London, May 5.—Troop movements in Belgium indicate that the Germans are sending all available reinforcements to this small zone of fighting, in a desperate attempt to push back the British from the line, which if held threatens to prevent the enemy from reaping the advantage from the ground captured in last week's advance.

Northern France, May 5.—The Canadian Division, or most of it is still resting. They are billeted in little villages almost in the same places where they were gattered weeks ago before the 22nd Canadian's name glories in British history.

## Women's Weakness And Health Perils

### Anaemia Comes so Gratefully That the Victim Scarcely Realizes the Hold the Trouble Has Upon Her Until Almost in a Decline.

Women's work is more wearing than man's because it lasts almost every waking hour. There is no eight or nine hour day for the breadwinner's wife, and often she toils under the greatest difficulty because her strength is below what it should be. The woman who is indoors all day is very often careless about what she eats and does not keep her blood up to the mark. It becomes thin and poor, which makes her weak, headachy, tired, breathless and liable to pains in the back and sides, the scourge of her sex. New blood will do wonders for the woman who is tired out, who aches all over when she rises in the morning and feels unaccountably depressed. She can gain new blood now, and drive away the pains and aches and tiredness if she will take Dr. Williams' Pink Pills. They have worked wonders for other women and will do the same for you if you are weak, tired, depressed or suffering from backaches or sideaches. Mrs. Elmer C. Taylor, Calgary, Alberta, says: "I was so run down with anaemia that I could scarcely walk without aid. I was not able to leave the house. I had no color, no appetite, and was constantly troubled with headaches, dizzy spells and a general disinclination to move about or do anything. My friends did not think I would get better, and even the doctor was apprehensive. I was constantly taking medicine, but it did not do me a particle of good. One day a friend asked if I had tried Dr. Williams' Pink Pills, and I decided to do so almost as a forlorn hope. After I had used a few boxes there was a decided change for the better, and people began to ask what I was taking, the change was so noticeable. As I continued the Pills my color came back, I could eat my meals regularly, the headaches and dizzy spells ceased, I gained in weight and took a new interest in life, my cure being complete. I have told many sickly women and girls what Dr. Williams' Pink Pills did for me and urged them to take them and shall continue to do so, knowing what a splendid medicine they are."

Every weak and ailing woman who will follow Mrs. Taylor's example and give Dr. Williams' Pink Pills a fair trial will find new health and strength through their use. Sold by all medicine dealers or sent by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Drive the fly from its entrenched positions by cleaning up and disinfecting its breeding places—the garbage can, the privy pit and the exposed manure pile.

The war will return to Canada many crippled and disabled men. Let the industries of Canada, by the exercise of wise precautionary measures, so reduce their toll of injured as to offset, as far as possible, the abnormal increase from war.

I give you permission to publish what your good medicine has done for me."—Mrs. SIMON DOUCETTE, Belleville, Yarmouth Co., Nova Scotia, Canada.

## NICE GIRLS, HIS WIVES: NAMES? M'M, LET'S SEE

Atlantic City, May 4.—A middle-aged couple entered the Bureau of Civil Statistics in the city hall, seeking a wedding permit. They were conducted into the marriage bureau and Registrar Glenn asked them the usual questions. The woman answered without a hitch and the man did well until the last question was put.

"Have you ever been married before?" asked Mr. Glenn.

"Yes, twice," was the answer.

"What were the names of your wives?" requested the Registrar.

"Bertha was the first and May was the second," was the prompt reply.

"Their last names, please?"

"H'm, let's see, I don't believe I ever heard either more than once and that was when they were introduced to me. No, I don't remember their last names, but they were both nice girls," was the innocent answer.

The witness was excused until he could supply the necessary information.

## Something Original—that's the Cry of Every Buyer of Printing

If every print shop could or would work character into their product there wouldn't be such common place printing.

We'll be glad of an opportunity to prove to you that when your printing is placed with us, there will be character to it.

Our new type faces will do that alone, but there will be more than up-to-date type faces. There will be care taken in the arrangement of the type—good ink will be used—the proper paper for the work will be selected, and printed in the largest and most modern country printing office in the Maritime Provinces.
