BRITONS WIN CUP.

Leanders Administer a Drubbing to Much Naunted Americans at Henley.

A GREAT CROWD WITNESSED THE RACE.

HENLEY, July 5.—To the disappointment of all the Americans at Henley the Leander Rowing Club this morning defeated the crew of the University of Pennsylvania, in the final heat for the Grand Challenge Cup. There was bright sunshine and a puffy cross wind blew from the Bucks shore, slightly favoring the Leanders. The followers of the British crew evidenced the greatest confidence but never offered anything beyond even money. A Philadelphia occupant of a house boat said to have invested \$300 in favor of his crew.

Never before was such cheering heard at Henley as greeted the contestants for the Grand Challenge Cup all down the course. The result called forth cheers from the partisans of Leander.

The Pennsylvanians reached their boat house at 11 o'clock apparently as fit as possible, while many of the followers of the red and blue showed marks of the intense strain of the final minutes. The crew stripped, chaffed and laughed as coolly as though going out for practice. Ellis Ward, the American coach, placed a miniature American flag upon the rudder of his boat as the coxswain came to the boat house and said to Smith: "Keep that as far ahead, my boy, as you can."

Both crews at the start showed no trace of nervousness and were sent

away in capital style. The Pennsylvanians rowed 43 to the minute and the Leanders 42. At the end of Temple Island the Americans led by three lengths. At Henley the time was 3 minutes 25 1/2 seconds, with the Leanders three feet ahead. From there it was a splendid struggle, out of which the Leanders gained inch by inch. The mile was reached in 5 minutes 15 seconds with the Leanders half a length ahead, which they increased to three quarters of a length. At the 1 1/2 mile the Pennsylvanians made a desperate spurt, but it was no good and two men weakened perceptibly opposite the grand stand. The Leanders won by a length. Time, 7 minutes 44 1/2 seconds.

Silver Goblets—Final heat—Balliol College, Oxford, beat the Belgian crew easily. Time, 8 1/2. Thames Challenge Cup—Final heat—Trinity Hall, Cambridge, beat Kingston Rowing Club by one and a quarter lengths. Time, 7 23. Ladies Challenge Plate—Final heat—University College, Oxford, beat Eton by two lengths. Time, 7 28. Diamond Sculls—Final heat—O. V. Fox beat G. Ashe, winning easily. Time, 8 52. The Stewart Challenge Cup—Final heat—Third Trinity, Cambridge, beat Leander Rowing Club by five lengths. Time, 7 54.

CARDIGAN, June 28.—An exceedingly severe thunder shower passed over this place yesterday. Residents say it was the most severe thunder and lightning they ever experienced. During the storm a lightning bolt entered the ground about eight rods from A. Dixon's house. It tore up earth and stones thrown a great distance but fortunately did not do any damage.

Miss Armstrong, teacher of Tay Mills school, whose illness was mentioned in these columns before, is, we are glad to hear, somewhat improved in health. We are sorry she will not have charge of the school next term, as it will be difficult to fill her place. She spared neither time nor labor in her endeavor to have the scholars advance in all branches of learning. We hope that she will soon be entirely recovered.

The semi-annual examination of the Cardigan schools, was held to day. The scholars conducted themselves in a manner which reflected great credit upon both themselves and their teacher, Miss Nettie Caldwell of Marysville. The visitors present seemed much pleased with the work done during the term, and all are sorry she has decided not to return another term.

Scarlet rash has made its appearance in this vicinity.

Mr. John Jones of Keswick, a popular pedlar, has put in an appearance again.
