Hartland Department Store

An Open Letter to My Customers :

Now that the war is over business should be better than ever. Everything needed for men's sustenance will be required in large quantities.

There are armies to be fed—armies of Allies, armies of Prisoners, armies of disabled men, multitudes of destitute people throughout Central Europe, Russia, The Balkans, etc, need food. It will be a year or two before the supply of food will meet the world's demands. That means continued prosperity on the farms. Eggs, Butter and Poultry, Hay and Oats will never again be down to the prices they used to be. And on the other hand the things the farmer has to buy are not going to tumble in a hurry. Don't put off buying expecting things are going to be cheap. The things you require are needed more in Europe than here. But wages will keep up as men of all occupations are needed and one thing will even up the other. Although prices have been high since the war commenced people in Canada have never made so much money or found it easier to get along. We are stocking up with new Spring Goods! Come and see Us!
