WANT AD HOROSCOPE JULY 25 People having this birthdate are noted for their wisdom and power, when fully developed. The greatest of South American patriots, Simon Bolivar, was born on July 25, 1783, and the story of his life will be helpful to others who have a similar birthdate. Another famous soldier and the secretary of war under Washington was Gen. Henry Knox, who was born on this date in 1750. The men in their activities show strongly what the Leo person may achieve if persistent and alive to his opportunities. Many great financiers have this birthdate as well as lawyers, diplomats and men holding high public positions. These people have a powerful will and having once set their mind upon the accomplishment of their purpose it is of little use to try to turn them aside. A Want Ad will bring good results when used by merchants, druggists or manufacturers to find capable employees. Farming interests will be well sold through a Want Ad.
