

BRANCH LINE COMMISSIONERS DELIGHTED WITH GLOUCESTER CO.

Was One of the Finest Counties in
the Maritime Provinces--Farms
Well Kept.

MOST BEAUTIFUL SCENERY

(Special News Service)
MONCTON, Saturday.—The Branch Line Railway Commissioners, Messrs. Tiffin, Storey and Bowden returned to the city this afternoon from inspecting the Kent Northern and Caraquet and the Gulf Shore railways. Mr. Tiffin when interviewed said that of course any information he had to express about the roads must be first given to the Government but he had no hesitation in expressing an opinion about the country through which they passed. He knew the Kent Northern section was a splendid section but he had

no conception of the beauty of Gloucester County. It was certainly one of the finest counties which he had seen in the Maritime Provinces. It was well settled, the farms well kept and presented a thrifty appearance. The scenery also was most attractive and the general appearance of the county delightful.

The Commissioners will inspect the Salisbury and Harvey Railway early in the week and then the Pictou and Havelock, and afterwards the St. Martins railway.

FOREST FIRES ARE DOING MUCH DAMAGE IN SOUTHERN N. B.

St. Stephen Almost Surrounded. By Fires Which for a Time
Threatened the Town--Many Men Were Fighting
the Flames.

FIRE IS NOW UNDER CONTROL

(Special News Service)
RHINELANDER, Wis., Monday.—Towns of Gagen and Woodboro were destroyed by forest fires yesterday and as a result nearly four thousand people are homeless. Men, women and children fought valiantly to save their homes but without avail, and at last were forced to flee for their lives. Women carrying children in their arms and men and boys with packs on their backs ran towards Rhinelander, many falling prostrate in the heat only to be helped on by the stronger refugees. Nearly all of those burned out at Gagen reached Rhinelander last night and are being cared for. But few of Woodboro's people are here and it is not known what has become of them. Fire is fresh and not a continuation of the fires which did so much damage last week. When the blaze started the wind was from the west and it was feared that Rhinelander with its homes for 1000 persons was doomed also but a change in the direction of the wind probably has saved the city. The towns of Gagen and Wood-

boro are on the Soo railway. Reports say nothing is left of Gagen. The citizens have decided to ask the Governor to order out the militia to assist in fighting the flames which because of the condition of the woods threaten to destroy the forests. It is feared that the wind may again shift and the mayor and chief of police believe that the danger to Rhinelander is not yet over. Hundreds of men have gone out from this city to fight the flames.

THOUSAND HOMELESS IN WISCONSIN TOWNS THOUGH FOREST FIRE

(Special News Service)
ST. STEPHEN, Monday.—The forest fires in this vicinity that, on Saturday threatened great damage, are at present "under control," moderate winds having prevailed for 48 hours. Saturday great clouds of smoke were passing directly over the town from fires between Basswood Ridge Road and Hanson Settlement. Three hundred men fought it stubbornly all day Saturday and during the night and Sunday. This fire approached within a half a mile or less of our beautiful cemetery which was only saved from destruction by stupendous exertions. The blaze started in a heath back of Wm. Duce's farm house and is reported to have been the result of that man's determination to burn brush in spite of the protests of his neighbors. It has burned over a section of land three miles long by one mile broad and is still burning. The fire has reached land owned by the estate of Hugh Thompson on which a smaller fire had been burning for some days. Another stubborn fire is doing much damage down at Waseig and has been fought since Saturday by large crew of men. It is believed to have been set by sparks from N. B. Southern Railway engine. All the people from that section who are in town were summoned home on Saturday to fight it.

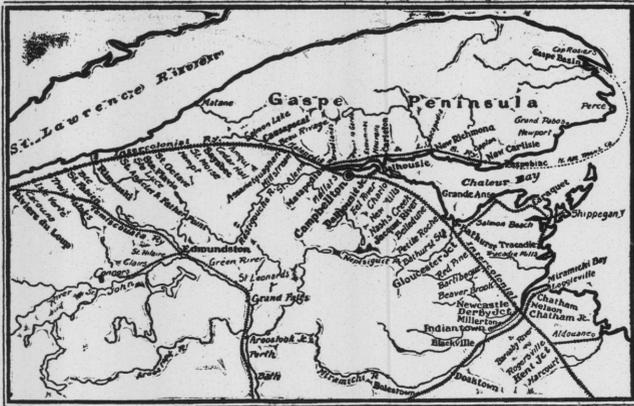

On the American side of the river the fires are burning back of Red French and near Woodland. ST. GEORGE, N. B., Monday.—Fires started today at Letang and Pennfield have not assumed dangerous proportions as yet. Fire is also reported in Bliss Island. Slight showers this afternoon relieved the anxiety of farmers near town who have been watching night and day for two weeks.

POINTED PARAGRAPHS.

Cultivate bad habits and you'll reap miseries.

Many a man makes a fool of himself by acting smart.

Even a society ball doesn't care to marry a blooming fool.

It's as easy not to do things as it is to tell others how to do them.

"That's what I 'lowed I would."

"Yes, sir," said the bridegroom, meekly, "I guess I'll have to."
