

AMERICAN WARSHIPS REPORTED ON WAY TO THE AEGEAN SEA

Ambassador Considers This a
Reason for Appeal.

APPEAL TO THE STATES

Greek Royalists Ask Washing-
ton To Intervene in Their
Behalf.

PARIS, Oct. 18.—Via London.—A French marine patrol last evening arrested at the point of the bayonet seven youths who were hooting the Entente powers. A huge crowd gathered for the purpose of rescuing them. The Greek military commander in Athens called out troops, who charged and dispersed the crowd. Greek patrols were immediately placed in various districts to control any attempts at anti-Entente manifestations.

The French admiral in command informed the premier that he would call at the ministry in the morning, although it is thought possible that as a result of the British minister's audience with King Constantine the French troops may be withdrawn on a pledge that the Greeks maintain order.

Orders Demonstrations Cease.
It is known that the king has given command that anti-Entente demonstrations must cease, as the very existence of Greece is at stake. It is difficult to say, however, whether, in the present state of public opinion over the presence of marines of the foreign powers at Athens and Piræus, even the king's orders will be obeyed by the excited populace.

After the demonstration here against the Entente Allies, during which a procession of several thousand persons marched to the American legation and protested against the landing of French marines, a delegation of six persons called at the American legation and presented resolutions asking the sympathy and protection of the United States against the encroachments of the Entente powers.

Petition to Washington.
The text of the resolution presented to the United States minister, in part, follows:

"The Greek citizen has decided to remain neutral because he does not think it to his interest to participate in the European war, and on this account he had become the victim of coercion by the rival groups engaged in the struggle. During the year past the rival groups gradually abolished all the functions of the Greek state, and now one of the groups even occupies our capital.

"We are aware the American people always have fought for liberty and therefore appeal to their powerful influence to avert the subjugation of those who desire only to remain free."

American Fleet Going.
The American minister said that he would forward to Washington the petition for protection of Greece from the pressure of the Entente. He expressed the opinion that the demonstration and appeal to America were due to the reports of the coming of an American fleet.

The action of King Constantine yesterday morning in dismissing all guards during his address to the Greek sailors, and in riding alone and unprotected through the crowd pressing about him, and touching the sovereign and his horse, appeared to inspire the almost fanatical devotion of the populace. In addition to this, the events of yesterday evening, including the seizure of three Greek battleships, which is not yet known generally, present possibilities of trouble. The city is being policed by Greek cavalry.

Constantine Shows His Sympathies Are With the Germans

PARIS, Oct. 18.—The French press is deeply impressed by King Constantine's order of the day to the crews of the Greek battleships taken over by the Allies. The Marlin says: "King Constantine in a public speech affirms his antipathy to the Entente. We must look the fact in the face and not allow ourselves to be deceived. Constantine is the friend of the enemy."

The Petit Parisien says: "All doubt is at an end. The king of Greece is against the Entente. The order of the day which the king caused to be read in his presence to officers and men of the Hellenic navy expresses his intimate thoughts, his hostility to our cause and the tenacity of his sympathies for our adversaries."

FLOUR AT CHICAGO HIGHEST IN 20 YEARS

Another Increase in Price of Bread
Is Expected.

[Canadian Press.]
Chicago, Ill., Oct. 18.—The public is confronted with another increase in the price of bread, if wheat continues to advance, according to predictions today of leading bakers.

The 10c jump in the price of wheat in the last two days sent flour up 75c a barrel, which caused the big bakers to announce that in addition to the recent increases in the price of bread, they would have to make further advances unless something unforeseen lowers the price of flour. Bakers paid \$3.50 a barrel wholesale for flour yesterday, the highest price in Chicago in twenty years.

"Unless an embargo on the export of flour and wheat is declared," said Paul Schultze, a prominent baker, "there will be a wheat famine before spring. Even as the situation is now, small millers are shutting down their plants and filling their orders by buying from the Minneapolis mills."

MARINE DAMAGE HEAVY BY SOUTHERN HURRICANE

Dozen Craft of Various Kinds Suffer
By Great Storm.

[Canadian Press.]
Mobile, Ala., Oct. 18.—Southern Alabama and Western Florida were recovering today from the hurricane which swept out of the gulf across this coast yesterday, causing two deaths and property and marine loss. Although the wind attained a greater velocity than that which accompanied the storm of last July, both Mobile and Pensacola, the chief cities in the hurricane's path, suffered far less damage. The total loss in the two cities probably will not exceed \$100,000. The chief damage here was to railroad sheds and terminals, and to telephone, telegraph and light and power wires. Train service from Pensacola to Jacksonville will be suspended for a week.

Marine damage was heavy, both in this harbor and at the Florida port. Two small vessels here sank, while others were driven ashore. In addition a number of small craft were destroyed. At Pensacola one steamer went down, another is missing, with the fate of the crew undetermined.

Capture Sailly - Saillisel and
Ridges to the North.

BRITISH ALSO MAKE A GAIN

Extend Front at Two Points
On the Way to
Bapaume.

PARIS, Oct. 18.—Via London.—The French have captured the entire village of Sailly-Saillisel, on the Bapaume-Peronne road, as well as the ridges on the northeast and northwest, and have also carried the German first-line trenches on a considerable front a mile and a quarter west of Peronne.

Official Report.
The official communication issued by the war office tonight reads:

"North of the Somme we completed the conquest of the village of Sailly-Saillisel, and drove the enemy from the ridges northwest and northeast of the village.

"South of the Somme the first German line was carried with a rush on the whole front between La Maisonnette and Biaches (west of Peronne).

"In these two attacks we took 250 prisoners, including five officers, and also several machine guns.

"On the remainder of the front the usual artillery actions occurred.

"Despite misty weather our aviators were active throughout Tuesday. Three enemy aeroplanes were brought down on the Somme front—one near Aizecourt, a second west of Bouchavesnes, and the third between Roquigny and Le Transloy. The last mentioned was brought down by Lieut. Heurieux, bringing his total to nine.

"One of our aviators, attacked by three fighters between Roy and Lassigny, drove down one of his adversaries, and put the other two to flight."

German Attack.
The official report issued this afternoon contained the following:

"South of the Somme the Germans about 5 o'clock this morning attacked one of our trenches east of Berny-en-Santerre. Some enemy fractions of the first wave succeeded in penetrating our advanced elements. Immediately counter-attacked by our troops, the occupants were killed or captured. The following waves were caught under our barrage fire and were compelled to flow back in disorder, leaving a number of dead on the ground.

"South of the Avre our reconnaissance force penetrated enemy trenches in the Presmeries district and brought back prisoners.

"Southeast of Rheims another coup de main carried out in the Fort de la Pompe sector was perfectly successful."

BRITISH MAKE GAIN

"An attack this morning extended our front north of Gueudecourt and towards Butte de Warlencourt. So far, over 150 prisoners have been captured.

"Yesterday, besides many reconnaissances, our aeroplanes carried out three bombing raids against enemy communications, in which railway stock and station buildings were damaged. A train was hit and derailed.

"There were many fights in the air, in the course of which four enemy machines were driven down damaged; one fell into a lake. Four of our machines have not returned."

statement says the French have forced their way into Sailly-Saillisel, where fighting is still in progress. The announcement follows:
"Group of Prince Rupprecht: The artillery fighting attained considerable intensity over wide sectors, especially north of the Somme. During the evening the British attacked between Le Sars and Gueudecourt, and the French from Les Boeufs as far as Rancourt. On both sides at Baucourt l'Abbaye

our destructive fire, brought to bear upon the enemy's storming trenches, reduced the attack at the onset to failure. Near Gueudecourt stubborn hand-to-hand fighting developed, during which our positions were held in their entirety.
"French troops which advanced to the attack from the region of Morval and Rancourt were repulsed after a hard fight. The enemy has forced his way into Sailly-Saillisel and fighting

there is still going on.
"Adjacent to the principal place of attack near Thiéval, Courcellette and Bouchavesnes, attacks made by the enemy failed to gain any success for him.
"Five enemy aeroplanes were brought down in the course of aerial fighting.
"Army Group of the German Crown Prince: On the eastern bank of the Meuse (Verdun front) there was lively artillery fighting."

BISHOPS DENY WOMEN SAME RIGHTS AS MEN

Proposals Introduced at Anglican Convention Defeated.

ST. LOUIS, Oct. 18.—Women were denied equal rights with men in two actions taken today by the House of Bishops of the Protestant Episcopal

general convention in session here. A proposal to permit women to sit as delegates in the general convention was rejected, while a request from the Right Rev. Logan H. Root, Bishop of Hankow, to be allowed to permit women to membership in his advisory council was denied. The House suggested to the Bishop of Hankow, it was stated, that he might create an auxiliary council of women.
