Our Baseball Column. PLAGIARISED AND OTHERWISE.

We regret that our attempt in this issue to give Mr. Wall, of the B. I. S., a little puff on his excellent pitching came to such a disastrous result in the setting up of the type. What we meant to say was: "Well! Well! Well! and what do you know about Blazer Wall as Pitcher? Some kid, eh?"

Some correspondence is unavoidably held over till next week.

BASEBALL IN OUR COLLEGES.
Baseball in Newfoundland has come to stay. After three years "try out" this has been amply demonstrated and there is no doubt but that it is the ideal summer game for Newfoundland. It has been demonstrated over and over again that the Newfoundland climate is absolutely unsuitable for Cricket. A cricket match can certainly not be finished in one afternoon—it often takes three sessions to finish one game—and, then, again, the turf must be absolutely in the pink of condition for playing cricket. With baseball this is different. A good game may be completed in three hours and, while it is desirable to have as good a Diamond as possible, it is possible to play an exciting game of baseball on turf that has not been rolled and specially treated.

But now comes the point: Where are the Ball players of the future coming from? Are the players going to wait until they have left school and then learn the game at the expense of their team or give it up in disgust that they did not get a "try-out" in one of the League fixtures after inadequate practice? Our Colleges, as far as we have been able to learn, play Football from the time the Hockey season closes until it opens again. Monotony in anything kills. Therefore it is in order to say that the same interest and enthusiasm is not given to Football by our school boys to-day as was given fifteen or twenty years ago when some attempt was made to break the monotony of all-the-year-round Football by trying to get cricket going. Cricket was impossible. As Baseball is the ideal summer game for our country so it is the ideal game for our Colleges. Baseball trains the eye, trains the arm, trains the brain and decidedly trains the temper. In a few words, Baseball inculcates those principles of self reliance and self control that it is the object of every trainer of youth to embody in his pupils. And, in this connection, it is worthy of note that in the famous military engagement of July 1st when the Newfoundland Regiment made a name for itself which will never be wiped out, some of the finest of the Officers and men who gave up their lives in the great cause were ex-players in teams of the Newfoundland Baseball League.

Again, Baseball is an exciting game—a game that healthy minded, red-blooded boys are keen about and are anxious to know how to play. It is no exaggeration to say that to-day, now, at the present moment, in every vacant field or yard close to the towns or villages where people live, from North Sydney, Nova Scotia to San

per precautions being taken, Baseball is not a dangerous game. There is not as much risk to life and limb in playing a game of Baseball as there is in playing Football and no more than there is in a game of cricket. The only man who is in perpetual risk of his life is the Umpire!

Let us, then, next year, have Baseball introduced into our schools by all means. If the funds of the Nfd. Baseball League are not now entirely depleted, seeing that the proceeds of all games this year have been handed to patriotic and charitable objects, let the League put up a cup for competition in Baseball between St. Bonaventure's, Bishop Field and the Methodist Colleges. Let members of teams in the Baseball League who are ex-members of those colleges take a few afternoons off and go down, add, explain the game to the boys and show them how to play it and, in a couple of years, we warrant, there will be as much interest and excitement displayed in the Inter-Collegiate Baseball fixtures as there is to-day in the Hockey fixtures, while the result will be the building up of character and muscle which cannot fail to be of ultimate value to this Newfoundland of ours.

Obituary.
GEORGE VEITCH.
Mr. George Veitch, an old standard and respected resident of Holyrood, and the victim of the recent sad accident here, died on Thursday evening last. The deceased who was deaf and had reached the advanced age of 83 years was walking very briskly to Mass on Sunday morning when he was unavoidably struck and knocked down by Mr. L. O'Rourke's runaway horse. He was picked up seriously wounded and brought back to his home. Rev. Father Finn was quickly summoned to his couch and after his ministrations and all through the day he seemed to recover from the shock and the effects of the accident somewhat. But at night a decided change for the worse set in, and Mr. Finn was again called who seeing the danger impending, the sufferer for his journey to the other world. After this he lapsed into a state of unconsciousness from which he never recovered. His brother, the Right Rev. Mons. Veitch, was called from Conception "on Monday morning, but his services being engaged in farming and hostelry and for quite a number of years occupied positions of public trust and responsibility. Intelligent and full of reminiscences, he was chatty and conversant on topics almost 70 years back, and his sudden and sad taking off removes one of the old leaders and landmarks of Holyrood. His funeral which took place on Saturday morning last and which was a very large one was conducted by Undertaker Dunphy. The Star of the Sea Association of Holyrood of which he was one of the oldest members, assisted in professional order at the funeral obsequies. At the church six priests officiated at the High Mass and Office for the eternal repose of his soul. The Very Rev. Dean O'Rourke, brother-in-law of the deceased, was the Celebrant of the Mass; Rev. J. Kavanagh, Deacon; Rev. A. Nolan, Sub-Deacon; Rev. W. P. Finn, Master of Ceremonies; and Right Rev. Mgr. Veitch and Rev. R. M. Shean were seated within the Sanctuary. The last blessing at the catafalque was given by Right Rev. Mgr. Veitch and the final prayers at the graveside were recited by Revs. Mgr. Veitch and Fr. Nolan, and the remains enclosed in a handsome casket beautifully adorned with floral wreaths were interred in the family plot beside those of his late wife, Mrs. Ann Veitch. The deceased leaves two sons: John, Supt. Western Union Cable Co., New York; William, at the old homestead; and two daughters: Mrs. Capt. Lewis and Mrs. J. T. Kennedy to all of whom we offer our sincere sympathy in their sad bereavement and pray Almighty God have mercy on the soul of our friend and brother member.—Com.

Duckworth Street and Military Road.

The Buddy Boot.
Capt. Morgan Hendregan, of Samuel Harris, Ltd., Grand Bank, needs no introduction to either banking masters or banking crews. When he makes a statement, they may depend upon its being absolute fact. When he highly recommends the Buddy Boot to fishermen, they understand he knows from experience that the Buddy Boot is the kind that they have always been looking for, and the kind that will ensure the greatest amount of satisfaction.—aug21s.w.t.f

Historic Grain Ship.
IS SOLD FOR HALF MILLION DOLLARS.
The Norwegian steamer Lyngfjord, which made history here, finished getting her grain cargo aboard at Shea & Co.'s wharf yesterday afternoon and after receiving her customs clearance sailed out of this harbour bound for a Swedish port. As will be remembered the Lyngfjord ran ashore near St. Pierre while bound from a Canadian port to Norway with a load of grain. Subsequently she was refloated, having sustained considerable damage and was towed to this port by the S. S. Portia. She was then dry docked, after having all her cargo taken out, and extensive repairs made to her.

We learn from a reliable source that from the time the ship struck the land until her departure yesterday, her expenses were roundly one hundred thousand dollars.

We understand that the Lyngfjord, a 5,000 ton ship and owned by a Norwegian firm when she arrived here, will change hands on reaching her destination on the other side. The purchase price paid by the new owners is said to be one hundred thousand pounds sterling or roughly a half million dollars. Deducting from that amount the recent expenses, the former owners consider themselves well paid with the remaining four hundred thousand dollars for their ship.

STAFFORD'S LINIMENT USED BY PHYSICIANS.

AT THE CRESCENT.
Go to the Crescent Picture Palace to-day and see the grand variety picture programme, educational, drama and comedy. G. M. Anderson is presented in "The Man in Him," a strong social drama in two reels, Mae Marsh and Lionel Barrymore in "Fate." The world's greatest news film, "The Selig Trilling," "Prospect Pond Life," an Edison laboratory picture; and a sky-hitting comedy "The Sufferin' Baby," with Bob Walker and a bunch of Edison comedians. A new musical programme has been arranged for this show, don't miss it. On Monday a three reel Broadway star feature: "From Out of the Past," presenting all the Vitagraph stars.

Stafford's Liniment cures Rheumatism, Lumbago, Neuralgia and all Aches and Pains. For sale everywhere.—jly22,t
