Peculiar

To itself in many important particulars, Hood's garasparilia is different from and superior to any other medicine.

Peculiar in combination, proportion and preparation of ingredients, Hood's Sarsaparilia possesses the full curative value of the best known remains of the vegetable kingdom.

Peculiar in its medicinal merit, Hood's Sarsaparilia accomplishes cures in thereto unknown.

Peculiar in its rength and economy — Hood's Sarsaparilia is it e only medicine of which can truly bestle, "Bod doses one dollar." Medicines in larger and smaller bottles require larger doses, and do not produce as good results as Hood's Sarsaparilla. Peculiar in its "good name at home" — there is more of Hood's Sarsaparilla/sold in Lowell, where it is made, than of all other blood purifiers.

Peculiar in its phenomenal record of sales abroad, no other preparation has ever attained such popularity in so short a time. Do not be indeed to take any other preparation. Besuretoget

The American Association season has closed, the table standing:

John I. Rogers figures the loss of the pat season in the two big leagues at about \$500,000—\$500,000 for the Players' League and \$200,000 for the National League.

The season of the Northwestern Baseball League closed Sunday. The standing of the lour clubs in the league is as follows: Spokane Falls, Tacoma, Seattle, Portland. John M. Ward will have charge of and play shortstop for the Cincumati team next season. Al. Johnson will probably be chief owner and business controller of the club. One of the two applications for membership in the League from Cincinnati was that of the Cincinnati Street Railway Company, which owns the old Union Association grounds and controls all the street railroad lines in that city. The company's property is estimated at \$2,000,000.

The Boston Globe has made out a table son,000—\$300,000 for the Players League and \$200,000 for the National League.

The season of the Northwestern Baseball League closed Sunday. The standing of the low clubs in the league is as tollows: Spekane Falls, Tacoma, Seattle, Portland. John M. The Boston Globe has made out a table of the attendance of spectators at the games of the National and Players' Leagues for the season just closed. The average daily attendance at the 532 games of the Players' League was 1,843, and at the 640 games of the National League 1,500. In Brooklyn and Philadelphia the old league led, but in all the other cities in which the two organizations conflicted, the Players' League had the best of it. In 1889, when there was no Players' League, the National League drew an average daily assemblage of 2,557.

THE TRIGGER.

Thursday afternoon a picked team of six sharpshooters of the Detroit Light Infantry will meet a team of the Twenty-first Fusi-

oid, \$30,200.

A matched race for \$50 a side took place on the track at Strathroy Tuesday between Charlie Stuart, owned by W. Armstrong, of Kerwood, and Cleveland, owned by D. Roche, of Watford. Some 400 people were present, and much interest was taken in the rac. Cleveland won in three straight heat, best 3 in 5, half-mile heats. A length, half a head and half a length was all that separated them on each heat. Time, 544; 55, 55. Another race is being arranged for \$100 a side, to come off at the same place on Tuesday, Oct. 28.

Extraordinary Memory.

Lipsius made this offer to a German prince: "Sit here with a poniard, and if in repeating Tacitus from beginning to end I miss a single word, stab me. I will freely bare my breast for yan to strike." Instances of extraordinary memory are often found among the users of Diamond Dyes. Some ladies who have used these dyes for years can, without the aid of the "Diamond Dye" book, a titled "Reliable Home Dyeing," or even read in directions on each package of dyes, mit up and prepare any of the many beautiful lors that may be required. Of course this requires not only memory, but practice as well. All colors of Diamond Dyes are so uniform in power and quality that at the present time dyeing with them is quite a simple operation.

Ladies are often inclined to give up home dyeing owing to bad failures; this is because inferior dyes are used, put up to look like Diamond Dyes. No failure, ladies, when the genuine Diamond Dyes are used; comfort, pleasure and success is the result.

Sing a song of sixpence, The price of "Diamond Dyes;" The fairest of all colors, That please the ladies' eyes; They happy make each mother, Each wife and daughter true; And all tell one another, What "Diamond Dyes" can do So sing a song of sixpence For what these dyes have done, In giving glorious colors, That hold in rain or sun.

His Leg Cut Off.

HAMILTON, Oct. 15.—Thomas Laing, while attempting to board the west-bound express yesterday afternoon at the Stuart street station, slipped and fell on the track. The wheels of the car went over his left leg, cutting it off at the ankle. Laing was formerly an employe of the G. T. R. Company, but now lives in the West. He was on his way to California at the time of the accident. He was taken to the hospital.

Sarnia Assizes. His Leg Cut Off.

SARNIA, Oct. 15.—At the Assizes.

SARNIA, Oct. 15.—At the Assizes yesterday a judgment for \$1,300 was taken by Abram Hodson against Peter and Duncan Dewar. The libel case of the Queen vs. Donnelly was postponed on terms to next assizes, owing to the private prosecutor not being ready with counsel. Joseph Reed was tried on a charge of setting fire to the dwelling of Alexander MacCrae, a carpenter in Sombra township, and was acquitted. Reed is a farmer living in the same township. This closed the business of the Assizes.

Indigestion

Is not only a distressing complaint, of itself, but, by causing the blood to become depraved and the system enfeebled, is the parent of innumerable maladies. That Ayer's Sarsaparilla is the best cure for Indigestion, even when complicated with Liver Complaint, is proved by the following testimony from Mrs. Joseph Lake, of Brockway Centre, Mich.:—

"Liver complaint and indigestion made my life a burden and came near ending my existence. For more than four years I suffered untold agony, was reduced almost to a skeleton, and hardly had strength to drag myself adon, and only the most delicate could be digested at all. Within the time mentioned several physicians treated me without giving relief. Nothing that I took seemed to do any permanent good until I commenced the use of Ayer's Sarsaparilla, which has produced wonderful results. Soon after commencing to take the Sarsaparilla I could see an improvement in my condition. My appetite began to return and with it came the ability to digest all the food taken, my strength improved each day, and after a few months of faithful attention to your directions. I found myself a well woman, able to attend to all household duties. The medicine has given me a new lease of life."
