# HOW MANY REALIZE THE MARVELLOUS **VALUE OF FRUIT**

## IN CURING MANY DISEASES ?

Wonderful Success of "Fruit-a-tives" -The Famous Fruit Medicine

Fruit juice consists of about 91% water, 8% of sweet matter, and only 12 of an intensely bitter substance. Careful experiments show that it is this bitter principle, which is the active or medicinal material of fruit juice.

Under certain conditions, the bitter principle can be made to replace or transform some of the sweet atoms in the juice, thus making a new compound which is much more active medicinally than the ordinary juice.

Many fruits were analyzed and it was found that the juices of apples, oranges, figs and prunes gave the best results. These fruit juices, having been made more active by the secret process of changing the sweet principle into the bitter, are combined with tonics and antiseptics and made into tablets. These tablets are the famous fruit medicine—

'Fruit-at-tives' hown in every part of Canada for their wonderful curative qualities in diseases of the Stomach, Liver, Bowels, Kidneys and Skin.

"Fruit-at-tives" is the only medicine in the world made of fruit juices, 50c. a box, 6 for \$2.50 or trial size, 25c.
