Lord Roberts Pushing North With Whirlwind Rapidity.

General French Clearing the Way With His Cavalry -The British Continue Their March to Kroonstad, President Steyns' Present Headquarters.

London, May 4.—The War Office last evening received the following from Lord Roberts, dated Brandfort, Friday, May 4: The mounted infantry have gone on to the Vet river. The rest or the force will march there tomorrow. The railway has been repaired to this point. "Hunter reports very satisfactory news - that the passage of the Vaal has been carried at Windsorton without opposition."

PUSHING ON RAPIDLY. London, May 5. - The mounted infantry, with Lord Roberts, among whom are the Canadians, have picketed their horses on the south bank of the Vet river, 18 miles north of Brandfort. The head of Lord Roberts' columns has thus advanced 32 miles from Karre Siding in two days, or 53 miles no th of Bloemfontein. Little power was spent; The British work was hard marching, the Boers retiring out of the reach of the British shells.

The correspondents supplement Lord Roberts' plain statements with a few details. As Gen. Hutton, with the first mounted infantry brigade draw near Brandfort he saw a khaki clad body of troops ahead of him. He was surprised, but thought they must be the British. Soon, however, they opened fire on the British, who replied heavily. They were the Irish-American brigade from Lorenzo Marquez, and it is reported that the Irish lost sewerely.

The Boer flag was flying over Brand-fort as the British entered the town. Several British wounded were found in the hospital. The mayor gave up the keys of the public buildings to Capt. Ross. Lord Kitchener arrived at Brandfort at noon and Lord Rob-erts at dusk. erts at dusk.

CLEARING THE COUNTRY.

Gen. French's cavalry are scouring the country northward. The expectation is that the infantry advance will be continued toward Kroonstad im-

Although no prisoners were taken,
and although no hot pursuit was attempted, the news greatly cheers London. Nevertheless it has not been received with the fine rapture that attended the first successes of Lord

Gen. Hunter's crossing the Vaal at Windsorton brings the relief of Mafeking, 195 miles beyond, almost within a calculable interval. It is now regarded as quite possible that Mafeking may be succored before the Queen's birth-

The debate in parliament on the Spion kop despatches proved a disap-pointment to the supporters of the government. The ministerialist peers onfess to a certain amount of incon sistency and weakness in the state-ments of the spokesmen of the gov-ernment. On the other hand, as the Standard points out, the opposition profess to be well satisfied with the debate, as they believe it has injured the government and has rendered Lord

THEY GOT THE RANGE. THEY GOT THE RANGE.

Warrenton, Cape Colony, May 4.—A
British six-inch quick-fire gun opened
unexpectedly on the Boer laager yesterday at a distance of seven and a
half miles, throwing hundred-pound
shells with wonderful accuracy and
causing hasty retreat of the burghers.
The bombardment continued to-day
at all points by howitzers and field
guns, supported by two companies of
the Munster Regiment, the Boers being driven from shelter and their guns
being put out of action.

WAR NOTES. Ladybrand was recently full of Boer wounded, who have now been removed to Ficksburg. Smithfield has been occupied by Gen. Hart's brignide. Out of the 150 Boers in the town 25 were captured and the

It is expected that a batch of Boer prisoners will be sent to Ceylon. The Imperial Government has approached the Ceylon authorities on the subject, and has asked them to suggest a good site for a call p.

The London Gazette contains Gen. French's report of the disaster to the Suffolk Regiment, in the Colenso district, Jan. 5th, which he attributed entirely to the fact that a majority of the four companies of the regiment engaged were seized with panic and retired. He pays high tribute to the officers of the regiment and the men who remained with them.

Nicholas Flood Davin Wants to Lay the Hand of the Law

Jon Them-Ticket-of-leave System Extended to Jalls and Prisons.

Ottawa, May 5 .- In the commons yesterday, in committee upon the Criminal Code Amendment Bill, Mr. Davin moved an amendment to the clause providing penalties for the production of indecent shows. Mr. Davin wished to increase the severity of the clause by penalizing any persons who "place on the stage a play or drama or melodrama or spectacular enter-tainment pandering to licentiousness."
Mr. Davin spoke eloquently for a time on the morality of the stage.

After discussion the clause was al-lowed to stand for further considera-

The bill from the senate extending

the ticket-of-leave system to prisons and jails, as it now applies to peni-tentiaries, was given its third reading

measure, explained that the procedure followed in granting ticket-of-leave was this:—When a petition is viewed by the minister of justice for the pardon of a convict or the granting of a ticket-of-leave, it is referred to the judge who tried the case, and the warden of the penitentiary. The lat-ter has to report upon, among other particular, as to the conduct of the particular, as to the conduct of the prisoner during incarceration and the remission, if any, earned by him. The trial judge or magistrate, is to report as to the evidence, etc., which led him to impose the sentence. With these particulars before him the minister of justice makes up his mind whether to release the prisoner entirely or grant him ticket-of-leave, and reports to council accordingly. As to whether to release the prisoner entirely or grant him ticket-of-leave, and reports to council accordingly, As to whether the pardoning power is vested in the Dominion or Provincial authorities, the department of justice holds that the power of pardoning all offenses against the criminal law undoubtedly lies with the Governor-General; while the pardon of offenses against provincial statutes belong to the Lieutenant-Governor. The minister of justice deals only with offenses against the Dominion law, mostly confined to the criminal code. In regard to the working of the act during the past year, the prime minister said that out of 202 applications for elemency—mostly for ticket-of-leave—30 licenses or ticket-of-leave had been granted, three of which had since been revoked, because the persons refused to comply with the undertaking to report regularly to the authorities. No tickets were granted to old offenders, and were only issued where the conjuct of the prisoner was reported to be very good.

The bill went through without further discussion.

FIT?

That is the question —Fit is the very first requirement in shoes. No matter whether the leather is the finest and the shape the most beautiful on earth, if the shoes do not fit they should not be worn-and will not be by patrons of ours if we can help it.
