BEERHOLM'S REPORT BY CABLE.

London, May 8.

Business failures reported to Bradstreet's

number 123 in the United States this week,

against 174 last week, and 151 this week last

year. Canada had 23 this week, against 38

last week, and 21 this week last year. The

United States had 1,178 this week, against

1,186 last week, and 1,186 this week last year.

The changes in the New York associated

bank statement were unimportant last week.

There was a small decrease in specie, which

deposits increased \$72,000. The reserve de-

creased \$20,000, and the surplus reserve is now

\$4,125,750, as compared with \$3,912,250 at

corresponding date of last year and \$18,089,075

in 1888.

Business Outlook Across the Border.

New York, May 5.—Special telegrams to

Bradstreet's indicate much the same condi-

tion in general as last week. Trade circles

as far as the week ago. There is some improve-

ment in the outlook. Dry goods at the East are

in fair demand. Wool is in fair demand,

prices stronger. Cattle have advanced in price

at western centers some 20c per cwt., while

hogs have declined half as much. Exports of

wheat, both coast and foreign, are at a low

level. The total exports of wheat for the

last week, 1,207,048 bushels, against 1,222,000

bushels in the week ending May 2, 1900, and

1,042,048 bushels, against 1,042,048 bushels in

a like portion of 1888-89.
