Come one and all, and see the handsome photograph of the late Gen. Stewart. It's the handsomest outside of the city, if not inside.

The change in the weather during the past week has been something wonderful, but F. J. Pridham, the People's Clothier, can suit your passing hour to a t-shirt with his various shades and grades of fine wearing materials.

The photograph from which the excellent woodcut of Patrick Morris which appeared in this issue last week was printed was taken at R. R. Sallow's studio. For life-like resemblances R. R. S. cannot be beaten.

Farmers are getting in better heart and will have more money to spend. They will, however, invest where they can get the most for their money. TEMPERANCE.—The Young Woman's Christian Temperance Union will hold its annual meeting for the election of officers on Monday, September 8, at 7:30 sharp, at the house of Mrs. R. Henderson. All the members are requested to be present.

LAW SOCIAL.—The lawn social held on Monday evening last in Mr. Wm. McLean's grounds under the auspices of the Mission Circle of North-st. Methodist church was very successful. The club-swinging class under the instruction of Mr. Bundy was much appreciated.

LAW PARTY.—The lawn party held on the grounds of Rev. L. Horton, in connection with Victoria-st. Methodist church, was well attended and was a financial success. The refreshments were all that could be desired and the literary part of the program was also much enjoyed.

"AT HOME."—On Thursday, September 11th, an "At Home" will be held at the residence of Mr. C. A. Nairn from 8 p.m. to 10 o'clock, under the auspices of the Ladies' Aid Society of Knox church. A good program of music and readings will be presented. Admission 15c. Refreshments extra.

LIGHTED BY ELECTRICITY.—Knox church was lighted by electricity on Sunday evening. Four lights were used and gave fair satisfaction, although that intended for the choir was slightly erratic. With some further adjustment as regards position the new light service will be a thorough success.

A CLERICAL ERROR.—By a clerical error we last week stated that the Ben Miller camp-meeting would begin last Saturday. As a matter of fact the camp-meeting will begin tomorrow (Saturday) and will be continued until Tuesday next. A specially interesting series of services will be held on Sunday.

GODERICH EVAPORATOR.—Messrs. Town & Hamlink, two enterprising Americans from New York State, have leased the Palace Roller Rink, corner West and Waterloo streets, and during the past week have put in all necessary machinery for conducting successfully a first-class fruit evaporating business. They claim that they will require at least 15,000 bushels of apples this season.

DEATH OF A VALUABLE HORSE.—Rev. Jas. A. Anderson mourns the loss of his handsome horse. Early in the spring, the animal showed signs of illness, of some unknown cause; but, despite the use of all remedies, he gradually became worse, and died last week. He was a fine roaster, and just in his prime. "Ben" was admired by all, but by none, we think, more than by his own master.

AT ST. GEORGE'S.—The Rev. Mr. Turnbull, of Kincardine, officiated in St. George's church last Sunday morning and evening, and was very much appreciated. The beautiful hymn "One sweet solemn thought," being chosen for the offertory, was rendered by the choir in a very pleasing manner. Rev. Mr. Serman occupied Mr. Turnbull's pulpit in Kincardine.

SUPPLYING NORTH-STREET METHODIST PULPIT.—During the absence of Rev. Geo. Richardson at the Methodist General Conference, Montreal, the pulpit of North-st. Methodist church will be supplied as follows: September 7—Rev. Hamilton Wigle, Leamington; Sept. 14—Rev. Jas. Harris, Benmillar; Sept. 21—Rev. A. Potter, Dunganon; Sept. 28—Rev. H. Irvine, Henall.

CHURCH CAMP-MEETING.—Special religious services will be held in North-st. Methodist church, Goderich, commencing Sabbath, 5th October. A camp-meeting will be held in the church commencing Monday, the 6th October. Service each day during the week at 10 a.m., 2 p.m., and 7 p.m. The back rooms in the basement will be provided with cooking stove, tables, &c., for the use of persons from a distance who wish to bring baskets and spend the day and evening. Miss Williams, the evangelist, has been engaged for the month, and will assist in all the services, also the Rev. James Harris, the Rev. Wm. Ayres and other ministers from the district. A cordial invitation is extended to Christian workers of other churches, when not engaged in services of their own.

MISS NORA CLENN'S COURT.—Here is an item from the St. Mary's correspondent of the Mitchell Advocate that will prove of interest to the friends of Miss Cleugh in this neighborhood: A little over a year ago, when Miss Lenora Cleugh was on her way home from Germany, it was stated in these columns that a Prussian Count was accompanying her as an escort, and would claim her hand in marriage on their arrival in her native land. Our authority for the statement was supposed to be infallible, but as the Count did not put in an appearance we looked upon the story as a myth. Early last week, however, a veritable German Count turned up in our midst as the guest of Miss Nora, and at once revived the narration of her betrothal. During the year since Miss Cleugh's return she has charmed the hearts of all lovers of high class music in various parts of Canada and the neighboring republic, and much as we admire the Count's excellent taste and respect his good intentions, we can only hope that he does not intend to rob us of our brightest jewel. We parted with Kalligoland without shedding a tear, and are pleased to notice that the inhabitants of the little island gave the Kaiser a hearty reception, but there is a point at which even German aggressiveness ceases to be tolerable.

Some repairs are being done on the Government docks.

Mr. and Mrs. Bayley, of Toronto, are visiting relatives in town.

Miss Annie Reynolds, of Philadelphia, is visiting Miss Davis, North-st.

Mr. and Mrs. M. Grame Cameron, of Toronto, paid a short visit to town last week.

Mr. W. Wilkinson, after a term of five years in the West, recently visited the old home.

Mr. Alex. Chrystal, of the firm of Chrystal & Black, has gone on a month's visit to Manitoba.

The Catholic picnic at Blyth Wednesday next promises to be a big event. A number of prominent politicians and clergymen will speak on the occasion.

Mr. A. Straton has purchased from Mr. Keddie his house on St. David's-st., and is commencing repairs preparatory to moving into it.

The Mayor is thinking of importing a good-sized alligator to wrestle with the boys who are so fond of throwing stones at the fish in the fountains on the quays.

Merchants and others who want printing for the Fall Show will do well to send in their orders early. Don't leave the work until the last minute or you may get "up a tree."

The singing of Miss Smith, of Newark, O., in North-st. Methodist church last Sunday evening was greatly admired. Miss Smith is the possessor of a beautiful alto voice of remarkable power.

Mr. and Mrs. D. Ferguson, Mrs. Allan Martin and the Misses Martin returned to Detroit on Wednesday of last week after an enjoyable visit to Goderich, their old home. The old town fills a big place in the hearts of the entire party.

Caretaker Hood says the number of visitors to Maitland cemetery this year has been unprecedented, and that many monuments have been left on the graves by loving friends.

FOOTBALL.—A meeting for the purpose of organizing a football club in connection with the Goderich Model School was called on Wednesday evening, and it was unanimously agreed that a football club be organized to be known as "The Goderich Model School Football Team." A splendid set of officers has been appointed, and from the appearance of willingness with which the boys help on the good work they will doubtless make the club immortal. The secretary-treasurer, Thos. Morrison, will be pleased to receive challenges from all parts.

SCHOOL BOARD MEETING.—The monthly meeting of the Public School Board was held on Monday evening. Present—Messrs. S. Malcolm, chairman; W. Alexander, Ball, Nicholson, McKenzie and Swanson. The minutes of previous meeting were read and confirmed, and the principal's monthly report was read and approved. The committee was instructed to get reports printed and purchase a stove for St. Andrew's ward school. Miss S. Campbell was granted two days' salary for extra teaching. The Inspector's annual report was, after some discussion, received and filed. Board then adjourned.

CHEAP RECREATIONS.—Three cheap half-fare excursions to Western States and Territories—Sept. 9, 23 and Oct. 14; very low rates; tickets good for one month. Toronto Exhibition—single fare tickets every day, commencing Sept. 9th; special excursion 15th and 17th, tickets only \$2.90; all tickets issued good until Sept. 22nd. When going to Detroit, Chicago, St. Louis and all points East, West, North or South see your tickets read "G. T. R.", and avoid all unnecessary transfers and changes; through tickets and your baggage checked from Goderich to destination. Tickets and all information from H. Armstrong, town ticket agent G. T. R., or at depot. Agency Allan, Dominion, Anchor and Canada steamers to Europe.

THE BEST CYCLOPEDIA.—The twenty-volume edition of Alden's World Cyclopaedia includes the titles from McCook to Memorial. Among the articles, we notice the biographies of many eminent men and women of early times, as well as those of the present day, also excellent descriptions of many large cities and towns. The volume treats very satisfactorily three states: Maine, Maryland, and Massachusetts; and of foreign countries there are Madagascar, Madeira, Malta, and Manitoba. Interesting subjects in other lines are: Machine Gun; Magic; Magna Charta; Magnetism, 10 pages; Mammalia, 10 pages; Man, 6 pages; Mangel-Wurzel; Manure, 4 pages; Marble; Marriage, 6 pages; and Masons (Free), about 5 pages. These are named only as samples of what the volume contains. The articles are brought down very nearly to date, many of them are illustrated, the style and arrangement are excellent, and the printing and binding are entirely satisfactory. The one thing about it which it is difficult to comprehend is how so valuable a work can be supplied for so low a price. For farmers, mechanics, teachers, students, and the great mass of general readers, the Manifold is far superior to any other Cyclopaedia. Specimen pages will be sent free on application to the publishers. A specimen volume in cloth binding will be mailed for 50 cents, or in half Morocco for 75 cents, and the money refunded if the volume is returned within ten days. Agents are wanted in all unoccupied territory. Garretson, Cox & Co., Publishers, New York, Chicago, and Atlanta.

Mrs. Morton has returned from her visit to Toronto.

Town council will hold its regular meeting this (Friday) evening.

Mr. M. Matheson, of Kincardine, is visiting his sister, Mrs. H. Matheson, of this town.

Mrs. T. G. Moorehouse, of East Saginaw, is the guest of her mother, Mrs. H. Cooke, North-st.

Mr. and Mrs. W. Murchison and son, of Toronto, have returned home after a pleasant visit to their aunt, Mrs. Matheson.

Master Clarence McGregor, of this town, left on Saturday last to join his father in Seattle, Washington State. He will be much missed by his many friends here.

W. R. Miller, the well-known general agent of the North American Assurance Co., has been visiting in this section during the week, and picked up some business also.

Mr. Thos. McGillicuddy will address the Young People's Society of North-st. Methodist church on Friday evening, at 8 o'clock. There will also be good singing on the occasion.

The Holmesville correspondent of the Clinton New Era has the following to say of a resident of this town:—Mr. D. Calbeck and wife, of Goderich, spent Sunday at the latter's parents. We see that Dan rides a machine, but are glad to know that he has sense enough to have one so low that he wouldn't hurt himself if he did fall off."

Dr. and Mrs. McLean arrived from Florida Tuesday evening, and will remain here until November. The doctor, we are pleased to learn, is wonderfully improved in health, and is now more vigorous than he has been for years. They brought a couple of young alligators with them—one for C. A. Nairn, and the other for Ed Campaigne.

BENEFIT CONCERT.—Mr. Aleck Saunders, the present lessee of the Grand Opera House, has decided to give a benefit for the C. W. W. on Friday evening, Sept. 12, and has secured the services of Miss Jessie Alexander, the accomplished elocutionist, and Mr. E. W. Schuch, the eminent baritone. Of Miss Alexander the Star writes: "Produce the man that doesn't enjoy Miss Alexander's recitals and you have without doubt the man that is not a man, but a thing, a mere machine, the hater of all that is sweet and good in nature. 'If such there be, go, mark him well' and keep out of his way on a dark night. Miss Alexander is nothing if not natural. There is no touch of rant about her work. This is why she never fails the public taste. The writer has now heard her on five different occasions, and each time he has enjoyed her better than the last. The charm increases as the true naturalness of her style becomes the more apparent. Her selections last evening were all well chosen and rendered. Of Mr. Schuch the Kingston News says: 'Mr. Schuch is a basso cantante of fine presence, and with a voice of remarkable strength and power. It is excellently cultivated; and his singing is characterized by great taste and feeling, the great sympathetic quality and power of expression being remarkable in no large a voice.'

THE RIGHT VIEW.

A Letter Which Takes the Legs from Under the Croakers.

A Strong Case Made Out Against the Jackals of the Fort-Fress—How the "World" is a Newspaper Hog—It Feeds Well at the Public crib.

The following letter, published in Wednesday's Globe, gives the other side of the shield on the so-called "office hog" question, and shows up the Toronto World in its true light. The Star won't copy it this week:

To the Editor of the Globe.

Sir,—I perceive in a newspaper issued in your city, under a pretence of advocating a more equitable distribution of the fees accruing to certain offices, a series of disgraceful personal attacks upon our Local Government, in the persons of the Hon. Messrs Mowat and Ross. I shall not at present enter upon the primary matter further than to state that if the convenience of the people were considered many of these inequalities would disappear. In Huron, for example, if the registry fees were divided, with offices placed at Exeter and Brussels, the income would be ample for these incumbents, the cost to the people would be no greater, while the convenience and advantage to the community would be largely increased.

But to recur to our subject. The men of Huron take pride in the Hon. A. M. Ross. He served us long as treasurer without a flaw in the record. His financial ability was utilized on many occasions. Let me instance one. When the surplus was distributed, in connection with the settlement of the municipal loan fund, he took exception to the amount awarded to Huron, and, proceeding to Toronto, proved to the satisfaction of the Government that, according to their own basis of division, we were entitled to more, and this county received \$60,000 additional, for which it had to thank the business ability of its treasurer. The services of Mr. Ross have well recompensed the county for any salary he ever received, and if he has made an honest competence it is the more credit to himself.

And, sir, has not Mr. Ross' career in the Legislature been a creditable one? As platform speaker, as debater, as Provincial Treasurer, has he not filled his position to the entire satisfaction of the Liberal party? Take another instance. After his accession to office, investigating convinced him that in the settlement made at Confederation between the Dominion and the Provinces our claims had been overlooked. He brought the matter up in the House in 1884, showing that \$2,500,000 more should have been credited to Ontario. What was the sneering retort of Mr. Meredith? "Don't you wish you may get it?" But it was endorsed by the Government, and pressed upon the Dominion with such force that they yielded the claim, the amount was placed to our credit and this Province draws \$140,000 of interest annually, largely as a result of Mr. Ross' business capacity and financial ability.

And, after such services as these, because the Government have recognized the business ability and integrity attaching to matters of detail by appointing him to a position where these qualities would be utilized for the general good, they are set upon by this miserable scribbler in the World, who has the audacity to claim a certain section in his views on the matter. I think, sir, there is not a man worthy of the name of Liberal who will not justify the action of his leaders in this regard.

And this same sheet holds Mr. Mowat up to ridicule and obloquy because his son was appointed sheriff of Toronto, which action was taken at the request of the party leaders, of a large number of the leading citizens of the city irrespective of party, and of a resolution passed by the County Council requesting such action to be taken. That resolution was moved by Mr. Clendenan, a life-long Conservative, and his words did him infinite credit. He said, although opposed to Mr. Mowat politically, he recognized the fact that he had given his time and talents to the services of the country at a nominal remuneration, and that some provision of this kind should be made when opportunity offered.

And what have Mr. Mowat's services been worth to this Province? Does any sane man believe that if Mr. Meredith had been Premier when our territorial rights and constitutional liberties were assailed, he would have been sought else than day before the potter in the hands of Sir John Macdonald.

What money value could be put on those territorial rights and privileges preserved to us by the action of Mr. Mowat and his colleagues? Is it worth 1,000,000 or 10,000,000? Would the Province sell those rights for 20,000,000 of dollars? No. Mr. Meredith is making many thousands of dollars a year at his profession and Dalton McCarthy is estimated to make \$40,000 a year. Mr. Mowat, certainly not inferior to either of these men, is serving this rich Province for \$5,000 or \$6,000 a year; and after all these considerations, because his son is appointed to office, he is abused and lampooned by the World, which, with an assurance approaching sublimity, assumes to speak on behalf of a section of the Reform party!

And what is the record of the World,

anyway? Has it denounced the nepotism going on at Ottawa of late years? When the Dominion Government have bought individuals, bribed counties, and Provinces, with the people's money, has this watchman raised his voice in stern rebuke? There are newspaper hogs as well as office hogs, and the World has got its nose in the public trough. For the last five years the World's account against the Dominion is nearly \$5,000, paid without scruple, for advertisements.

As a Liberal of the anti-Confederation era, I would say to the Liberal party, have faith in your leaders. Past or present, they are men of whom any party ought to be proud. Not many of them have grown rich. Lend no ear to the abuse they receive from men who, upon inquiry, you will find destitute of political principle with the exception of cheek and impudence. Many of them have given up personal advancement and professional emoluments to serve the country, and we should rejoice when circumstances are such that some partial recompense can occasionally be made. We have a stern fight before us. The cause of the people against the combines and restrictionists who, like Sinbad's old man of the sea, have got hoisted upon our shoulders, and now is not the time to allow our confidence in the leaders of the Liberal party to be shaken. I enclose my card.

THE NORTHWESTERN.

Notes of the Greatest Fair Ever Held in the Huron District.

The indications for the coming exhibition in Goderich continue favorable for the largest and best display and the greatest attendance of spectators ever seen in this district. Entries are coming in freely, and the demand for prize lists and program bills is very brisk.

At least six herds of Holstein cattle are promised, an exhibit in stock never before seen here. In the finer grades of sheep some especially good stock of recent importations may be expected.

The C.P.R. and Manitoba exhibit will be one of the best out of this season from the Northwest.

The Directors will have a full force of men at work on Tuesday next to put all the buildings in order.

The Wild West Show is going to be a popular card, and fully up to expectations as a vivid illustration of scenes in the Far West. The company will come here direct from Wisconsin, where they are filling engagements now.

A first-class band is being engaged for the three days of the Fair, which will also be an improvement on former seasons. In short, with even moderately good weather, the Northwestern Exhibition of 1890 will be worth coming to see.

To the West.—Messrs. A. S. Chrystal and Thos. Weatherald, of this town; Robert Ellis and Wm. Potts, of Salford, and R. D. Morris, of Colborne, took train at this station for Manitoba and the North West Tuesday morning. We believe they all go on prospecting trips. They went on the C. P. Railway's last harvest excursion for the season.

A little daughter of Mr. Fred Horn, Winthrop, was badly scalded the other day. It appears that Mrs. Horn had poured some boiling water into a vessel, and left it standing on a table, and the little one pulled the vessel over, severely scalding its arm and breast.
