of the Republic per mines one forenoon in New York, has so unique a political battle been and that afternoon Tom Lawson of Boswaged as that progressing at the present ton, raised the offer to \$5,000,000. or south. Formerly a vendetta existed ers refused the offer and vowed that he Letween W. A. Clark and Marcus Daly. would so harass and persecute Heinze Daly is fie.c.ly positive. In the golden the century. The Standard Oil nerve and iron resolution and he plied every trade and sought out every channel of business to woe the fickle goddess while Heinze's output for August was tend its company store business. The resumed shortly.

Amalgamated company in Butte was 12 per cent less than August of a year ago, vast copper trust to cut wages and experience to catch all that the question would be decided to the school matter he stated that the question would be decided to the school matter he per cent less than August of a year ago, vast copper trust to cut wages and experience to catch all that the question would be decided to the school matter he per cent less than August of a year ago, vast copper trust to cut wages and experience to catch all that the question would be decided to the school matter he per cent less than August was the per cent greater than for the August was the per cent of Fortune. And Fortune smiled at last and poured out upon him streams of in-

ly Utah mountains. Those were the he aided the Standard Oil people to days of obscurity but they were the days dominate the judiciary, the executive of Daly's greatest happiness in life. One and the legis ature of Montana.

Or Daly's greatest happiness in life. One and the legis ature of Montana.

In all evil hou. Calter entered into dreadful night, a frightful storm swept the valley and the frightened mother this bargain with the Standard Oil Coptant of the standard of the standard of the frightened mother this bargain with the Standard Oil Coptant of the standard oil Coptant oi

ed Marcus Daly's footsteps to Montana.

The world knows the rest of the story of this extraordinary.

The straordinary of montana to the sway of the tons. A shipment smelter.

This is no mere campaign gossip. 1 colossal business enterprise. His crea-

years, was never once free from debt and care. Byron, Steele, Goldsmith, Ben Johnson and Milton, were always and trust government. W. A. Clark is squalidly in debt and they are as immortial as the panets that keep company with our earth in its voyage around the sum. They do not like Clark—they never with our earth in its voyage around the sum. One of the most tragic stories in human annals is that of Mirabeau. He that fascinated, enraptured and charm.

STANDARD OIL TRUST Standard Oil managers undertook to do this two years ago. They got the control or management of all the great mines of Butte except those of W. A. Clark and F. Aug. Heinze. Butte produces nearly half the copper of America and nearly a quarter of the copper of the world. To consolidate the Butte Copper nines under one management was THE BITTER FIGHT IN MONTANA the copper mines of the continent and the world under Standard Oil manage

ment. It meant the creation of a trus The Kerosene Republican, Kerosene Democrat which would levy tribute off of every and Anti-Kerosene Parties -- The Old Har- government, every business and every cus Daly Party and the Three-Cornered Industry on the globe. It was a great sch.me, but it was blocked on the threshold. W. A. Cark refused the offer the Standard Oil people made him for his Butte, Montana, Sept. 26. Butte mines. H. H. Rodgers offered moment in Montana. The politics of
Montana have really no parallel. There
is nothing like them, east, west, north

on south Remerks a vendette evisted.

Henze, but always rejected. Heinze, once offered to accept \$25,000,000 for his
Montana copper mines, but H. H. Rodg-For a score of years the vendetta went along at most times full of the drollest comedy, but occasionally there were squalid and tragic elements interwoven therewith. Clark never was a match for Marcus Daly in that vendetta. Clark is tions and cross-suits and appeals against Heinze, till Montana courts have become essentially a negative personality while choked with the greatest litigation of days of 30 years ago both Bill Clark against He nze are pure black-mail. That and Mareus Daly were splendid types of has been proved again and again in the the pioneer that t.ansformed the western wilderness into mighty states. In
early manhood Clark turned his face to the West and drove a bullock team to ter of them so far, and they are further Montana. He shared in all the dangers off t day from the formation of their and vicissitudes of the wild frontier life great copper trust than ever. In August,

the girls lived in a cabin away down in the legislature of Montana. They the girl and Daly every now and then summoned T. H. Carter, one of their at summoned tonce, into council. They told him torneys, into council. They told him torneys, into council. They told him a hard worker, and for days at a time he would be away up the mountain at and judges amenable to their influences the would be away up the mountain at and judges amenable to their influences the mine and the todding infants and They told Carter that if he wished to the pie.

In a cabin away down in and the legislature of Montana. They of in this conflict, for stript of all verbings and of all humbug, this is, a fight to determine whether Standard Oil at torneys, and agents shall an future govern Montana or that the state shall continue to be ruled by the common people.

Mayor Lloyd A. Manly of Grand Forks was in the city last evening en route for Spokane, accompanied by his wif and daughter. In speaking about Grand Forks he said: "At Grand Forks connection has been made with the new power station, and the electric lights dradful night, a frightful storm swept the valley and the frightened mother nested her fittle girls close and prayed for her lord and master, who was away up amidst the snow and the avalanches. She had need to pray, for an avalanche came down that night and swept mill and shaft house and boarding house be not at the boarding.

Early in the evening he had gone over to Patsie Clark's cabin to chat smoke and with the Standard On people with wide smoke and while there the fury of the elements were unchained. Three times at the boarding house, but he at last turned back and shared the shelter of Patsie Clark's cabin to chat and the boarding house, but he at last turned back and shared the shelter of Patsie Clark's cabin to chat and the boarding house, but he at last turned back and shared the shelter of Patsie Clark's cabin to chat and the boarding house, but he at last turned back and shared the shelter of Patsie Clark's cabin to chat and the boarding house, but he at last turned back and shared the shelter of Patsie Clark's cabin to chat and the boarding house, but he at last turned back and shared the shelter of Patsie Clark's cabin to chat and the boarding house, but he at last turned back and shared the shelter of Patsie Clark's cabin to chat and the boarding house, but he at last turned back and shared the shelter of Patsie Clark's cabin to chat and the care the centered into Cate the Standard Oil people with wide to the care the curned of the same size in the Dominion of Canada. It has been recommend to the care the center of the same size in the Dominion of Canada. It has been extended 12 feet. The care then that under the care the care the care the first the new that the new capable man and he made this tause which the Standard Ou people with wide elements were unchanned. Three times would not stand the standard back and shared back and shared the shelf the haurise and in the light of administration of the night before. He shelf the haurise and in the light of a would came him politically for the head with the shead and the would out the head the head of the head the head of the he

this extraordinary man.

In the world have energy developed hidden resources that have enriched Montana and the world. Marcus Daly has had his faults, but the world is better and happier because of Marcus Daly, and when he is disasted and gone Montana can well afford to build him a monument that will per p tate h s fame forever.

Power and money are the corroding and obrrupting influences of life. The master minds that have lived along the tide of time and shaped the destines of the world have had poverty for Brides, Lincoln once said: "The story of my said of the poor." Burke, the greatest states man that swaped an empire for 1,000 years, was never once free from debt and popular torces opposed to trust methods are the vast majority of Daly's old.

I changon and Milton, were always that the vast majority of Daly's old.

Retter Light and Water Facilities Have Been Provided.

Mayor Lloyd A. Manly of Grand Forks was in the city last evening en route for Spokane, accompanied by his wif' and daughter. In speaking about Grand Forks he said: "At Grand Forks connection has been made with the new repeatedly. He insisted that he had been warmth, and had to be called to order repeatedly. He insisted that he had been misled into signing the report, and that he had not read it before signing, as he thought it ought not to be amended even by the full committee without consulting himself. Mr. Dean proposed all kind of remedies, but he had to remain satisfied with being told he could propose the struck out clauses again if he: pose the struck out clauses again if he wished in the regular manner.

A resolution was carried instructing the fire, water and light committee to confer with the Electric Light company with regard to a scheme of extending and improving the lighting system of the city.

rendering dogs liable to tax when under the age of six months was then read a second time.

The council then adjourned.

The Loyal Temperance Legion.

On Friday afternoon, September 28th, the Loyal Temperance Legion gave an entertainment, celebrating the annivr-sary of Frances E. Willard's birthday. A large number were in attendance to

by without shooting at it.

Customs Returns for September.

Collector McDonald has given out the collected, \$35,610; total, \$50,762. Duty collected, \$9,342,64; other revenues, \$10.50; total, \$9,353.16.

Jim Fell and Ed. Cuff, heavyweights, Jim Fell and Ed. Cuff, heavyweights, who are matched for a 25-round glove centest, are in active training. Fell is putting himself in condition by taking 15-mile walks, by playing hand-ball and runching the bag and sparring with all comers. Cuff takes long walks over the mountains, spars a little, and already seems to be in fair condition. By the time the contest takes place both will be in condition to give those who attend
