**WILL YIELD
BRITISH TREASURY
ABOUT \$5,000,000**

The British treasury will benefit to the extent of £1,000,000 from the duties payable on the estate of Nathaniel Rothschild, which has been provisionally valued at £2,250,000. Mr Rothschild, left most of his property and estates to his wife and relations, but his valuable collections of insects, birds, orchids and the like were bequeathed to the national museum of the public.

**What Newspapers
Correct**

Speaking of complaints of misrepresentation of public men by newspapers, the Almonte Gazette shows that there is something to be placed on the other side of the account. It tells of a temperance meeting held in a church, in Ottawa, where the chairman, a well-known citizen, sat in the pulpit. He had dined not wisely but too well. He went asleep and snored audibly. "But the newspapers next day contained no story about a drunk chairman in a pulpit flanked by temperance orators. Of course, something might have been said if he hadn't really been a very excellent citizen and a good man.

In order to judge newspapers fairly, we must consider not only what they print, but what they refrain from printing. Not only is a good deal of charity exercised but by investigation, reporters often prevent the spread of wild rumors, which would otherwise grow bigger as they pass from one to another in conversation. Some of our readers may remember a poem telling of a story that

**Years of Constipation Ended
By "Fruit-a-tives"**

The Wonderful Fruit Medicine
Anyone who suffers with miserable health; who is tortured with Headaches; and who is unable to get any real pleasure out of life; will be interested in this letter of Mrs. Martha de Wolfe of East Ship Harbor, N.S.

Mrs. de Wolfe says, "For years I was a dreadful sufferer from Constipation and Headaches and I was miserable in every way. Nothing in the way of medicine seemed to help me. Then I tried "Fruit-a-tives" and the effect was splendid; and after taking only one box, I was completely relieved and now feel like a new person."

a man had swallowed three black crows, which began with a story that he had swallowed something black. It has been observed that such marvellous tales often gain circulated non Sundays, when no newspapers are published.

**Quick Thinking
Did Trick**

A colored preacher in Alabama at one time served a short jail sentence and was fearful lest his congregation discover the fact, as in his later years he had been a model of rectitude. One Sunday, rising to begin his sermon, his heart sank to see a former cellmate sitting in the front row. Quick thinking was necessary. Fixing his eye on the unwelcome guest, the preacher announced solemnly. "Ah takes my text dis mo'nin' from de sixty-fifth chapter and fo'hundredth verse of de book of Job, which says 'Dem as sees and knows me, and says nothin' dem will Ah see later.'"

**NEW BRUNSWICK
POTATO CROP**

Reports received from New Brunswick indicate that the crop throughout that province is about 25 per cent less than that of 1922. In the Victoria district the potato acreage was 10 per cent less than that of 1922. The yield was 100 bbls per acre and for White potatoes, the average price has been \$1.50 per barrel of 165 pounds. Red stock Bliss variety sell at \$2.25 per bbl. of 165 pounds. The potatoes are all clean and sound and one-third of the crop has been marketed, leaving one third in storage and one-third still in the growers' hands. In the Fredericton district the acreage runs about 60 per cent of that of 1922 but the yield was 75 per cent greater than that of last year. 25 per cent of the crop has been marketed the balance being in the growers hands. The price received at the present time is \$1.40 to \$1.50 per barrel of 165 pounds.

East Centreville—The acreage planted to potatoes in this district is 70 per cent of that of last year; with a yield of around 100 barrels per acre; which is slightly more in the aggregate than the crop of 1922. The condition is good as regards quality and disease. 80 per cent of the potatoes are still in the hands of the grower. The price of potatoes at this time is \$1.25 to \$1.50 per barrel of 165 pounds.

**Belgium To Quit
The Ruhr Region?**

The Belgian government will raise in friendly conversations with France, the question of a partial withdrawal of the forces in the Ruhr. Now that active and passive resistance is considered ended the Belgians hope to bring back 5,000 of their men from the Ruhr by Christmas.

**GERMANY CON-
FRONTED WITH
BANKRUPTCY**

Berlin, Niv. 28—Germany is immediately threatened with a plain case of bankruptcy and will no longer be able to meet her public pay-rolls, is the opinion of Dr. George Gothein, Democratic Reichstag leader, who to-day vigorously upbraided the Socialists and German Nationalists for having needlessly precipitated a parliamentary crisis.

Dr. Gothein declared Germany's only salvation in the present situation would be in the form of a foreign loan under allied supervision "similar to that applied in the case of Austria."

Sixteen and one-half million trillion of marks in new paper currency were floated by the Reich bank in the first week of November during which period its holdings of discounted treasury bills, private checks and drafts increased by twenty-six and one half million trillion.

The current return was the first reported this month, a circumstance which was the object of comment on today's dull and listless bourse.

Dr. Schacht, the newly appointed commissioner of currency hopes to make the entire issue of the rented mark ready for distribution by the middle of next month. He declares that the scarcity of the new money is wholly due to the fact that the printers are in arrears in their deliveries and that the initial output was placed at the disposal of the government to enable it to dispense with discounting bills.

Until the Renten mark is available in large quantities no attempt will be made to establish a parity between it and the paper mark, the legal status of which meanwhile remains unchanged. It is estimated that about 200,000,000 Renten marks now are in circulation chiefly devoted to meeting the federal pay-rolls. Dr. Schacht believes that some friction will be inevitable during the period of transition from one currency to the other.

Pathetic instances abound of the difficulties the humbler people of the older generation are having in trying to accommodate themselves to the bewildering currency figures of the present. To-day one old dame shopping at a street market was heard to confess that she could not understand the present prices, as at school she "only learned to count up to a million and could never get any further."

**Nerves So Bad That
She Would Sit and Cry**

Mrs. Mary Hocking, Madoc, Ont., writes—
"Dr. Chase's Nerve Food has done me a wonderful lot of good. I suffered from general weakness and was so run down and my heart and nerves were in such bad shape that I would sit down and cry and not know what I was crying about. I also used to have weak spells. Thanks to Dr. Chase's Nerve Food, however, I am real well now. I shall always keep a box of the Nerve Food in the house, and recommend them to my friends; they are a wonderful medicine."
(Mr. J. W. Vince, Druggist, of Madoc, Ont., says: "I have sold Mrs. Hocking your Nerve Food, and the medicine has done her much good.")
