New Year's Day was not as lively as it would have been, had there been more snow.

The Lieutenant Governor's levee on New Year's Day, was largely attended.

The steamship Missanabie has reached England safely with 1,714 troops.

A large number called to pay their respects to his Lordship, Bishop O'Leary, during his reception on New Year's Day.

Our thanks are due to the Canada Life Assurance Company, to Mr. G. J. McCormack and to Fred H. Trainor, for handsome calendars for 1916.

Sunday last was the Feast of the Holy Name, and a special sermon on the Holy Name was delivered at the evening service in the Cathedral by Rev. Father McQuaid.

The New Yorker Herald, a daily, and the New Yorker Review, a Sunday paper, both printed in German, and published in New York, have been forbidden the Canadian mails under the usual penalties.

Sacred Heart College, owned by the Eudist Fathers at Carleton Place, N. B. was completely destroyed by fire early New Year's Day with a loss of \$300,000, on which \$100,000 insurance was carried. The college was a preparatory institution for boys, with about 250 students.

The Steamers of the Navigation Company, completed their work for the season on New Year's Day and the winter steamers entered on their duties on Monday, the Car Ferry between Charlottetown and Picotet and the Stanley between Summerside and Point du Chene.

Hon. T. W. Crothers, Minister of Labor in the Borden Government, says that all unmarried men in the Canadian Civil Service, who are physically fit and of military age, must join the colors or lose their positions. Returned soldiers, he intimates, are to be given the preference in the matter of Government positions.

The London War Office announces that hereafter, commissions as officers will be granted only to men who have completed their course as recruits and that preference will be given to men who have served with the expeditionary force. This order, which presumably will apply to all units organized under the compulsory system, is expected to make possible more rapid training of troops as well as to insure a satisfactory standard of qualification for officers.

About 150 clerks from the paymaster-general's office in Canada are to be sent to England shortly to assist in the work of paying the soldiers. Nearly \$30,000,000 has been paid out by the paymaster's branch in England, and at the front by a staff of a little over one thousand, and so far the only irregularities have aggregated less than \$5,000. There have been only three cases of loss. So states Col. R. W. Ward who has been paymaster in London for the overseas force since the first contingent left Canada. He is now in Ottawa on a month's leave of absence. He speaks of the splendid spirit of the men at the front and their assurance of victory. He emphasizes the efficiency of the British fleet in coping with and destroying the submarine menace.

On New Year's Day, Feast of the Circumcision, solemn high Mass was celebrated in St. Dunstan's Cathedral. Rev. Father Duffy was celebrant of the Mass, Rev. Dr. Hughes, deacon; Rev. Frank McQuaid, subdeacon and Rev. Maurice McDonald, Master of ceremonies. The sermon was preached by his Lordship, the Bishop. His Lordship prefaced his discourse by reading the circular issued to the clergy relative to peace exercises elsewhere referred to. Reviewing the year that had just closed his Lordship enumerated the many reasons the people of this diocese and Province had to be thankful to divine Providence for the many blessings they had enjoyed. His Lordship concluded his discourse by wishing a happy, prosperous and blessed New Year to all.

VOL-PEEK

MENDS—Graniteware
Tin—Copper—Brass
Aluminum Enamelware—
Cost 1/2¢ Per Mend

PRICE 15c. PER PACKAGE

VOL-PEEK mends holes in all kinds of Pots, Pans, Boilers and all other kitchen utensils, in two minutes, at a cost of less than 10¢ per mend. Mends Graniteware, Iron Finware, Copper, Brass, Aluminum, etc.

Easy to use, requires no tools and mends quickly. Every housewife knows what it is to discover a hole in a pan, kettle or boiler just when she wants to use that article. Few things are more provoking and cause more inconvenience, a little leak in a much wanted pot or pan will often spoil a whole morning's work.

The housewife has, for many years been wanting something with which she could herself, in her own home, mend such leaks quickly, easily and permanently, and she has never found it.

What has been needed is a mender like "VOL-PEEK," that will repair the article neatly and quickly and at the same time be always at hand, easily applied and inexpensive.

A package of "VOL-PEEK" will mend from 30 to 50 air sized holes.

"VOL-PEEK" is in the form of a still putty, simply cut off a small piece enough to fill the hole, then Burn the mend over the flame of a lamp, candle or open fire for two minutes, then the article will be ready for use.
