## GAS CONSUMERS.

Pay your accounts on or before Monday, the 10th instant, and save discount.

D. GUTHRIE, President, Guelph Gas Co.

## Local News.

This public school re-opens on Monday at 10 a.m.

There were three traps in the catch last night.

Warranted from the north-west; fair colder weather with snow in some localities.

JOHN CANTON found himself in a dilemma early this morning when he rescued a family in St. David's Ward in quest of his brother-in-law's place on the York Road.

A woman was seen four feet above the Queen's Hotel last night. They were valued at 10 and belonged to J. Ferguson, of this city who offers 25 reward for the recovery of his property.

SMITH SURVIVOR.—M. Hanning, conductor of the Dutch Mail train, is still suffering from inflammatory rheumatism. Some time will elapse before he will be able to resume duty.

It has been learned that the thief used by the burglar in raising the window of J. B. Armstrong's house was stolen from J. W. Lyon's house, where it had been left by one of the carpenters.

SKATING is a very healthy exercise. It not only puts in play all the muscles of the legs and arms, but it creates bumps on the head for phonologists to feel and report on.

PIZZON POR.—A pigeon pop took place on Friday afternoon near Sieman's brewery between the following Nimrods, ten birds a side: S. Duffell, 6; George Sieman, 4; M. Deady, 4; John Hewer, 3—17 birds out of 40.

TIGROS TERRIBLE.—Mother Shipton prophesied: "And the world to an end shall come in eighteen hundred and eighty-one." And now prophets foretell of marvellous things to happen in 1887, when astronomers say, the Star of Bethlehem will appear for the first time in 315 years.

INSTALLATION.—At the regular meeting of Progress Lodge, on Thursday evening, the officers elected at the previous meeting (whose names have already been published) were duly installed. After closing the Lodge they adjourned to Bro. Ellis' Hotel, where a splendid oyster supper was partaken of.

HANDSOME SLEIGH.—Two very handsome hand-sleighs are on exhibition in the window of Mrs. Wright's variety store. They were made by T. A. Woodside, East Boston, Mass., for some friends in this city and are the envy of all the small boys who have seen them. The painting is unusually well executed, being excellent in design and finish.

MISSIONARY SERVICES.—The annual services in connection with the Methodist Missionary Society, will be held in Dublin street Church to-morrow. Sermons will be preached morning and evening by Rev. Dr. Sanderson, of London, Chairman of London District and ex-President of Conference. The public missionary meeting will be held in the afternoon, at 2.30, when addresses will be delivered by Rev. L. E. Nugent, Dr. Sanderson and others. As this Society is relieved of its heavy burden of debt, we look for special interest to gather around all the services of this year, as the subject for addresses will no longer be interest and debt, but increase of workers and extension of borders. I.

A COMPARISON.—A comparison of the annual reports of the Chief of Police of this city and Chatham shows the following facts in favour of the police here:—The returns of fines in Guelph in 1880, amounted to \$1064.80; in Chatham they amounted to \$933.20—difference in favour of Guelph \$91.60. The Guelph police collected for dog tags \$77.40; the Chatham police \$48.50. Guelph had 671 lodgers, Chatham had 176, showing that more of these characters pass through this way, Guelph being more centrally situated than Chatham. The night watchmen here found 177 doors open during the year; the Chatham night watchmen found 16 open. In Montreal the police found 125 doors open at night during the year. The greater number found open in Guelph either shows that residents are exceedingly careless, or that the police are extremely vigilant.

## THE TROUBLES IN IRELAND

## LAWLESSNESS STILL RAMPANT.

The Land commissioner's Report.

The Pall Mall Gazette says there are grave misgivings that the Government Land Bill will prove inadequate.

A Dublin despatch says:—The prosecution of the Land Leaguers and the prospect of repressive measures in Parliament have not had any quieting effect in the west of Ireland. A balliff and his wife, and a wife and son of a tenant, were recently seriously assaulted at Ballinmore by armed men. For the last month no petty sessions have been held at Ballinmore, but the League Court is regularly sitting.

The Standard says that the Leaguers have decided to systematically obstruct the progress of the Coercion Bill through Parliament.

The Government is actively and determinedly suppressing the practice of "Boycotting." The constabulary have been instructed to attend fairs and markets to prevent it. Several persons have already been prosecuted for "Boycotting."

DEBTORS, Jan. 7.—The report of the Land Commission has been sent to the Government. The report expresses the views of the Commissioners, two dissenting.

The three Land Commissioners in their report to the Government, recommend the adoption of the three F's—fair rents, free sales, and fixity of tenure. They admit the principle of free contract, but intimate that practically such freedom does not exist. They propose that the rent be fixed by two arbitrators, one representing the tenant and the other the landlord, with power to summon an umpire, and that the rent is to remain unchanged for 21 years. They would take away the power of eviction except for non-payment of rent, sub-letting, or waste. Occupying tenants are not to be allowed to contract themselves out of the Act, but non-occupying tenants should be allowed to do so, except within a certain limitation. Corporations and limited owners should be enabled to sell to the amount of an annual payment not exceeding the present rent. The Commissioners also recommend the adoption of the three F's are Lord Belper, Baron DOWSE, and Wm. Shaw, M.P. The dissenters are Kavanagh and the O'Connor Don.

ALBION, a tradesman of Tralee, and a member of the Land League, has been arrested.

Fury and ten other prominent members of the Aungthawng Branch, Land League have been arrested.

The Queen and the Princess Louise.

LONDON, Jan. 6.—The best authority says that the stories persistently put about in one or another of the society journals for months past as to a serious personal disagreement between the Queen and Princess Louise have absolutely no foundation. The truth is that the Queen has exerted her maternal authority to prevent the Princess from returning to Canada, on the specific declaration of Sir Wm. Jenner that the health of the Princess has been so severely shaken by the consequences of the serious accident which occurred to her last year at Ottawa as to make it a question of life or death whether she should pass the winter quietly here under treatment, or venture upon an Atlantic voyage and a Canadian winter. She is under the care of Sir Wm. Jenner, and her condition is still too precarious to make it possible for her advisers to fix any time at which it will be prudent for her to set out on a transatlantic trip.

The Menonite reserve in Minnesota comprises seventeen townships. The first settlement was made in 1876, and the population of the reserve in 1879 was 2,841. In that year the total amount of wheat raised was a little more than \$900,000 bushels, while the value of the stock and implements was \$140,000. The community now consists of 4,000 people, divided among 94 villages.

The community now consists of 4,000 people, divided among 94 villages.

## An Address to Mr. Forbes.

Scottish Societies Preparing to Welcome the Famous Correspondent.

A well attended meeting of St. Andrew's Society was held in the Caledonian rooms on Friday evening for the purpose of considering the propriety of preparing an address for presentation to Mr. Forbes, during his visit to this city on Tuesday.

The President, Mr. J. C. McLaughlin, presided. The following resolutions were unanimously carried:—

Moved by Mrs. James Jones, seconded by Mr. William Stewart. That the St. Andrew's Society present an address to Mr. Forbes on the occasion of his visit to this city, at seven o'clock, on Tuesday evening, 11th inst., and that the Caledonian Society be invited to co-operate in this movement. Carried.

Moved by Mr. John McKenzie, seconded by Mr. Geo. Bruce, that Messrs. McLaughlin, James Stewart and the Secretary, Mr. Geo. Anderson, be and be authorized to select a committee to prepare the address, and that the officers of the Caledonian Society be asked to co-operate with them. Carried.

The meeting then adjourned.

## The Syndicate Meeting in Mount Forest.

On a requisition sent to the Mayor by a number of ratepayers, a meeting, called by that official, was held on Tuesday night, the 4th inst. Mr. Stovel, Councillor, in a brief speech referred to several of the objectionable features of the Syndicate terms.

Mr. James McMillen, Reeve, was the next speaker, and in an address of an hour and a half referred to an able review of the various objections to the construction of the railway which had been submitted to the country by both the Reform and Conservative Governments.

He was followed by Mr. Boulton, who strongly opposed the amendments proposed to the argument advanced by Mr. McMillen.

Mr. John Rodgers, a local Tory of pronounced colour, was the next speaker, and in a disconnected style supported the Government view of the question.

Mr. Charles Bodley then referred to some of the peculiarities in Mr. Boulton's character, and claimed that his presence at the meeting was an intrusion. He charged Mr. Boulton with making ungenerous and ungentlemanly reference to the late Mr. Brown, and with being a traitor to the principles which he had formerly professed to uphold.

Mr. Stovel, seconded by Mr. McMillen, then moved a resolution condemning the conduct of Mr. Boulton.

Mr. Kingston, seconded by Mr. Sherwood, moved an amendment in his favor. A division was called for on the amendment, when a request was made that none but ratepayers should vote. Some confusion followed, undoubtedly instigated by conservative wire-pullers, and was found impossible to obtain a correct expression of opinion on either amendment or motion, although it was quite evident that the large majority of the ratepayers present were strongly opposed to the concessions being made by the Government.

The meeting broke up with three cheers for the Queen and for Mr. Blake.

## A CHILD SMOTHERED.

A very sad occurrence was made manifest at New Dundee on the afternoon of Christmas day. A Christmas festival was being held in the church in that village, and among those who were invited to it were Mr. and Mrs. Henry Gerbig, of Mannheim, with their infant child. When they arrived at the church, Mrs. Gerbig proceeded to take the baby from the wrappings, which had been intended to keep the child warm, and when she had done so, she found that the poor little thing was lifeless—that it had been smothered on the way over. Her distress on realizing this her own child was most painful to witness, and the utmost sympathy was manifested for herself and husband by those present in the church.

## THE ELORA CARRIAGE FACTORY.

The Express says:—Mr. Campbell, of Glasgow, Scotland, a large manufacturer, was at Elora, on Tuesday, the 1st inst., to inspect the factory with a view to purchase. Should the property become his he will expend from \$75,000 to \$100,000 in new machinery, and run the business on the most approved principle. He was well pleased with the place, and left here with the intention of making arrangements for the purchase of the property.

## ENTREPRENEUR.—The Acton Free Press says:—

"On Thursday evening last, a shanty in the swamp on Mr. Hyde's farm a few miles from here, which has been a long time called home, by some means caught fire and was totally consumed. The occupants did not believe in wasting time by weeping over their loss, but immediately went to work with a will, and by the light of the burning shanty, cut timber and erected a new one and had their stove in place in the new cabin before it had got cold after being burnt in the old one."

## BRUTAL ASSAULT.—An Geo. McKeever and Wm. Board were driving out of Lis-towel on Monday morning they were met by a team driven by two men named Ham, of Elms township. A dispute took place about the right of way, which resulted in a fracas, in which McKeever and Board were severely beaten with sleigh stakes. Board is probably fatally injured, and was left senseless until assistance came. McKeever escaped without any serious injury. Warrants have been issued for the arrest of the Hams' father.

## DEATH OF JUDGE DUNN.—Hon. Christopher Dunkin, D. C. L., Q. C., former of the celebrated "Temperance Act of 1847," commonly known as the "Dumpan Act," died at his residence, Knowlton, Quebec, on Thursday night, after a lingering illness. The deceased judge was born in England in 1813. He sat in the Canadian Assembly for Drummond and Arthabaska from 1857 to 1861, and for Bromo after 1862. As Confederation he was made a dual representative in the Local and Dominion Houses. From July 1867 he was Treasurer of Quebec Province until he was
