

## BITTEN BY VICIOUS DOGS.

Four of the Little Ones Are Severely Injured.  
One Animal is Killed Others Still Live.

Magistrate Points Out Difficulty of the Law in the Case.

Toronto, June 15.—The doom of many a man has been decided with less ceremony and struggle than was shown in the police court yesterday afternoon when an application came before Magistrate Ellis asking that Mr. Henry Nerlich's big St. Bernard dog Rex be destroyed for medical purposes. Counsel and medical experts were in evidence on both sides, and after an extended hearing a week's adjournment was granted.

The application arose out of an attack which the animal made last week on Roxborough avenue on five-year-old Gordon Strong. Dr. Riordan, who is treating the little fellow, said he was badly bitten in six places on the thigh and arm, and that it was of the utmost importance that the animal be destroyed so as to discover from an examination of its brain whether it is suffering from rabies or not. "It is too late to save the child. If the animal is not infected it should be destroyed anyway as a vicious animal," said the doctor.

Counsel for the father in support of his application produced two other little boys who had been bitten by the dog, and intimated that he also had a petition signed by twenty-five residents of Roxborough avenue, asking that the animal be destroyed. One of the boys was bitten ten days ago, and showed the magistrate the scar.

### FOR THE DEFENCE.

As an expert witness for the defence Mr. Nerlich called Dr. Fred Morphy, of the Toronto Cat and Dog Hospital, who has studied under Pasteur in Paris. Dr. Morphy said he now had the dog in his hospital and it was in good health. He said it was unnecessary to kill the dog. "But if the dog is left for two or three weeks and rabies develops what chance has the child?" inquired counsel of the witness.

"I'm not treating the child," was the doctor's reply.

Another witness who testified that the dog wouldn't bite anyone was reminded by the magistrate that it had already bitten three children. Gordon Strong was too ill to be brought to court.

### THE MAGISTRATE'S DILEMMA.

After hearing the evidence of Messrs. Herman Nerlich, J. W. Alexander and Henry Nerlich, Mr. Ellis announced that he was satisfied the dog was not fit to be at large. "But under the present law," he added, "I cannot enforce any order to destroy the animal. I can only make an order and inflict a fine if the order is not obeyed. Undoubtedly Mr. Nerlich would pay the fine, and we would be no further ahead."

"To fine Mr. Nerlich would be no satisfaction to me," spoke up Mr. Strong, "I only wish the animal's brain to be examined because of the help it would give the doctors."

Finally it was agreed to adjourn the case for a week. Mr. Nerlich promising to keep the animal in the hospital for a while, and to muzzle it when it goes out on the street in future.

"If it would really help the child I would have the dog killed, but I am told by experts that it would not," said Mr. Nerlich. In the meantime Rex lives.

### THE COLLIE MUST DIE.

Fred Savage, a workman, whose collie dog recently attacked a little boy named Fred Pringle, was given three alternatives in the police court yesterday afternoon. He was ordered by Magistrate Ellis to destroy the dog, or in default to pay a fine of \$20 and costs, or to go to jail for thirty days. He will destroy the dog.

### BIT THROUGH BOY'S CHEEK.

Two additional cases of children being attacked by dogs occurred yesterday afternoon and evening. While playing with a coach dog at his home about 4 o'clock in the afternoon Harley Faxon, the two-year-old son of Mr. Heber Faxon, of 206 John street, was attacked by the animal and severely bitten. The child had just placed his arm around the dog's neck and was kissing it when it turned viciously and bit him on the face. The dog's teeth made three big gashes, one three inches long, exposing the bone. Another gash went right through the child's cheek. The dog was beaten off and the child was carried by his mother to Lemaitre's drug store Queen street west, where the wounds were cauterized. He was later removed in the ambulance to the hospital for Sick Children.

It is not thought that there is any danger of rabies developing. The dog has not been destroyed.

### ATTACKED BY A DOG.

Eight-year-old Ernest Beirly, son of A. J. Beirly, president of the Toronto Box and Barrel Co., was attacked by a large collie dog yesterday. The dog imbedded its teeth in the lad's left hand and inflicted eight ugly wounds, one of which was three-quarters of an inch long. The lad was playing on Bloor street west, opposite the Brunswick Hotel, when the dog, which was following a butcher's wagon, suddenly leaped at him. The boy was so badly frightened that he was unable to get out of the clutches of the dog. A pedestrian hit the animal over the head with an umbrella, driving it off, and carried the boy into the Brunswick Hotel, where his parents are living. Dr. Shore, who dressed the hand, does not fear that rabies will develop. The dog, which belonged to H. Arnold, butcher, at Bloor and Lippincott streets, was later taken to the Agnes street police station and destroyed in the lethal chamber.

### THIS LAD ESCAPED LIGHTLY.

About 8 o'clock last night an eight-year-old lad named Moore who lives on Oak street, was attacked by a vicious dog on Sakville street. The animal gripped him by the arm, but fortunately the lad's sleeve prevented its teeth from inflicting other than a slight wound.

A man posing as a "sanitary inspector" secured admission to the home of Mrs. J. W. Phillips, 125 Queen street east, Toronto, and stole a chafin dish containing \$156.

## DEAD GUARDS.

Two Skeletons Found at Mouth of Old Mine.

Portland, Ore., June 14.—Two skeletons, supposed to be the remains of pioneer English prospectors, were found last week in an old mine tunnel in the Cascade forest reserve, sixty miles from here.

Near the skeletons were a shovel, pick-axe, frying pan and two rock drills. The finding of these articles near the bones led to the discovery of the existence of a rich vein of gold and silver ore.

The bones were located by Peter Stone, a hunter and trapper, who accidentally stumbled into the old tunnel, the entrance to which was overgrown by brush and small trees. Superficial examination convinced him of the richness of his find and he returned here for aid.

Ralph Treat, an assayer, went to the place with Stone and returned with the report that a vein rich in gold, silver, lead and galena was tapped by the old tunnel. The lode has a ten-foot face and extends three miles. The ground has been taken possession of by Stone, and will be worked for its full value.

Old settlers in the vicinity say that the remains are probably those of Englishmen who were prospecting in that vicinity and who were last seen in 1858. That the remains have been in the tunnel about fifty years was indicated by the presence of a tree eighteen inches in thickness, directly over the entrance.

**Nerves Unstrong**  
You Feel Limp  
Loaded With Worry  
Unable to Speak  
Tired and Excitable,

You'll Grow Steadily Worse Unless the System is Better Nourished.

Nothing will build you up with the certainty of Ferrozone. Thousands it has cured who never hoped to be well—and here is ample proof—substantiated by one of Nova Scotia's prominent clerics.

"Before taking the first box of Ferrozone," writes Mrs. Annie Jeffry, of Sandy Cove, N. S., "my condition was deplorable. Though I employed the most skillful medical aid, I grew steadily weaker. In fact, I was in such a low condition that it was impossible for me to walk across the room. My heart was very weak, and I suffered from terrible palpitations, which the doctor said were from troubles peculiar to women. Friends urged me to try Ferrozone, and I bought six boxes. When I had used the third box my old-time vigor and strength returned. The palpitation ceased, my appetite increased, and I got a good, rosy color in my cheeks. It would be impossible to speak too highly of Ferrozone. All weak women should use it. I hope many suffering should use it. I hope many suffering should use it. I hope many suffering should use it."

Rev. J. C. Morse, D. D., pastor of the Baptist Church, Sandy Cove, bears witness to the recovery of Mrs. Jeffry, and writes: "This is to certify that Mrs. Annie Jeffry is a lady upon whose word one can depend. I have known her since childhood, and believe her to be a truthful, honest woman." This adds additional force to the testimony of Mrs. Jeffry, and gives assurance to other sufferers that Ferrozone does what is claimed for it. "Three weeks' treatment costs \$60., or six boxes for \$2.50, at all druggists."

## HOUSE WRECKED.

Remarkable Escape of Two Families Who Occupied It.

Ottawa, June 14.—During a severe thunderstorm in Ottawa about midnight last night, a large frame house on the Montreal road, near the eastern part of the city, in which two families were asleep, was almost completely wrecked. The inmates, consisting of four adults and five children, escaped death or serious injury in a miraculous manner. An explosion which was heard throughout the whole eastern portion of the city, demolished the rear portion of the house and shattered windows houses five hundred yards distant. The families of Messrs. Lapointe and Joseph Dishone, who were sleeping in the front part of the house, escaped practically uninjured amid the wreck of falling plaster and flying glass.

This morning a dynamite time fuse was discovered near the spot where the explosion occurred, by County Constable Hamilton, and the theory was advanced that a fiendish attempt was made to blow up the house with dynamite, secured probably from a neighboring quarry, where it is stored. There is, however, no apparent motive for such an outrage, and although the police are still working on the case it is now considered most probable that the explosion was caused by a lightning bolt.

## SUNK IN COLLISION.

Steamer Pierreville Runs Into the Liner Torgorm.

Montreal, June 14.—The Pierreville, a small river steamer, was sunk in collision with the ocean liner Torgorm, inward bound from the West Indies with a cargo of sugar.

News of the disaster reached here today with the arrival of the Torgorm. Captain Falconer of the latter vessel stated that the Pierreville struck the big liner on the starboard side, eighteen feet abaft of the stem, and sank in ten minutes. Boats were lowered, but no trace of the crew could be found.

The only sign of life was a dog. As the boats were gone it is thought the crew escaped in the darkness and reached shore in safety. An inquiry will likely be held.

The French Minister of the Colonies has received advice from Morocco saying that twelve soldiers of a native column perished from thirst and the terrific heat at the time the expedition was marching near Rhassaret. Twenty other men are missing from the force, and it is thought they also died of thirst.

## TIMES PATTERNS.

A PRACTICAL WORK APRON.

No. 5779.—Every housekeeper knows the value of a large apron that may be easily slipped on. Here is one that is very practical as well as attractive, as it is full enough to cover the entire dress, and is a real aid in preserving a tidy appearance. It is also available as a studio apron, being supplied with bishop sleeves that are full enough to prevent any wrinkling of the dress sleeves underneath. The model is appropriate for linen, gingham, percale or any of the materials used for such garments. For the medium size 6½ yards of material 36 inches wide will be required.

Ladies' Round Yoke Work Apron. No. 5779. Sizes for small, medium, large. A pattern of this illustration will be mailed to any address on receipt of ten cents in silver or stamps.

Address "Pattern Department," Times Office, Hamilton.

It will take several days before you can get pattern.

## WOOLING CANADA.

Germany Has Fired of the Disastrous Tariff War.

Paris, June 14.—Writing to the Journal des Debates, Robert Du Casble, Government Councillor on Foreign Commerce, says the results of the tariff war between Canada and Germany have given rise to much uneasiness in Germany, which will likely be aggravated by the recent Franco-Canadian conventions. A German-Canadian Association has accordingly been formed in Berlin with the object of securing the abolition of the Canadian tariff in return for the extension of the continental tariff to Canadian products, thus counteracting the disastrous effects of the preferential treatment accorded British goods. The German Government, M. Du Casble says, is also considering the best means of rendering the Canadian and German markets more accessible to one another. To this the Canadian Government is apparently favorably disposed. The Berlin Association has decided to send to Canada a deputation of representative business men. Meanwhile the association is organizing public lectures and publishing pamphlets extolling the excellence of Canadian products and pointing out the advantages of the tariff as a field for German emigration. This propaganda is being carried on in the hope that Canada will display gratitude towards the nation which shows a preference for the produce of the Dominion above that of all other countries.

## FOR PAVING CO.

Ald. Moffatt, of Brantford, Admits the Connection.

Brantford, June 14.—At the City Council to-night there was a lively scene for a time when Ald. Ward declared that there were certain influences at work in the Council in connection with awarding contracts for street paving, of which considerable is being done in this city. He was asked to explain himself or make a definite charge, whereupon he stated that Ald. Moffatt, Chairman of the Board of Works, was in the employ of the Westrumite Paving Co., which was seeking contracts. In reply Ald. Moffatt admitted he was in the service of the company, but said he had been engaged before his election to the Council, and that as Chairman of the Board he had not used his position to further the interests of the company in securing city contracts. "I do not think it wrong for a man to work for any company which pays him for it," he observed. The City Solicitor is alleged to be financially interested in the same company. The Council took no action, although some aldermen admitted that they scarcely liked the situation.

## NEW REGIMENT.

Grey's Horse in Camp For First Time at Woodstock.

Woodstock, June 14.—The newly-organized 24th Regiment of Cavalry, permitted by the Governor-General to use the name of Grey's Horse, goes into camp for the first time in its existence in Woodstock, on the Fair grounds to-morrow. Advance guards to-day made ready the tented city and upwards of 250 of the recruits will take possession to-morrow and spend the next two weeks under canvas. The regiment is commanded by Colonel W. M. Davis, of Berlin, and is made up of three squadrons, one from North Oxford, commanded by Major J. M. Ross, of Woodstock; one from South Oxford, commanded by Major T. R. Mayberry, M. P. P., of Ingersoll, and one from Waterloo county, commanded by Major Ross, of Preston. In the two weeks' drill, particular attention will be paid to shooting exercises.

Why Liquid Catarrh Remedies Fail: They go direct to the stomach, have very little effect on the lining of the nose and throat, and entirely fail to cure. Only by cleansing the air passages by relieving the inflammation and killing the germs is cure possible. No combination of Antiseptics is so successful as Catarrhazone. In breathing it, you send the richest pine balsams right to the seat of the disease. Irritating, phlegm is cleared out, hoarseness, coughing and hacking are cured. For a permanent cure for Catarrh, nothing equals Catarrhazone, 25 cents and \$1.00 at all dealers.

## G. T. P. OPENED.

First Passenger Train Leaves Winnipeg For Scott.

Winnipeg, Man., June 14.—The first regular passenger train on the Grand Trunk Pacific pulled out of the Canadian Northern depot at 9:45 o'clock, bound for Scott, 569 miles west, where it is due to-morrow at 1:30 p. m. There was a considerable number of spectators around the depot when the historic train drew out, and a number of officials of the company were carried on a special car.

There were six coaches in the train, and 215 passengers made up the first quota to the rich lands opened up by the new railway. There were Britishers, Galicians, and other Europeans, who are going to take up land, as well as a few ladies and commercial men. Though the present continuous service goes only to Scott, it is expected to run through to Edmonton in the early fall.

## BLACK HAND LETTER.

Sent to a Lock Tender of the Welland Canal.

St. Catharines, June 14.—Patrick Dacey, lock tender on the Welland Canal, has received a letter from Buffalo, signed "Black Hand," in which personal violence is threatened. Nothing has been reported to the police and the matter is considered a joke by Dacey's friends, though Dacey himself is somewhat disturbed.

The letter is written in true Black Hand style, and declares that the society is determined to kill the recipient and that a horrible death awaits him.

The level between locks seven and eight is over a mile long, and should the lock on which Capt. Dacey is employed be blown up many miles of fertile farm land would be inundated and hundreds of lives endangered.

The Governors of Knox College have appointed a committee to select a successor to Professor Kennedy.

## BLYTHE'S CASE.

No Foundation For the Sensational Reports Published.

Efforts Being Made to Save Him From the Gallows.

Toronto, June 15.—Dr. R. W. Bruce Smith, inspector of the hospitals and charities, yesterday examined Walter Blythe, who brutally murdered his wife at Agincourt, and who is to be hanged for the crime in Toronto jail on Thursday morning. Dr. Smith's examination was made in view of reports regarding Blythe's mental and physical condition.

When interviewed by the Globe, Dr. Smith said: "I found Blythe quite rational, and in as good bodily health as one would naturally expect to find a prisoner condemned to death and awaiting execution."

Dr. Smith's services were called for by a message from the jail, where the officials viewed the condemned man's condition as serious. His report, however, agrees with that of Dr. Clarke of the Toronto Hospital for the Insane, who examined Blythe last week—namely, that the prisoner is not mentally unbalanced, nor is he becoming unbalanced. Neither is his physical condition such as to give warrant for the sensational statements recently published.

Yesterday morning T. C. Robinette, K. C., Blythe's counsel, received a letter from one of the judges of the court of appeal, used to weighing grave causes in his judicial mind, and who has here this sat in judgment upon some cases of death. In this letter he says that he has written to the acting Minister of Justice at Ottawa, expressing the hope that Blythe's sentence may be commuted to life imprisonment. He declares that he is moved by the fact that Blythe's act comes close to the line between murder and manslaughter, and, further, by the fact that he believes that the man has suffered enough in enduring the shattering of his hopes after being granted a reprieve.

The signatures to the petition asking for a commutation of the death sentence number thousands. Seldom has there been such a response to an invitation as in this case of the wretched man Blythe. Many of the letters were forwarded direct to the Hon. Charles Murphy, acting Minister of Justice, Ottawa, and after the mail was closed hundreds more signatures were received.

Sir Wilfrid Laurier will be in the city to-morrow, when a deputation, headed by influential citizens, will wait on him, asking that the sentence be commuted.

### SAYS HE IS INSANE.

Ottawa, June 14.—Hon. Charles Murphy, acting Minister of Justice, received a telegram to-day from Mr. T. C. Robinette, K. C., of Toronto, stating that he would be here to-morrow to make another application for the commutation of the death sentence passed on Walter Blythe, the Agincourt wife murderer, who is to be hanged in Toronto on Thursday. The appeal is being made on the ground that Blythe is insane, but unless strong proof is given the case will not be reopened.

## BROTHERS ALL.

CLOSE OF CONGREGATIONAL UNION MEETINGS.

Sunday Schools to Support a Native Teacher—To Incorporate the Union—Sunday Schools and Y. P. S.

Toronto, June 15.—That the spirit of brotherliness which was the first of the elements in the Congregational ideal had been manifest throughout the sessions of the annual meeting of the Congregational Union of Canada was the conviction of Rev. W. E. Gilroy, of Brantford, addressing the closing session held last night in Western Congregational Church. Children and young people from the Sunday schools of all the Congregational Churches in the city were gathered at this last meeting. These representatives, as the name of each Church was called, responded by singing or reciting verses of Scripture, or by reading a paper of Hamilton, and Rev. J. K. Unsworth, of Westmount, each made a few remarks directed chiefly to the children. In response to his appeal the Sunday school of Western Church undertook to support a native teacher in West Africa at a cost of \$25 per year.

The statistical report of the Union showed a total church membership in Canada of 11,544, an increase of 366 in the year; total number of churches and preaching stations, 150, an increase of seven; amount of money raised for all purposes, \$108,170, an increase of \$1,175; amount of debt, \$69,086; number of Sunday school scholars, \$8,932, an increase of 221; members of young people's societies, 2,091, an increase of 305.

The draft of an act to incorporate the Congregational Union of Canada was presented by the committee for that purpose, and adopted. It was decided by a unanimous vote that Toronto should be the headquarters of the Union.

With the objects in view of securing efficient Sunday schools and young people's societies in all the Congregational churches of the Dominion, the Union determined this morning to create a Department of Sunday Schools and Young People's Societies. The recommendation made by Rev. E. H. Tippet, of Hamilton, also included the appointment of a superintendent to have charge of this work in conjunction with an executive of three.

At the afternoon session the following officers were elected for next year: General Secretary, Rev. W. T. Gunn; Recording Secretary and Treasurer, Rev. G. E. Lery Read; Statistical Secretary, Rev. H. G. Rice. The new Chairman, who was elected on the first day, is Rev. James T. Daley, of Maxville, Ont. Rev. J. K. Unsworth and Rev. E. H. Tippet were elected on the Executive Committee.

Rev. J. K. Unsworth, Rev. John Morton, were put on Committee on Church Union. Superintendent of Sunday Schools and Young People's Societies, Rev. E. H. Tippet.

Representatives on College Senate, Revs. J. K. Unsworth, Dr. F. A. Stevenson, J. L. Alexander, Mr. H. J. Ross, Mr. Unsworth was also elected to the Committee on Moral and Social Reform.

The more you know about tea, the more you will appreciate the delicate fragrance and delicious flavor of "Salad" Tea.

Geo. Trepo, who was run over by an automobile at Toronto, died of his injuries.

# Kelvin

The weather is beautiful, and the crops are looking well in this locality. Mrs. W. Thompson visited her father a few days ago. The church here was largely attended on Sunday. Rev. T. R. Clarke has returned home from Conference. Mrs. J. E. Smith was visiting relatives in Ottawa recently. Seeding and planting is nearly all through in this locality. Several loads of hogs were taken from this vicinity to Scotland depot on Monday for shipment. The prospects are that there will be lots of strawberries in this locality this season. The Misses Almas, of Norwich, were visiting their parents here recently. Mr. and Mrs. S. Miller spent Sunday with the latter's sister. Mr. M. Pettit was through here on a business trip one day last week.

# Brant

The farmers are nearly through with their planting here. There was no church service at Brant on Sunday, on account of the conference in Brantford. The Quinsville Baptist Mission was well attended on Sunday, having a new minister, Rev. Mr. Dodge, from Governor's road. All speak highly of him. Miss M. Thompson, Brantford, spent Sunday with Miss Maggie Huffman. Miss Wilson and Mrs. Hagar, Conboyville, and Mr. and Mrs. Vansickle, Weir, spent Sunday with D. and Mrs. House. Mr. Mills and G. R. Patterson, Jerseyville, were in the neighborhood on Sunday. Miss Mary A. Recker is spending some time with Mrs. W. Dougherty, at Canisville. Mrs. Wm. Rispen spent an afternoon last week with Mrs. Shink. Mr. and Mrs. R. Dawdy, Trinity, spent Sunday at Wm. Rispen's. Miss Gladys Jarvin, Brantford, spent a Sunday recently with Beatrice Rispen. Mrs. E. Martin, Conboyville, called on Mrs. House one afternoon last week. Mrs. R. Mulligan and Mrs. H. Temple have been visiting at P. Mulligan's. Miss Beatrice Rispen spent last Sunday in Brantford.

# MONSTER LOCOMOTIVE.

C. P. R. to Have Biggest Engine Ever Built in Canada.

Montreal, June 14.—The Canadian Pacific is just completing the biggest locomotive ever built in Canada, which was designed by Mr. H. H. Vaughan and built at the Angus shops. This monster locomotive is 70 feet from end to end, and with the loaded tender, weighs nearly two hundred tons. The boiler, which is about the size of two ordinary boilers, contains the equivalent of 4,000 feet of heating surface, and will develop 2,200 horse power. The engine is of the Mallet articulated type, and is practically two engines under one big boiler. It will be tried out this week, then be sent west for use on the heavy grades in the Rocky Mountains. If it proves a success a number of similar ones will be built. A pest commonly known as the "elm bark woolly aphid" is destroying the young elm trees in Toronto.

# PILES

Dr. Chase's Ointment is a certain and guaranteed cure for hemorrhoids and every form of itching, bleeding and protruding piles. It is not a secret, and you can get it at any drug store or by mail.
