What is Your Verdict !

Is it not safe to assume that the Ford Motor Company of Canada, Limited, who manufacture in their own huge perfectly equipped plant practically every part of the Ford car, are the people best qualified to make replacement parts at the lowest price compatible with the high quality which must be maintained?

Manufacturers of spurious parts, operating as they do on a small scale with limited capital and inadequate equipment, cannot possibly make parts of the same quality or accuracy at anywhere near the low price you have to pay for Genuine Ford Parts. Yet you are asked to believe that these spurious parts not only equal Genuine Ford Parts in quality but can be produced to sell for less!

We rest our case here. The verdict we leave to you.
