Sugar Jobbing.

(From the Toronto Globe.)
The story of two cars of sugar as unfolded before the Board of Commerce at Ottawa recently is one of misdirected enterprise at the expense of the consumers.
The lot was sold by the refiners at \$19.98 per hundredweight to a Montreal buyer, who had no desire to consume it himself. He turned it over to dealers at Magog, Que., and they disposed of it to a Montrealer, who had, like themselves, only a speculative interest in sugar. The Montrealer No. 2 resold it to an Ottawa wholesale firm, who charged some retail grocers 27 cents a pound. The retailers sold it to consumers at 30 cents a pound. Thus the sugar passed through five stages between the factory and the home, the price rising with each change of hands. Whether in following these transactions the two cars took a side-trip from Montreal to Magog, or remained in Montreal until their final destination was decided by the energetic middleman, the despatches do not say. The Acting Chairman of the Board of Commerce used somewhat vigorous language in characterizing this roundabout way of doing business. He announced that the scope of the inquiry would be widened. The public has a right to know whether this case is exceptional, or whether it is a usual or frequent practise to erect five tollgates between the producer and the ultimate consumer. Apparently there is a field of usefulness for the Board of Commerce, despite the attacks upon it from many quarters. The mere fact that there is official machinery for giving publicity to trade abuses is noncorrective.

Yorkshire and Surrey

WIN IN CRICKET SERIES.
London, June 4.—Yorkshire completely outplayed Gloucestershire Tuesday, winning by an innings and 55 runs. The scores were: Yorkshire, 229; Gloucestershire, 60 and 114. For the winners, Waddington took nine wickets for 80 runs.
A high average of run getting marked the Essex-Surrey match, the totals being: Essex, 243 and 238; Surrey, 333 and 156 for six wickets. Surrey won by four wickets. Rev. Gillingham, a London clergyman, made 95 for Essex.
In the Notts-Middlesex match rain prevented play for one whole day, but the match was finished when Notts scored 213 and 144 for seven wickets and declared. Middlesex scored 98 and 109, and Notts won by 151.
Rain caused much delay also in the Kent-Leicestershire, Lancashire-Sussex, and Northamptonshire-Warwickshire matches. Kent, however, beat Leicestershire by 164 and Lancashire defeated Sussex by ten wickets. Warwickshire 181 and 263, beat Northamptonshire 137 and 69 by 269 runs. Warwickshire five wickets for 24 for Warwick and Cook's six wickets for 20 for Lancashire, were the best bowling performances in the present matches.

A Trick Cow.

A trick cow, one that does all the stunts of a well-trained dog or horse, with a few added accomplishments, is the latest addition to the many wonders of Southern California. Douglas Fairbanks is the proud owner of the cow, and the manner in which the animal performs is attributed to the untiring efforts of her owner. The uniqueness of this particular cow which has been trained to toss her tail up and down, and not from side to side like an ordinary dairy specimen, was brought about through a wager between the screen star and his brother John, the latter claiming about a year ago that he had never seen nor heard of a cow capable of enough intelligence to do tricks. Douglas immediately secured the cow, and since that time has been secretly teaching her what she knows. Not alone does the beast astonish with her tricks, but she also laughs plainly, and even goes so far as to try to speak. The athletic star says that there is not another cow like her in the world, and adds: "The most peculiar thing about my cow is that she does not give milk. You have to take it from her."

Launched at Liverpool.

LIVERPOOL, N.S., June 5.—There was launched from the shipyard of the Nova Scotia Shipbuilding and Transportation Co., Ltd., this morning, a tern schooner built by J. S. Gardner, master builder, for the above firm. Her dimensions are: Length, 136 ft.; breadth, 25 ft.; depth of hold, 11 ft. This craft is for the firm of J. and F. Moore, St. John's, Nfld., and is named the Olive Moore, after one of the daughters of the member of the firm.
Construction is going on upon another vessel of the same dimensions for the same people, the name of which will be Isabel Moore.
