Try Making Your Own Cough Remedy

If you combined the curative properting every known "neady-made" cough remody, you would hardly have in them all the curative power that lies in this simple "home-made" cough syrup which lakes only a few minutes to prepare.

Get from any druggist 2½ ounces of Pinex (50 cents worth), pour it into a 16-oz. bottle and fill the bottle with plain granulated sugar syrup. The total cost is about 55 cents and gives you 16 ounces of really better cough syrup than you could buy ready-made for \$2.50. Tastes pleasant and never spoils.

made for \$2.50. Tastes pleasant and never spoils.

This Pinex and sugar syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the masty throat tickle and heals the sore, irritated membranes that line the throat, chest and bronchial tubes, so gently and easily that it is really astonishing. A day's use will be sully overcome the ordinary cough and for bronchitis, croup, whooping cough and bronchial asthma, it is splendid.

Pinex is a most valuable concentrated compound of genuine Norway pine extract and has been used for generations to break up severe coughs.

"Oh, why don't you go?" she sobbed

With a long-drawn sigh, the troubled spirit took its last flight, and poor, simple Polly lay dead.
