LECTURE.—Prof. R. V. Jones will deliver a lecture at "Evangeline" Hall, Grand Pre, to-morrow (Saturday) evening. Subject—"The English Lakes and the land of Burns." Admission 10 cents.

We would direct the attention of the street commissioners to a dangerous hole in a bridge on the street leading past the Presbyterian Church. A little expense now will perhaps save the County from paying two or three hundred dollars damages.

Prof. J. P. Tuck, of the R. R. Palace Photograph Car, has placed with me for collection, all accounts due them for pictures taken in Kentville and Wolfville. All persons thus indebted will take due notice and govern themselves accordingly.

POTATO-OSITY.—Mr. Esty Bishop of Greenwich laid on our table two potatoes, one of which is a yearling in perfectly sound condition, the other is an infant, born this winter, but very fine and healthy looking. While this may be beaten as regards healthy old potatoes we reckon we have been the first on New Potatoes for 1885.

We are now furnishing Letter and Note Heads, Envelopes (cornered or addressed), Bill Heads, Counter Heads, Statements, Business Cards, Shipping Tags, and all kinds of plain and ornamental printing at extremely low prices. Samples and prices furnished on application.

Miss Minnie Higgins, formerly teacher in the Park Street school of this city, recently resigned her position and left Monday morning for Tacoma. At this point she was met as arranged by Mr. G. F. Baldwin, of the Victoria Times, and quietly married. They at once proceeded to Victoria where they will take up their residence. Mrs. Baldwin has the best wishes of a host of friends in this city, and the News extends press congratulations to the happy groom.—Portland (Oregon) News.

Mrs. Baldwin is a daughter of our townsman Mr. W. J. Higgins. The ACADIAN also wishes the happy couple every success in life.

People are finding out every day that the merchant who gives long time must get long prices. Caldwell & Murray sell for cash or its equivalent and the people save money by buying from them, because there are no bad debts to be made up.

[From our Coldbrook own correspondent.]

A young man named C. Huntingdon cut his foot badly last Friday. He was chopping in the woods about a mile from Coldbrook where he lives, and in some way drove the axe into his foot. The cut is from the second toe up into the instep and the whole bit of the axe went clean through the foot. Dr. Moore, of Kentville, dressed the wound.

The singing school at Coldbrook, under the efficient leadership of "Prof. Spinney, the man who sings," is getting along finely this winter. A concert is to be given about the 14th Feb'y.

GRAND BENEFIT NIGHT AT THE SKATING RINK.—By the kind permission of the ticket-holders the Wolfville Cricket Club have engaged the Rink for Monday evening, Feb'y 9th. A choice programme of music will be provided by the Wolfville Quintette Club. The Rink will be illuminated by the Electric Light.

Admission—Skaters 15c, Children 10c., Spectators 10c.

Why pay six or seven dollars for making a suit when you can get a better fit and better made at Caldwell & Murray's for little more than the price of the cloth. Their overcoats are the best fitting in the market and wonder fully cheap. Dec 12

OUR STRING BAND.—Among the new features at the Rink this winter is the String Band, lately organized by the Messrs. Munro, which made its first appearance last Friday night. It at present consists of Messrs. George W. and D. R. Munro, First Violins; A. J. Woodman, Second Violin; C. H. Borden, Cornet; B. G. Bishop, Violoncello; and Mrs. A. S. Murray, Organist. The music performed on Friday night was very nice and elicited favorable comment and hearty applause from all. Though rather light as yet to overcome the great amount of noise and chatter always made in a skating rink, it made a pleasing addition to the evenings enjoyment. It is expected soon to have several more instruments added and the movement gives promise of being a very popular one among the patrons of the rink. We congratulate these young men on their enterprise and hope some day to see Wolfville the possessor of a first-class Band. Meanwhile if there is anything the ACADIAN can do to help on this enterprise its services are cheerfully proffered

We will send the ACADIAN and the Hearthstone, Farm and Nation, a first class monthly Agricultural Journal, for only \$1.00 per year in advance, the usual price of the H, F. & N. alone.

Members of Lochartville and White Rock Divisions of the S. of T. paid a fraternal visit to their Brethren of Gaspereau on the evening of Jan. 31st. They were cordially received by the members of said division, although the visitors were laid under tribute. Speeches were made by various brothers relative to the order of the S. of T. Music was not interspersed as is usual on such occasions—perhaps it was not laid down on the programme for that evening; but there was music of a type not usually cultivated by the great Masters of Song. It did not proceed from the organ in the division room, but from an instrument that might resemble Darwin's missing link yet sadly out of repairs. The Celeste Stop was completely gone, the Vox Humana shattered; but the Diapason and Diabolo in full blast. Other parts of the instrument were mellowed and toned up with Old Rye; and this music was bound to enter the Hall and, indeed, made frantic efforts to do so, allured, perhaps, by the fact that no music was forthcoming from the large array of musical talents within. At last silence reigned for a time until "a dainty little ditty" was warbled by a Lochartville brother. It died out for lack of appreciation. It put a quietus upon any further musical effort that night. We would quietly observe that when fifteen or twenty ladies of rare musical gifts assemble together that something should be done to stir up the gift within them. Perhaps they revel in the thought "That many a flower is born to blush unseen And waste its fragrance on the desert air."

The Rev. Dr. Hill, Rector of St. Paul's, Halifax, writes, "I think it but fair that I should say publicly what I have so often said privately, that EAGAR'S PHOSPHORINE has been the means of restoring to health a friend of mine who was in an advanced state of CONSUMPTION."

Found! a Plum Tree that will not Black Knot!

The Masters Plum Tree has stood the test 40 years in Kentville, King's County, Nova Scotia. Chas. A. Masters, of Kentville, found this tree growing on lands now owned by Judge G. A. Blanchard forty years ago, and removed the tree to his garden in the village, where it now stands a healthy bearing tree, and is now owned by me. There are scores of trees throughout the village in bearing from 4 to 20 years old which bear every year, and not one of them has black knot on any one of them. The tree is an annual bearer of rapid growth, growing tall not spreading. The Plum is quite large, purple color, and of excellent quality. It is the best preserving plum grown, and sells higher than any plum brought into the market. Last year, while the crop was immense, this plum readily brought \$3.00 per bushel, \$1.00 more than any other variety offered for sale. We have several hundred first class trees to offer for the spring planting and intend to plant 6,000 root grafts here. That this is the best and most profitable Plum Tree to plant that is grown in the Dominion of Canada, and that it will not black knot we refer the planters of this delicious fruit to

F. S. Masters, Barrister, of whom we purchased the original tree; also to Chas. A. Masters, G. A. Blanchard (Judge), J. R. Blanchard, H. B. Webster, M. D., J. E. Mulloney, M. D., Otho Eaton, John Byrne, T. E. Smith, J. A. Shaw.
